ADMIT GERMANY TO LEAGUE OF NATIONS

Germany Given League Seat By Unanimous Vote

Thunderous Applause Greets Each Vote Of Delegates Gathered At Geneva

AWAIT ARRIVAL OF GERMAN DELEGATES

Opposition To Germany's Entrance Into League Soon Disappears

By S. DUNBAR WEYER
International News Service Staff Correspondent

GENEVA, Sept. 8.—Germany was received back into the councils of the nations today.

The League of Nations assembly, in an enthusiastic session, unanimously voted for the admission of Germany as a member.

At the same time the league surmounted a crisis when it disposed of the difficult problem of re-organization of the league council by voting a permanent seat to Germany and increasing of the number of non-permanent seats from six to nine.

The vote was taken by rollcall and as each delegate answered in the affirmative there was thunderous applause.

Opposition Seen.

During the early part of the morning session there had been some opposition to the linking of the question of Germany's entrance into the league and the reorganization of the league council but this opposition dissolved as by magic when the issue came to a vote.

Only one cloud hung over the proceedings and that was the threat of withdrawal by Spain in protest

Elect Kirker New Physical Director To Local Y.M.C.A.

Succeeds Harry Day In Important Post At Local Association

John Leonard Is Named To Fill Kirker's Place As Social Secretary

Walter Kirker, for the past several years social and employment secretary of the New Castle Y. M. C. A. has been elected to the position of physical director to succeed Harry Day who resigned August 1, it was announced by General Secretary Robert L. Meermans this morning.

The selection of Kirker to fill the important executive position with the local association has the unanimous approval of the board of directors and will undoubtedly find favor with the membership and the city at large.

Kirker is a well known athlete, being a semi-pro baseball pitcher of considerable note and a star basketball player as well as excelling in calesthenics and gymnasium sports. Since entering Y. M. C. A. work he has proven to be a capable official well equipped to handle the exacting duties of the office. He will enter upon the full performance of

Democrats Plan Fight To Oppose Vare And Smith

(International News Service)

WASHINGTON, Sept. 8.—The democrats are to lose no time in challenging the right of Wm. S. Vare of Pennsylvania, and Col. Frank L. Smith of Illinois, to sit as members of the Senate following their expected elections in November.

This was made certain today by the announcement of Senator Ashurst (D) of Arizona, that he will challenge their right even to take the oath of office, thus the fight to unseat Vare and Smith will begin on the opening day of the seventh congress.

Creates Surprise

Ashurst's announcement occasioned considerable surprise, as heretofore in such cases the senators involved have been permitted to take the oath pending an investigation by committee.

"I shall object on the ground that their elections were procured through fraud and thus are invalid from the outset," said Ashurst. "I do not believe that either man will be seated. I do not believe a majority of the senate will ever go on record to seat senators for whom any such sums were spent."

Nearly 10,300 Pupils Enroll On First Day

Attendance figures compiled in the office of Superintendent C. C. Green show that 10,272 pupils were enrolled in the schools of this city on Tuesday, September 7, the opening of school.

The attendance is divided as follows: Kindergarten, 162;. elementary, schools up to and including sixth grade, 7,327; junior high schools, 3,945; senior high school, 1,304. This total does not include the continuation school which will probably number 50 more.

The figures for the first day represent a net increase over the figures for the first day of last term of 216.

More will probably enroll today and for the next two weeks the attendance will probably have an upward swing.

TRAFFIC VIOLATION

J. W. Miller, charged with violation of the traffic regulations of the city while driving on Wilmington avenue, paid a fine of $5, when he appeared at the police station. He was ordered in by Motorcycle Officer Criswell.

BLAINE IS WET; OPPOSES COURT

Primary Results In Other States On Voting On Tuesday Show Surprises

(International News Service)

MADISON, Wis., Sept. 8.—Riding on the crest of Wisconsin's flood tide of anti-prohibition sentiment, Gov. John J. Blaine, "wet" and anti-world court senatorial candidate, apparently was being swept to victory today.

Returns from yesterday's primary, compiled up to 10 o'clock today, gave Blaine a lead of almost 15,000 over Senator Irvin L. Lenroot, who made his campaign issues adherence to the court and rigid enforcement of prohibition.

Prohibition and the world court were the outstanding issues. Lenroot favors the world court and enforcement of prohibition, whereas

Section Of Erie Rocked By Blast

Two Suspects Under Arrest As Result Of Mysterious Explosion

(International News Service)

ERIE, Pa., Sept. 8.—An explosion that rocked buildings for blocks in every direction, broke windows in over twenty homes and hurled people from their beds occurred near Seventeenth and Walnut streets, just off the edge of the Italian district, early today. Following the explosion one store was destroyed by fire and a garage was badly damaged.

Within a few minutes after the explosion the streets in the vicinity were packed with people. Residents of the Italian section, fearing a blackhand outrage, rushed from their homes and police reserves had to clear the streets before the fire department could reach the scene of the fire.

Two suspicious characters who were seen leaving the vicinity of the explosion were arrested. They gave their names as Lawrence Defone and Carl Dominick. Police are holding them for investigation.

Mitchell Named Post Commander

(International News Service)

WASHINGTON, Sept. 8.—Col. Wm. Mitchell was a post commander in the American legion today.

The former assistant chief of the army air service was elected commander of the Costello post here last night, and his friends asserted it marked the first step in a campaign that they hope will place him the head of the legion in a few years.

Open Bids For Plumbing, Heating And Wiring Hotel

Excellent Bids For Work On The Castleton Are Received

BELOW ESTIMATE MADE FOR WORK

New Castle Firms Will Be Awarded Contracts, It Is Indicated

Bids for the plumbing and heating and electric wiring of The Castleton were opened today by the building committee. While the contracts were not awarded, the bids received show that two New Castle firms are low and will undoubtedly get the job when a board of directors meeting is held. All of the low bids were below the estimated cost, by some thousands.

The lowest bids submitted today totalled about $21,000 lower than the estimate made for this work.

R. T. Withers Sons company had the low bid on the plumbing and heating of the new hotel. Their plumbing bid amounts to $51,532 and their heating bid $33,180, a total of $84,712. The Marvin Electric company is low for the wiring of the building with a bid of $17,985.

The German delegation is headed by Foreign Minister Stresemann and Ministers Von Schubert and Gauss.

The German delegation is expected to leave for Geneva tonight.

"Most Beautiful Girl In France" Wins Trip To American Shores

Miss Jacqueline Schalley.

By Central Press.

PARIS, Sept. 8.—"Evidently they prefer blondes," exclaimed pretty 17 year old Jacqueline Schalley when it was announced that a jury of American British and French artists had voted her the prettiest woman in all France.

The election took place a few days ago in the presence of at least 1,000 people who had paid $10 apiece for the privilege of seeing the candidates pass before the jury.

The crowd of on-lookers as well as the judges were dazzled by Mlle. Schalley's blonde loveliness. She announced afterward that she was very much surprised by the decision and that she is really quite plain, in comparison with her elder sister at home in Rouen.

The new beauty queen has danced for two years at the Folies Bergere where she began her career as a Naiad in the stage tank. Then she learned to dance and became a star of minor magnitude.

The prize for being France's prettiest girl is a visit to the United States and a five-year contract with an American movie company.

East Side Lad Falls 20 Feet From Building

James Cypher Jr., 20 Months Old, Victim Of Fatal Accident Today

LITTLE LAD GETS ON ROOF UNNOTICED

Runs To Edge And Is Unable To Check His Fall To Ground Below

Falling more than 20 feet from the roof of a building at 460 East Washington street about nine o'clock this morning, James Cypher Jr., 20-months'-old son of Mr. and Mrs. James Cypher, was instantly killed.

S. R. McCormick and Carl McCreary, who were sitting by a barn near the rear of the building, were eye-witnesses of the accident. However, they did not see the child until he stumbled over the edge of the roof and fell headlong. Dr. C. B. Hunt was immediately summoned. He found that the child's skull was fractured.

The building from which the child fell is a large one, being used as an automobile salesroom and garage on the first floor. There

Indicates Divorce Will Be Harder To Secure In County

Remarks Of County Court Indicate Tightening Of Divorce Plan Here

Too Many Divorces In Lawrence County, Judge Hildebrand Believes

Lawrence County's divorce evil came in for comment this morning from Judge R. Lawrence Hildebrand, and from the tenure of his remarks it was apparent that the court is not satisfied with the record number of divorce cases being presented here.

While there was no promise made of what would be done, there seemed to be a hint of the possibility of open hearings for divorce cases here, and a curtailing of leading questions by attorneys for libellants in divorce. Judge Hildebrand believes that the witness should tell the facts in the case, without prompting and without leading questions being put by the attorneys.

Commonwealth Has Interest

In the opinion of the court, there is no reason to grant a divorce solely because the libel is not answered, nor because the respondent does not appear to contest. The commonwealth is an interested party in all divorces and unless good reasons are advanced, the divorce should not be granted merely because the libellant is the only person appearing.

While the court heard a number of reports on divorces this morning, he had before him a governmental report on the divorce situation in

New Gospel Of Beauty Being Written At Annual Atlantic City Contest

By SONIA LEE
International News Service Staff Correspondent

ATLANTIC CITY, Sept. 8.—A new gospel of beauty was being written here today at the annual pageant of comeliness, where feminine charm is put under the microscope of critical eyes.

It is distinctly dedicated by the jury of judges—artists, writers, illustrators—to the youth of the land.

The flapper with her latch key, her pert mannerisms and aggressive self-reliance, will not reign as Miss America.

The home girl, evidencing womanliness, poise and statbility, yet not lacking in the essential qualities of face and figure, will be victorious.

American Girlhood

Something less than the official 73 American beauties, representing their individual communities, are grathered here for this week of pirouetting, posturing and incessant smiling. The natural percentage of blondes, a couple of redheads and a preponderance of dark-haired girls; bobbed and unbobbed; bulky and well formed; tall and small; slim and plump—they are a cross section of American girlhood.

Here and there is marked one with sophistication or one who has been taught the graces of display. Others are keenly conscious of their place in the store window—and show it with slight, nervous gestures.

And out of this the judges are charged with selecting the premier American girl.

No Nasty Little Flapper

"It won't be a nasty little flapper", explained William G. Krieghoff, the painter. "It will be a girl of balance and mentality who has ambitions to marry and have a flock of kids. Wouldn't it be a tragedy if we picked as the model of beauty a flighty little thing with not much heart and less brains, who, as soon as she opened her mouth, put her foot in it?

"We judges want to set an example of the healthy, vigorous girl, physically and mentally, as the ideal girl. Mere physical beauty is not enough—if it was this would be nothing but a leg show. There are many beautiful girls here who will bow to a less handsome one because they lack the brains to etch character into their faces.

"We have an important mission to perform here—we give the boys of the country a measuring stick of beauty worthy their allegiance and admiration.

Here She Is

"The slatlike boyish girl is not beautiful. I personally prefer the brunette type with classic features—a good nose with delicate nostrils. Incidentally ,there are few really good noses. Beauty is not necessarily interpreted by the clinging vine type—but it must assuredly be interpreted by a girl who stays in her sex. She must be a girl of poise and principle, not a cheap, common youngster, packing her hipflask."

A morning rehearsal in bathing suits for tomorrow's review, the observing of the baby parade in the afternoon, and the American beauty ball at the million-dollar pier at night marked the second day's program of the entrants.

Thursday and Friday will be the important days. The private judging of the girls, the marine review and the bathers' revue are scheduled for Thursday. That night the most beautiful girl in evening dress will be awarded a silver loving cup. On Friday the national judging, the rolling chair parade, the awarding of prizes and the report of the judges will be climaxed with the crowning at night of "Miss America" of 1926.

Last night came the first inspection of the girls, when they were individually introduced at the dinner at the Gateway Casino. Miss Baltimore, Mildred Adam, a shining dimpled lady in green; Miss Chicago, Mae Green, in white; Miss Portland, Ore., Maxinne Jennings; Miss Detroit, Ruth Mae Fowler, and Aloaha Eugenia Porter of Venice, Miss California, were greeted with loud applause.

The old straw hat is beginning to show, the wear of the summer sun, and it won't be long till the skimmer of hay will be finished and through and done. Its served right well through the summer heat, this kelly of stubble and straw, and a week today it must seek the shelf, for this is Dame Fashion's law. Now it's worn and old, but it could hold out for a month or so at the best, but straws are out just a week today, and one who would be well dressed, will be stepping out in a hat of felt, at a cost say of seven scads, and who I ask doesn't want to be, one of the well dressed lads. So sing you an ode to your old straw hat, a week from now and it's done, and the roll gets nicked for a new felt hat, the weather is seventy-one.

AUTO MISHAPS ARE REPORTED

Five Accidents Of Minor Character Occur On Streets Here On Tuesday

Automobile accidents reported Tuesday to the police were five in number. One was reported this morning. None of the accidents were of a serious nature.

Benjamin Hartland, 451 East Long avenue, reported Tuesday that he was driving south on South Jefferson street at South street when he passed to the left of a Reick truck which he thought was parked. As he passed Officer Wysner, who was talking to the driver of the truck, ordered him to back up, which he did, and in doing so backed into another machine. Some damage was done.

Paul Burrows of 613 Oak street reported Tuesday that he was driving north on Jefferson street and turning around at Wallace avenue when his car collided with that of Mrs. Lenora McGaffic of 768 Arlington avenue. Some damage was done.

James Butera of West Pittsburgh reported Tuesday that he was driving east on East Washington street at Mercer street when his machine collided with a car bearing Pennsylvania license 999-065. Some damage was done.

R .L. Palen of 119 Patterson avenue reported Tuesday that while his machine was parked near the Day garage on South street the car of C .E. Lyttle, Mt. Pocono, Monroe county, Pa., ran into and damaged his machine.

A. Weisenberger of 115 South Jefferson street reported Tuesday that while driving into the Ford garage on Croton avenue the car of Mrs. Olive Polen ran into and damaged his machine.

Joseph Dukes of 518 Waldo street reported this morning that he was driving north on Mill street, near Phillips street, when street car No. 348 ran into and damaged his machine.

Town Talk

In a communication to The News, it is stated that Alfred Ware of 1012 Croton avenue is one of the claimants for the honor of growing the tallest sun flowers this year. In his flower garden are two stalks eight feet six inches tall and nine feet six inches tall. Two blooms measure 10x11 and 11x11 inches. Who's next to claim sunflower-growing honors this year?

Arrangements are being made for the annual reunion of the "Alley Rats" to be held at the fair grounds next week. For the benefit of those who do not know who the Alley Rats are it can be explained that they are a collection of congenial spirits who attended New Castle High school in classes graduating prior to 1910. Myron "Doc" Rice is one of the big gray rats who always takes big interest in the reunions while one of his white mice is Dr. Jack McConahy.

The original members are scattered far and wide now but a noble percentage of them always find their way back to New Castle for the the annual gathering. Such fellows as Clayton "Blackberry" Jones who is a steel mill superintendent in Duluth now always arrange their vacations to get here for the occasion. The program consists of a ball game in which much fighting and wrangling takes place, a lot of field and track events in which no completed official is ever allowed to officiate and a big feed. Most of the Alley Rats were star athletes in their day and the games are always hard fought.

School boys have already commenced direction of traffic and auto drivers should obey the "stop" and "go" signs of the boys who are doing their share toward "Safety First." The traffic squad has marked lanes for children to cross. Teachers of kindergarten lead their charges across the streets which is very much appreciated by parents.

It would have been a difficult task to locate an attorney, providing he practices in criminal law, in his office today. Most of them were at the courthouse to receive the returns from the grand jury. Before nine o'clock they could be seen trudging toward the "Hill.'

Although New Castle High has not yet commenced playing its grid season the "kid" elevens have already started. After school hours the teams line up and it is with difficulty that mothers can have their boys come to the supper table. The battles they are fighting on the lots now will better them for the fights they will wage for New Castle High later in their school careers.

BLAINE LEADS IN WISCONSIN OVER LENROOT

(Continued from Page One)

Blaine opposes the court and is a pronounced wet.

In the gubernatorial contest Fred R. Zimmerman, who broke with the LaFollette faction, was leading his nearest rival in a field of four candidates by approximately 15,000 votes.

Gov. Hunt Winner.

PHOENIX, Ariz., Sept. 8.—Gov. G. W. P. Hunt, running for nomination for governor on the Democratic ticket had apparently won the right today to represent his party for the sixth consecutive time.

Hunt, who campaigned on an anti-Boulder dam platform, on the basis of returns today will apparently pile up a majority over his two opponents for the nomination.

With 178 precincts tabulated from yesterday's primary, Hunt had 7,278, E. E. Ellinwood of Phoenix 3,863, J. J. Cox 3,857.

Approximately the same number of precincts showed E. S. Clark edging ahead of Thomas Maddock in the contest for the Republican gubernatorial nomination. Clark had 3,243, Maddock 2,351.

Senator Cameron was unopposed for the Republican senatorial nomination while Congressman Carl Hayden apparently had insured victory in the contest for the Democratic nomination.

Moses is Winner.

CONCORD, N. H., Sept. 8.—United States Senator George H. Moses, conspicuous opponent of the League of Nations and the world court, today stood as a winner by a 15,000 majority of the New Hampshire Republican senatorial renomination.

Returns from the Republican primary—261 out of 294 towns and wards gave:

Senator Moses, 32,859.

Former Governor Robert B. Bass, 15,492.

Judge James W. Emick, 869.

Bass, a son-in-law of Charles Sumner Bird, the ex-Bull Moose leader of Massachusetts, avowed friendliness toward the world court and charged that while Senator Moses voted for the Volstead act he was not a true "dry", that he was not an out-and-out Coolidge man and had voted against farm relief measures.

Robert M. Murchie of Concord won the Democratic senatorial nomination over Albert W. Noone of Peterborough.

Governor John G. Winant was defeated in the Republican primary by Huntley N. Spaulding. The vote of 261 towns and wards out of 294 gave:

Spaulding 27,050.

Winant, 23,683.

Nevada Results.

RENO, Nev., Sept. 8.—Senator Tasker L. Oddie today was practically assured of the nomination for United States senator on the Republican ticket. With approximately 85 per cent of the returns complete he was leading his opponent, Mayor E. E. Roberts of Reno by almost two to one.

The latest returns gave Oddie 7,060 votes to 3,635 for Roberts.

Raymond T. Baker, former director of mints and husband of the former Mrs. Alfred Vanderbilt, apparently had won the senatorial nomination on the Democratic ticket. Returns were tabulated as follows:

Baker, 4,031.
McCarran, 2,332.
McIntosh, 1,097.
Brennan, 620.

INDICATES DIVORCES WILL BE HARDER TO SECURE IN COUNTY

(Continued from Page One)

Pennsylvania. This report shows that Lawrence County is one of the worst counties in the state, in the number of divorces granted.

Judge Hildebrand called attention to the fact that while Beaver County has a population similar to Lawrence in its makeup, that Lawrence had about fifty per cent more divorces. Beaver County's population for the 1920 census is shown as 111,000. Number of divorces granted in 1925, 114. Lawrence County's population for the 1920 census was 85,000. Number of divorces granted in 1925, 131.

Worse Than Records Show

On the proportion of divorces granted to marriage licenses obtained, Lawrence County's record is one of 7.5. This figure does not represent the true condition however. Because this is a border county, Lawrence gets a large number of Ohio couples for marriage licenses, and also a large number from other counties. Were the proportion based upon the number of divorces granted to the number of Lawrence County people applying for divorce, the ratio would be much higher.

The average for the state of Pennsylvania is .85, or less than one divorce out of every 1,000 population. In Lawrence County this ratio is 1:45 to every 1,000 population, or nearly double the average of the state.

Few counties are worse than Lawrence. Erie County has one divorce for every 4.82 marriage licenses issued. On the other hand there are many counties wherein the ratio is far better than this. Montgomery County with 1616 marriage licenses in 1925 had 126 divorces, less than Lawrence with nearly 600 more marriage licenses. Lehigh County had 1441 marriage licenses and 131 divorces. Schuylkill County had 1478 marriage licenses and only 78 divorces.

Just what step will be taken in this county to curb the growing divorce tendency was not indicated definitely by Judge Hildebrand. From the tenure of his remarks, it seems safe to assume that in the very near future a divorce is going to be harder to get here.

are flats on the second floor in front.

Large Flat Roof

Doors open from the flats to the roof of the garage, the rear of which is not as high as the front. Tenants use the roof for hanging out clothes, as it is quite flat.

This morning Mrs. Cypher was washing clothes in the room which opens out on the roof. James Jr. was playing about the room. The door was open, and as James was a very active little fellow, it appears that he slipped out the door, and before his mother missed him he ran to the rear of the building and fell over the edge of the roof. There were marks of his little hands in the dust on the gutter, showing that he must have realized his danger when too late and attempted to stop himself.

The roof, which is quite a large one, has fire walls on the sides and a gutter to carry off the water at the rear. James Jr. was an only child and the parents are heartbroken over the accident.

Advocates Closing Middle Of Diamond

Although Mayor Dunlap and C. C. Coulthard, P.-O. railways, have not yet met to discuss traffic conditions at the Diamond and South Jefferson street, Coulthard believes that by closing the middle of the Diamond to traffic would help the situation.

GERMANY GIVEN LEAGUE SEAT BY UNANIMOUS VOTE

(Continued from Page One)

against the league's refusal to grant her demand for a permanent seat. Geneva heard reports that Spain had decided to resign from the league but refused to be swayed from the course which had been laid by the leaders.

The formal induction of Germany into the league is tentatively set for Friday as the German delegates to the league are expected to leave Berlin today.

Following the vote on the admission of Germany and the increasing of the non-permanent council seats, the assembly adjourned the morning session.

The opposition to the linking of the question of Germany's admission and the reorganization of the council was led by Norway.

"A most solemn protest against any form of unconstitutional procedure and a fervent appeal to safeguard the rights of the assembly" was voiced by Dr. Nansen, head of the Norwegian delegation at the opening of the assembly.

Nansen protested specifically against the linking of the question of Germany's election to a permanent seat in the league council with that of non-permanent seats. Both questions were presented to the assembly as a single motion for balloting.

Serious Infringement.

The linking of the two questions, Nansen said, constituted a serious infringement of the liberty of members of the assembly and menaced the future of the league.

"This is the first opportunity the 40 members of the assembly have had to express any opinion on this subject," Nansen asserted. He then proceeded to criticize with severity the "steam roller tactics" employed by the big powers.

The Netherlands delegates echoed Nansen's protest.

M. Motta, representing the committee on reorganization of the council, pleaded for a spirit of conciliation and declared that "dark clouds have gathered on the horizon but now the light of peace and justice is rising."

Following this plea the assembly proceeded to vote and the opposition disappeared.

GLASSIE GIVEN TARIFF POST

(International News Service)

PAUL SMITHS, N. Y., Sept. 8.—President Coolidge today gave Commissioner Henry H. Glassie of Maryland a recess reappointment to the tariff commission. It was said that the president decided to give him this "temporary" term because the senate committee now investigating the tariff commission may recommend that its personnel be reduced from six to four commissioners.

Glassie, a high tariff Democrat, was protested by Senator Bruce, Democrat of Maryland, but the White House announced that a large number of Democratic senators had endorsed him unreservedly.

Gives You confidence

HOW conscious we are of our skin! Even one little pimple or blackhead will so embarrass us that we want to hide right away. And eczema, boils, blotches and rashes! Why, these awful things simply destroy all our ambition!

But what confidence we have in ourselves if our skin is clear and unblemished—free from any eruptions or breaking out! A clear skin is one of the greatest possessions in the world—and it is so easy to have it. All that is necessary is to keep our systems full of rich, red, pure blood. S. S. S. helps Nature build this blood. And the impurities that cause these so-called skin disorders are driven right out of the system.

If you want the kind of skin that captivates men and compels the admiration of other women, just remember that you can't have it if your blood is impoverished. But, just build red-blood-cells in your blood with S. S. S. and your dream of a soft, rosy, velvet skin, clear of blemishes, will be realized. Then notice the difference in the way you feel.

S. S. S. has proven for generations that it helps Nature build the rich, red blood that makes beautiful skin and healthy bodies. Let S. S. S. prove it for you.

France And Belgium To Get $2,000,000 Left By F. H. Buhl

(Special To The News)

MERCER, Pa., Sept. 8.—Necessary legal steps to carry out the provisions of the will of the late F. H. Buhl of Sharon relative to the distribution of $2,000,000 to war victims in France and Belgium were taken in court here today.

Mr. Buhl, a wealthy manufacturer, died on June 8, 1918. Under his will one-half of the $2,000,000 was to go for relief to war victims in France and the other half to victims in Belgium.

Attorneys for trustees of the estate ask that payment of one-half of that nation's share be made immediately to France.

Myron T. Herrick, ambassador to France, will head the committee looking after the distribution in France. A similar committee will administer the Belgium bequest.

State Campaign Will Start Soon

Republican Committee Plans To Start Activities About September 23

REGISTRATION OF VOTERS IS URGED

(From News Bureau State Capitol)

HARRISBURG, Sept. 8.—While many of the candidates for office this fall already are in the field campaigning the formal opening of the Republican State committee's activities will not start much before September 23. The campaign will get off with a bang about that time with a big meeting the place for holding it has not yet been decided. From then on until the close of the campaign and the election November 2 the work will be carried on an aggressive scale.

Efforts are being made by party leaders to boost the enrolment of voters the two remaining days this fall. September 14 and October 2 are the days on which voters can qualify to cast their ballots at the fall election. The first day this fall was disappointing in practically every section of the state.

The Democrats are waging an aggressive campaign in the interest of William B. Wilson who will oppose Congressman Vare for the senatorial post. He appears to be the best bet on that party's ticket but practical politicians think that Mr. Vare will be returned the winner.

While in the spring the Mellons were working for Senator Pepper they are now in charge of the G O P machinery and they will work their best to put Congressman Vare across. They are looking two years ahead when Senator Reed comes up for reelection and to throw Vare down at this point would only alienate him for the race in 1928. At that time there will be delegates to elect to the national party conventions, a state treasurer and an auditor general without trying to pick a fight this fall to contend with them.

Find Dynamiter Suicide Victim, In Pittsburgh

Coroners Jury In Bank Bombing Case Returns Verdict Of Suicide

(International News Service)

PITTSBURGH, Sept. 8—Mike Chowick, 40, Milwaukee ex-convict who was killed with George C. Ortmann, bank guard, when Chowick exploded a bomb which he carried in a grip after an unsuccessful attempt to rob the Farmers Deposit Savings bank here, committed suicide, according to a formal verdict of a coroner's jury returned here today.

Ortmann was murdered by Chowick, the jury found. The verdict was a formality required by law and bore out findings of county and city officials who conducted an investigation of the bombing.

Chowick and Ortmann were killed and several persons were injured when Chowick, after demanding $2,000 from a cashier, dropped a grip loaded with dynamite when Ortmann attempted to arrest him.

Insurance Agents To Be Licensed Under New Ruling

(International News Service)

HARRISBURG, Pa., Sept. 8.—Under a ruling of Insurance Commissioner Einar Barfod the entire present system for licensing of insurance agents today was swept out of existence. The ruling abolishes the county boards, affecting about 800 members. At the same time Barfod provided an entire new system for the licensing of all agents.

Discount Rumors Spanish Cabinet To Quit League

(International News Service)

MADRID, Sept. 8.—Reports that the Spanish cabinet has decided to resign from the League of Nations are unconfirmed here and are discounted.

There is a general anticipation, however, that the cabinet will shortly take such action in view of the League of Nations assembly action in voting Germany into the League and denying Spain's demand for a permanent seat in the council.

Advertising Pays Even When Joking

KANE, Pa., Sept. 8.—Two young men, owners of a garage at Marienville, 30 miles south of Kane, who in a joking manner advertised in the village newspaper that they were in search of wives, are overwhelmed by the success of their campaign. They have been deluged with mail.

There are answers from all parts of the United States from women of all ages, some written in a frivolous vein, but many bear the marks of sincerity from young women actually seeking husbands.

The advertisers have not revealed their plans regarding matrimony, but it is reported that a double wedding may result from the humorous adventure, shared between the young men and the editor of the village weekly.

SCHOOL BOARD OUSTER DECISION

DECISION of Judge R. L. Hildebrand of the Lawrence county court, in the petition filed by R. T. Withers and J. H. McIlvenny, members of the school board, together with a number of citizens, seeking to oust from membership on the board, five other members, James K. Love, C. H. Young, Dr. W. L. Campbell, Mrs. Ethel Douthett, and Mrs. John Nothdurft, handed down in court yesterday, was what had been anticipated by the vast majority of New Castle citizens from the time that the suit was filed.

The court ruled that no violations of the school code had been shown as alleged in the ouster petition, and that there was no reason shown for any ouster. Hence the five members of the board against whom the action was directed, continue to hold their seats as members of the board.

The five members of the board against whom the action was directed were not shown to have been guilty of any offense. The chief thing that was developed in the entire hearing was that these five members had been carrying on their work as members of the board in an effort to provide adequate quarters for the children of the New Castle schools.

The only thing gained by such action as filing of this suit is the creation of "trouble" for some of the members of the board who are serving the citizens of New Castle in an effort to handle a difficult school situation. Such tactics continued can only result in harm to the fine school system that New Castle now possesses, and it is to be hoped that the end of such efforts has been reached.

New Castle citizenry has confidence in the school board majority. The decision of the court in the ouster case is an absolute vindication for the members against whom it was aimed, and re-emphasizes in the public mind the fact that these members are standing for school progress and advancement in the face of conditions that do not usually confront a school board in the city of New Castle.

SKYSCRAPERS

AMERICANS, especially those living in the larger cities, boast of the towering skyscrapers so common in this country and so wholly absent elsewhere, the idea never "entering their head" that some people find nothing artistic or useful in tall buildings.

Some of these scoffers may get the other point of view from President Doumergue's refusal to permit the erection of a government skyscraper in Paris on the ground that it would mar the skyline of the French capital.

Conditions in New York and other large American cities necessitate buildings of many stories and in many instances American architectural genius and engineering skill have made of these skyscrapers things of beauty as well as of utility. But this type of building is not adapted to the European city and skyline, nor is it essential to European business.

A skyscraper such as the Woolworth building, or even a smaller one, would stick out like a sore thumb or like a barren tree trunk in a desert. There is a dignity and style in the fine uniformity of the Parisian street which would surely be marred by a skyscraper, and one of those low rambling Parisian buildings would be no less disfiguring to Broadway or "The Loop" if set down in the midst of a cluster of thirty story office buildings.

The skyscraper is the American solution of the urban problem of high land costs and business concentration. Without them New York's business district would cover an area probably as large as the entire city now does. These conditions are less acute in European cities.

FOOTBALL IS KICKED IN

AS the leaves fade and show a promise of bright colors soon to appear, as school bells ring and father begins to worry about the price of coal, the pigskin, which, by the way, is rubber covered with horsehide, is booted upon the field of sports. The season is short and vigorous and there is need of haste even in extending a welcome to the masters of the forward pass and the mass formations.

The practice gridiron is a scene of bustling activity these rather too warm pre-season afternoons. The grass or cinder-covered ground is cut and torn by cleated shoes, bucking machines are pushed slowly but surely down the field, and helpless dummies swing from their gallows to meet the impact of rushing humanity. Veteran players carefully nurse themselves for future games while youngsters expend their last ounce of energy in efforts to attract the attention of the coach. Drop kicking and drill, relentless monotonous drill, is rewarded by a short scrimmage; then players are ordered to run three or four times around the field before returning to their dressing rooms. Fresh from shower baths, glowing and happy, and smelling gloriously of liniment, gridders walk with light, unwearied step after the first stiffness is worn away. So strenuous and thorough is the training they receive that they can almost feel themselves gaining day by day in strength and robust health.

In the class rooms, on the campus and even in shops and offices, there are guesses on the probable winners of games. Cheer leaders are busy practicing new songs and jingles, and new contortions, to be used when enthusiasm is needed to encourage a losing team or to cheer a victory. There are dates to be made, too; dates for games six weeks away, for popular girls are asked early or else often asked in vain. The admittance of football to the newspaper sporting pages is a welcome event in the lives of thousands of people. Wait till the captains have shaken hands, tossed a coin and nodded their heads—then let the games begin.

Still, there is no indication that we would be happier if winter weather came in summer and summer weather in winter.

Safety Sam Says:

Hints and Dints

Sun sets tonight 6:21. Sun rises tomorrow 5:36.

When men die as they have lived it often leaves a bad impression. Some times they leave a better impression after they die than made while they lived also.

Governor Pinchot has decided not to be a candidate for United States senator. However, he is getting ready to swat the Republican nominee. It will be a great thing when Pinchot leaves Pennsylvania and goes back to where he belongs and takes his bunch of carpet-baggers employed at the Capital with him.

The chief of police of Monongahela, Pa., will not only allow women to parade the streets of that burg in bathing suits, but will also pinch the bozos who have signs on their automobiles reading, "Chicken, here's your coop" and "Peaches, here's your can". The chief's stuff is about right, according to our way of thinking.

To a bald-headed man a hatless youngster seems always to be showing off.

We have noticed in our wanderings over the face of this fair earth that there is a certain class of mugs who travel also who think of nothing but destroying and devastating the property of others. No matter where they go they leave their trail behind them in some objectionable way. If it is camping by the roadside or stopping in a hotel. The greatest thing in traveling is a thought for the other fellow, and that also holds good while staying right at home.

A local lady went into a barber shop last Saturday and after seeing the big crowd occupying every chair in the shop, apologized to the barber for her coming in on Saturday when the shop was so busy. The barber told her it was all right and that in the crowd of a dozen or more in the shop only about three were getting work done. The rest were waiting for one of the family to get her hair cut. It is getting so that four or five go with the one that gets work done and fill up the chairs in a shop and other customers, seeing the crowd, do not go in for fear they will have to wait too long. Barbers have their troubles just like humans.

An 18-year-old girl in Buffalo has been declared the most beautiful waitress in the United States. She will not be a waitress very long if the movie and vaudeville agents hear about her.

When a lady was being tried for drunkenness in Pittsburgh she told the judge the Volstead act was a very fine law and should be rigidly enforced. This made such an impression on the judge that he discharged her.

The champion he-swimmer of France gave up the swim across the English Channel after being in the water a few hours. The French are great at giving up except the money they owe this country.

At one of the most congested traffic points in New Jersey we were stopped by a big policeman, and he had a bunch of cards in his hand and we naturally thought we were going to get a present and would soon be up before some judge for some road violation, as we had heard some bird whistle at us farther back. This baby had nothing in mind like that. He was selling tickets to a policeman's benefit ball. Those whom he approached were naturally nervous on account of the traffic conditions at that point and he got many a dollar he would not have received had he been on a less frequented spot and tried to sell the tickets. Most birds were scared into buying one.

The Valentinos of today command greater followings than the Elliotts.

The greatest death rate from automobiles in the United States is at Camden, N. J. This city is at one end of the White Horse Pike, which is a main highway to Atlantic City. There are no hospitals between Camden and Atlantic City and those who are injured and killed on this great highway are naturally taken to Camden. And, by the way, there is some killing and injuring on this speedway to the playground of the world.

Governor Pinchot is getting ready to support a Democrat for the United States Senate and will give up his allegiance to the Republican party. He never was a Republican and only used the party to run for office on. If he comes out as a Dem. perhaps we will know where he is at.

A Johnstown, Pa., man was arrested for giving $900 in counterfeit money for three barrels of moonshine whisky. Both parties got stung in that deal.

We notice in most every place at the Sesqui-Centennial that "No Smoking" signs up for the admiration of smokers. In spite of this, a lot of bozos went around sucking the cigs. Nothing will stop them, it seems.

Now we are told that the consumption of beef is falling off in the United States. Surely no one can expect the consumption to increase at the scandalous prices asked for it. Other kinds of meat must also be falling off in sale, as they are in some cases even higher in price. People can get along without meat and they are doing it to a large extent.

LOOKED APPETIZING

An artist was showing some friends through his studio and took great pride in pointing out his masterpieces.

"My, this one fairly makes my mouth water," remarked one of his visitors, stopping before a canvas.

"I don't understand," replied the artist, "why a sunset should make your mouth water."

"Oh, it is a sunset. Pardon me, I thought it was an egg in a frying pan."

Higgs wanted to buy a car and Biggs wanted to sell one, so a trial run was arranged. Rattling and groaning, it covered the ground at its maximum speed, about one mile an hour.

"Rattling fine car!" ejaculated Biggs. "Sound in every part!"

"So I hear!" was Higgs' response.

GOING DOWN

The boat was sinking. The skipper rushed up to the crowd of scared passengers.

"Who among you can pray?" he asked them.

"I can", answered the minister.

"Then pray, mister", ordered the skipper. "The rest of you put on life preservers. We're one short."

After driving a few hundred miles over the week end holiday the average man feels like a used car. Sound looking on the outside but full of body squeaks.

The observation of the weather forecaster on Saturday last for rains on Monday was correct. There were rains and plenty of them. Don't let anyone say now that the weather man is never right.

Officers found a quantity of booze planted in a garden on the south side of the city. We can't understand why the booze should be planted there. The drinkers will get there quite soon, but why put some of the horrors of the grave right in the liquor?

Mrs. Bill Hart denies that she is to ask for a divorce from her actor husband. Both the man and the woman in this case have had all the publicity coming to them in their marital venture and not even a divorce would benefit either very much.

Germany is to be given a seat in the League of Nations, which is fine, and the World Court is considering admitting the United States conditionally. That's fine too, the United States doesn't want in only under the conditions it makes itself, and the way the Court functions the United States is wise in insisting upon conditions.

The most interesting news of the day now is the trouble the different cities are having in selecting beauties to represent them at the Atlantic City beauty show. Ringers are being used now according to the claim of some cities. In all amateur sports "ringers" are the bone of contention always.

In Chicago the theatres are running without music. Now a person can enjoy the movies without having to listen to the squeals of a cracked orchestra. Just eliminate the person who reads the captions aloud and theatre going will have some additional charms.

Six hundred thirty traffic accidents have been reported in the streets of New Castle so far this year. That looks like a large number, but the percentage is low considering the number of cars on the streets in that time. It is percentages that count, not number. That number isn't high when you consider that everybody who owns a car in Lawrence county has to show it on Washington street Saturday evening.

Beating: A process by which a useful husband transfers the dust from a rug to his lungs.

Political history is to be made in the United States this month at the primaries. And some more causes for Senatorial investigations too.

In New York city we have read of a Pedestrian's Society. Maybe those chaps figure that united they'll stand.

A great number working on prison farms would doubtless welcome farm relief.

One of the nerviest things we have heard of recently was the query of a 13-year-old, whose life is one sweet song, as to where he was going to spend his vacation.

A public lecturer can always point out to his wife that he gets paid for HIS speeches.

The New Brunswick Board of Trade is on its ear because of the publicity it is getting over the Hall-Mills case. Most towns want publicity and some of them will even try to chase the petters off the highway to get a little puff.

Judging by the way some motorists insist upon their everlasting honk honk, they must imagine the horns pull the cars.

If only patriotism would start gasoline wars.

Peaceful Labor Day.
A Mother's Revenge.

Let Business Alone.

Labor Day has gone peacefully. In Europe it is a day of unrest, a gathering of troops and police. Here it is only another holiday. Labor isn't paid as well as it will be and hours of labor are longer than they will be. But labor is better off here than anywhere else, and is content.

Those that control labor through money should make it their business to increase wages and shorten hours, proportionateiy with improvements in machinery and economies in production instead of waiting for strikes and violence to do the work.

The falling British birth rate does not necessarily mean smaller population. If Britons would let Nathan Straus or somebody else persuade them to pasteurize their milk they could have fewer babies and more population. To have four children and keep them alive is better than to have eight and lose five of them.

ADVICE TO A LADY DRIVER

Lady, when you drive the car,
Pay no heed to me I pray,
Just remember others are
Not so very far away;
Bear in mind your precious load,
Keep your eyes upon the road.

I can hear you very well,
Though you do not turn to me,
I'll catch all you have to tell
Though you face I cannot see.
Watch the road and never mind
Anyone who sits behind.

Though your face is wondrous fair,
And your voice is low and sweet,
Lood ahead, and drive with care,
Don't forget you're on the street.
Stop the car or stop your talk,
Otherwise I'd rather walk.

Lady, just remember when
You start chatting as you drive,
Anything can happen, when
You are hitting twenty-five.
Please, I beg, don't gaze about,
Watch the road or let me out!

NOTHING IS SO BAD—

As it seems to be the day before you get to it.
That worry will not make it worse.
That something cannot be accomplished by trying again.
That you need give up hope if God is still interested.
But that you can find some one who has seen it worse.
That it is as bad as it can be.
When you attack it bravely as when you try to dodge it.

Major Harold P. Sheldon who has been appointed Chief United States game warden, is well qualified for the duties of his new position through experience gained during the past five years as state game commissioner of Vermont. Maj. Sheldon is a native of Vermont and was formerly connected with the Department of Agriculture at Washington. During the war he served in France as captain of a machine gun batallion and was seriously wounded in action. He is considered an authority on the conservation of wild life and has written extensively on the subject. As chief United States game warden he will be in charge of the enforcement of the migratory-bird treaty act and regulations protecting birds migrating between the United States and Canada and the Lacey act regulating interstate commerce in game.

TRADE FOLLOWS THE FILMS

The British seems to be waking up to the efficiency of film advertising.

The trouble, is that American films cover the world. They show American clothes and American automobiles, and other American goods. The consequence is that people buy what America has to sell. Thus America with its 120,000,000 population is formidably challenging the British Empire with its 450,000,000.

The British naturally consider themselves superior to Americans and regard the latter as materialistic and otherwise backward. They have not the high moral qualifications of the British, according to British ideas.

America will spend thirty million pounds of motion pictures the coming year. In the face of such tremendous advertising it is difficult for Great Britain to hold up its end in the matter of trade.

Sir Robert Donald wants the government to take action in the matter of financing British pictures in sufficient numbers. He says that Britain has the money, the latent capacity and the talent for out-doing America.

Consular reports say nothing of the film business, notwithstanding its tremendous effect upon trade.

"If we had shown the same somnolent complacency," says Sir Robert Donald, "in the face of attacks on other industries, such as tobacco, matches, cycles, motor cars, steel, cotton and the like, the country would have been in a state of insolvency and unable to pay interest on its debt.

"By offering handsome fees for scenarios, and supplying ample funds for productions Great Britain may yet forge to the front as a film maker with the attendant consequences of a betterment in trade."

An unexpected result of America's prominence in film making has thus been its effect upon commerce.

American films are shown all over the world and by them American goods are advertised.

Bible Thought For Today

PRAISE THE GOOD GOD:—Make a joyful noise unto the Lord. Enter into his gates with thanksgiving. For the Lord is good. Psalm 100: 1, 4, 5.

The world is growing some better. You seldom see a handpainted sofa pillow.

The World AND THE Mud Puddles

NO LONGER A "BOGY."

The word "Corporation" used to be a "Bogy." If a politicians wished to attach another politician, he generally accused him of being hand in glove with the Corporation. The "Bogy" was so big at one time that the stockholders of American corporations were comparatively few. All this has changed, and today the stocks of the great corporations of this country are widely held.

The Atchison, Topeka and Santa Fe Railroad has recently published a statement in which they set forth the number of shareholders of the Santa Fe system, and their stock holdings. In this statement they say that the Santa Fe has outstanding 3,565,823 shares of its capital stock, which is owned by 62,933 share holders. There is a stockholder in every state of the Union, the District of Columbia, Canal Zone, Hawaii, the Philippines, Porto Rico, together with those in 39 foreign countries. The foreign capitalists own about 165,174 shares.

20 per cent of these stockholders own from one to five shares each.

40 per cent from six to twenty shares.

20 per cent from 21 to fifty shares.

11 per cent from fifty one to One hundred shares.

7 per cent more than one hundred shares.

It is therefore evident that 93 per cent of the stockholders of this great corporation own less than 100 shares of stock. The od part of the statement is the fact that in the states in which all of its properties are located, there are only 6,607 stockholders, owning 305,491 shares of stock. The largest single owner of shares is an educational and scientific institution, which owns 26,100 shares. This is less than 1 per cent of the capital stock issued by the company.

A great many of the stockholders are employees of the Santa Fe. This corporation, like the Steel Corporation and the American Bell Telephone is a great encourager of the holding of its shares by its employees. Great American corporations generally are following the lead of these three. A great part of the capital stock is however held by estates, by banks, by insurance companies, by colleges, religious organizations, hospitals, and business firms.

The citizens of the United States have come to know that practically every corporation whose stock is now listed on the New York Stock Exchange is managed and operated primarily in the interest of its stockholders. No "blatherskite" of a politician is going to shake that confidence.

Compare Eliot and Valentino.

Rudolph Valetino is receiving more newspaper space than Dr. Charles W. Eliot. Financial returns from their works also offer a basis of comparison of popular appeal. In 18 years' sales of Dr. Eliot's five-foot shelf of books edited by him have totaled $20,827,188. Presumably much more than that has been paid in box offices by Valentino fans. In ten years Valentino earned $2,500,000, representing salary and part of the profits of producers. Some 125,000,000 people viewed one picture alone.

Dr. Eliot lived to be 92. Valentino 31. Both died last week.

POEMS HOVE BY CHARLES HANSON TOWNE

"To Die for One's Country," by Thomas Moore.

Poems of patriotism, despite the scorners, will not cease to be written. Love of country is part of most of us, strive as we may to deny such assertions as Scott's

"Breathes there a man with soul so dead
Who never to himself hath said,
"This is my own, my native land?'"

We cannot get away from that ingrained love—which should not cause us to love other lands the less. Moore's utterance is simple and beautiful, and rises to a fine climax.

When he who adores thee has left but the name
Of his fault and his sorrows behind,
O! say wilt thou weep, when they darken the fame
Of a life that for thee was resigned?
Yes, weep, and however my foes may condemn,
Thy tears shall efface their decree;
For, heaven can witness, though guilty to them,
I have been but too faithful to thee.

With thee were the dreams of my earliest love,
Every thought of my reason was thine:
In my last humble prayer to the Spirit above
Thy name shall be mingled with mine!
O! blest are the lovers and friends who shall live
The days of thy glory to see;
But the next dearest blessing that heaven can give
Is the pride of thus dying for thee.

Soviet Writers Praise America

Outdoor Sports Make Great Headway Among Young Russians

ENGINEERS ON GIGANTIC PROJECT

By H. R. KNICKERBOCKER
International News Service Staff Correspondent

MOSCOW, Sept. 8—Novel are the notions of Soviet newspaper writers about America. Nothing is too fantastic for their credulity if it touches upon the "land of unlimited possibilities." Recently having announced that Americans were planning to divert the Gulf Stream and freeze out Europe, Soviet journalists have now discovered that a serious plan is afoot in the United States to create a "world bank" there and with its help accumulate all the gold in the world.

According to an inspired editorial in "Gudok," the organ of the Soviet railroad men, "The Americans have proposed the creation of a world bank which will have the right to issue bank notes. Naturally the whereabouts of the bank must be somewhere in America, as she has more than half of the world's gold reserve.

"And just as naturally, the majority of the votes in the bank's governing board must belong to Americans. This American plan has not yet been accepted by the League of Nations.

"But if America should refrain in the future from giving new loans to Europe, the League of Nations might have to change its attitude. The United States already has the support of England. Germany is completely in American hands. France comes next and it is unreasonable to suppose that France can muster any effective opposition to common Anglo-American pressure.

"Of course this world bank would not bring cessation of wars. On the contrary, should it seem profitable for America, she will allow the other powers to fight among themselves, and indeed, we would not be surprised if the next war against the Soviet Union were to be waged at the instigation of the United States of America."

The House of Scientists in Odessa, a co-operative institution for the benefit of professors and others engaged in scientific work, which has been receiving a monthly subsidy of $400 from the American Section of Aid to Scholars, now announces that it is able to get along without the American money. Improved conditions have made it possible to dispense with foreign aid, the Odessan scientists explained.

Out door sports are making great headway with the new generation of Soviet Russians. Lola Shunarkiko, 19 year old "Comsomolka," or member of the Communist Youth International, is being heralded as the greatest living exponent in Russia of the motto that Soviet girls must paddle their own canoes. Lola just completed a 600 mile trip in a canoe by herself.

She left her home city, Kiev, in the Ukraine, launched out on the broad and sluggish Dnieper, and paddling at an average rate of 15 miles a day, covered the distance to Sebastopol, in the Crimea, in a month and a half.

Sixteen American engineers and mechanical experts employed by the Georgian Manganese company, the Harriman concern now exploiting the mines of Tchiaturi, have arrived bringing with them their own houses. The housing shortage is not confined to Moscow, and having learned from their associates of the extreme difficulty of finding rooms, the Americans packed up and brought along ten folding cottages.

Seventh Ward News

Eighty-Three New Pupils Enrolled At Mahoning School

Still More Pupils Expected To Enroll—Other News Notes Of Seventh Ward

The first day of school at Mahoning school found 831 pupils enrolled and in their places. Eighty-three of this number were new scholars, making two groups of new pupils, 1B-1 and 1B-2. Pupils will probably continue enrolling the rest of the week, as many people in the seventh ward are ill and probably a number of the ones ill are those of school age. The 25 teachers were all present Tuesday morning, the same staff as last year with the exception of the new principal, Miss Mitcheltree, in place of Mr. Conner, and the three new teachers, Mrs. J. H. Turner, Miss Anna Thomas and Miss Maude Wetmore.

At Lawrence school the number of pupils enrolled on Tuesday was 185.

The first day of school went very well. Pupils for the most part were eager to be back again and teachers were busy giving out supplies and assigning lessons. As soon as possible it is being planned to start activities in the school, especially among the junior high school group. It is being planned to have a football team and practice for this team will be started soon.

STATE GUARDS WATER SUPPLY

State Car Makes 2,700 Miles To Test 1,766 Drinking Water Places

By WILLIAM BROWN
International News Service Staff Correspondent

HARRISBURG, Pa., Sept. 8.—Reporting on the tests made of highway water supplies today, H. P. Drake, sanitary engineer of the State Department of Health, revealed that the state laboratory cars had covered 2,700 miles and had tested 1,766 public water supplies. The report was made to Charles H. Miner, state secretary of health.

The purpose of safeguarding the water supply for tourists has been the big objective of the traveling laboratories which began their work before Memorial Day and ended it last week. Of the 1,766 supplies tested 744 were approved, 743 rejected and 279 still are under consideration pending further testing.

This is the third consecutive year in which the health department has taken steps to test and safeguard all water supplies along the main traveled routes.

During 1924, the first year the tests were made, 2,000 miles of road were covered and 841 samples taken and tested. Four hundred and seven were approved, 278 rejected and 129 were pending at the end of the season. In 1925 an additional 700 miles were covered and the number of samples examine was doubled.

In discussing the work this year Dr. Miner said:

"This is a splendid report. It indicates a vast amount of work on the part of the field laboratory and its staff, who are compelled to do this work during the tourist season, from Memorial Day to early autumn. It is necessary to accomplish much during the summer months, due to the fact that the roadside stands remain open only during these months.

"It will be noticed that these figures indicate that more than one half of the supplies examined were rejected. This list of rejections will be added to considerably when more than 500 cases located in the dangerous limestone section of the state are examined.

"The department, therefore, having placed conspicuous signs on the safe water supplies along the roads, asks that the traveling public use discretion in quenching its thirst. Drink only from the supplies marked with the "safe water" placard and thus avoid the possibility of contracting typhoid fever through the use of contaminated water."

Beauties On Parade At Atlantic City In Annual U. S. Contest

(International News Service)

ATLANTIC CITY, N. J., Sept. 8.—A trainload of American beauties arrived here Tuesday.

There were beautiful blondes, brunettes and "redheads" each fit to wear the crown of "Miss America" to be awarded in the Atlantic City beauty pageant which opens this week on the "Beauty Special."

Ten thousand spectators crowded the station to feast in the sight. There were 73 prize beauties aboard from every section of the country. Only 53 will compete for the pulchritude awards, the others being ineligible for various technical reasons.

The beauties tripped daintily down the car steps through a spellbound crowd. The Atlantic City flag and the pageant banner were hoisted by Miss Fay Lanphier, California girl, the Miss America of 1925. A flirtatious wind snapped the halyards and the flags fell. Miss Lanphier became hysterical and began weeping. They led her into a private room to regain her composure.

Gladys Imogene Kine, "Miss Louisville" of Kentucky, also had some excitement. She took the wrong train from Philadelphia, reaching Atlantic City an hour ahead of the "Beauty Special."

Miss Lanphier regained her self-possession by the time Mayor Edward L. Bader distributed large guilded wooden keys to the mythical city gates to the beauties. A squadron of automobiles then carried the girls to a luncheon given by the local Rotary club.

Yacht and life-boat races were on the program for the afternoon and an "American beauty dinner" was scheduled for the evening. There will be an "American beauty" ball tonight following the pageant's baby parade in the afternoon.

Passing of judgment on the most beautiful girl in a bathing suit and in evening dress will take place on Thursday and Friday. The crowning of "Miss America, 1926" is set for Friday night.

The "Queen of Beauty" will receive the $5,000 golden mermaid prize, a $1,000 gold watch and the Edna Wallace Hopper loving cup among other auxiliary awards. There will be 300 prizes given during the beauty contest.

The beauties will travel to Philadelphia Saturday to be the dinner guests of Mayor and Mrs. Kendrick.

Kiwanians Will Have Convention

Record Attendance Seen For State Gathering At Conneaut Lake

(Special To The News)

MERCER, Pa., Sept. 8.—The largest number of registrations to date of any convention ever held of the members of the International Kiwanis clubs is the announcement of today by W. S. McKay of Greenville who is on the publicity committee of the organization built from the Greenville and Meadville Kiwanis membership for the arranging of the state convention of clubs at Conneaut Lake 13, 14, 15.

From this fact it is predicted that the impending convention will be the largest that the club has ever held. Telegrams will be sent out the first of the week to the 100 clubs in the state with their membership of 7,000 urging that representative membership be sent.

The 17 clubs of the organization of Northwestern Pennsylvania are pledged to assist the two named in the preparing of a program. That they are making good is proved in the proffer of a band by the Clarion club, singers by the Oil City, Tarentum and Pittsburgh clubs. Grove City club will send a violinist. From that club also comes the song leader of the convention, F. C. Jones. The Rochester Glee club will also be present.

The Mercer public schools opened Monday with the attendance for the opening day very good in consideration of the counter attractions in the Stoneboro fair and Labor Day programs in the parks.

The high school enrollment for the first day was 200. This is within 13 of the figure reached last year.

The attendance in the grades is about the same. Prof. S. R. Craig the school head states that by the end of the week that the enrollment will be so stabilized that attendance figures may be given out.

Of the many he has seen the approaching winter has no terrors for A. G. Dilley. The family will spend the winter in Florida.

The traffic of Labor Day and evening here is stated to be the record breaker of all time. The storms over the week end held up travel on Saturday and Sunday.

The holding company through their attorney have taken the preliminary legal step in the Troy plan of financing a high school building for Mercer and the school board have made answer in a legal instrument filed.

Following the expiration of the return over this week the court wil have the matter for consideration. Under the plan the issuing of bonds secured by a rental arangement with the school board will be taken care of by the holding company who from a 35 year contract are insured sufficient rental to pay off principal and interest. Whether this method of financing is legal that bondholders are secured is the promise of the court action.

Gar Wood Captures Speedboat Race

DETROIT, Sept. 8.—Gar Wood retained the Harmsworth international speedboat trophy here Tuesday when, after winning one heat with Miss America V, he was conceded the race by the French challenger, P. A. Clark, pilot of the Excelsior-France. The French boat, owned by Henri Esders, was so damaged in shipment that it could finish only one lap, being clocked at an average speed of 41.537 miles per hour.

You can't imagine the Republican party letting a question of religion keep it out of the White House.

There's one thing about the reformer's job. When he gets it done, there's always a new stock of raw material.

See America first. Your baggage gets inspected about as often here at home in these arid days.

COMPETITION IN WORDS

One who goes into the market to buy a motor car today is naturally confused.

He has read the words *best* and *greatest* so often that they have ceased to be convincing. Where *all* is best, he reflects, there can *be* no best.

Thousand-dollar cars have been described to him in ten-thousand dollar language. And vice versa.

He finds himself the target in a war of adjectives; the helpless victim in a gigantic competition of words.

And so he is forced to rely on chance—the advice of friends—or his own limited experience.

Dodge Brothers, Inc., have never participated in this verbal competition.

They are content with the position they have long maintained in the far more vital competition of *honest value.*

They have continued steadily to improve their product, not only in comfort and beauty, but *basically*—beneath the body and hood where fundamental values lie.

Yet they have not unduly stressed each betterment that has marked the steady progress of their motor car toward a higher perfection.

And when economic conditions or greater sales have permitted them to reduce prices without reducing quality, they have announced the fact without excessive emphasis.

Unexaggerated truth is not spectacular. But in the long run, implicit public confidence has been Dodge Brothers reward, and this they propose to preserve *forever* by continuing to build just a little better than they tell.

Three figures which mean extra motor car value

Buick motor cars are now designated by their wheelbase lengths. Series One Fifteen has 114½ inches of wheelbase .... Series One Twenty is 120 inches from axle to axle, and Series One Twenty-eight measures 128 inches.

These designations direct attention to the fact that size is the *only* variation in the different Buick chassis.

Another purpose is to point to the extra comfort and value which results from Buick's extra wheelbase lengths.

Everyone knows that long cars ride easier than short ones. But it costs more to build them. Great volume is the reason for the extra value of Buick's extra wheelbase. Many cars, inches shorter than Buick and without advantages offered by Buick design, are priced considerably higher.

Nine Major Reasons for Choosing CROMAR Oak Flooring (No. 5)

CROMAR is always uniform in grade of oak and finish

Nothing but the best oak is accepted for the manufacture of CROMAR—thus is uniformity of grade assured.

Uniformity of finish is the result of machine processes:—A patented machine drives the filler deep into the pores of the wood, giving a permanent and uniform base for the varnish and wax; other patented machines spread varnish and wax more evenly than the most skillful hand can do.

And when laying CROMAR, the carpenter sees the actual finish, can match strips as to color-shadings and grain-patterns, and thus obtain a more uniform appearance of the entire floor.

Unsightly cracks are impossible with a CROMAR Floor

SHRINKING and swelling, due to heat and moisture, play havoc with the appearance of a softwood floor. And, though any oak floor is superior in beauty and endurance, it too is often robbed of its charm by ugly cracks which are caused by shrinking of the strips—due to the fact that there is nothing to protect the wood from the effects of moisture.

You won't find a CROMAR floor "open up" like that! It is completely finished on the face and *moisture-proofed* on back and edges. It *cannot* shrink. And the patented CROMAR groove, which is neatly *rounded*, is easily kept clean—any gathering dust is lightly brushed away. Compare such easy cleaning with the practical impossibility of removing the hard-packed dirt in the cracks of ordinary flooring!

You can lay CROMAR right over your old floors, a room a day—it is completely finished, like furniture, at the factory.

There is a CROMAR Dealer near you. Write for his name; and let us mail you free sample and complete literature.

Most Trying Duties Of Mayor Dunlap Are Those As City Police Magistrate

Mayor Will Soon Have Completed Three Years Of His Term

SOME OF RESULTS DURING OFFICE

Reporter Gives Some Intimate Glimpses Of Ideas And Purposes Of Mayor

(By ED. FRITZ)

Characterized as an extremist along certain lines of thought when he became mayor of New Castle, William H. Dunlap has proven so far to be one of the most liberal-minded executives the people here have voted into power, we would say.

As chairman of council he has had a share in promoting improvements as many streets and avenues have been paved during the past few years, a sewage disposal plant has been built and building construction regulated.

However, it is not along these lines that he was predicted to be an extremist but rather along police lines, because, as mayor, he naturally became superintendent of police—and a magistrate.

Dry Up Wet Spots

After the chief executive went into office he commenced fulfilling a pledge that he would "dry" up "wet" spots. There were some "wet" spots—and will be as long as berries, grapes and hops grow.

However, he sent his policemen after prominent bootleggers and well known dives where men and women gathered to the annoyance of neighbors and also to the grief of wives, mothers and children.

During the first year, squads of police, changed often to break any possible connivance, raided speakeasies. Persons who did not obey his ultimatum to "quit" went to court trial.

Today there is very little whiskey or "moonshine" being sold in New Castle. The "rum runner," with his high-powered automobile and corps of guards has almost entirely forsaken New Castle. No one individual, but rather concerted effort has brought this about.

To be frank, the most difficult problem the mayor has to contend with today is intoxication from a certain "rub." During the past month it is said that most of the 68 persons charged with drunkenness drank the alleged "rub."

The mayor realizes that not every man who takes a drink is not a criminal. He also realizes that as long as whiskey, wine or beer can be had there will be persons to drink.

Punish Liquor Salesmen

He believes that a salesman for liquor, wine or beer should be punished. Whenever police apprehend and convict such people, punishment results.

"The man who has a bottle on his hip is breaking the law," the mayor once told the writer. "If he is not a consistent drinker, however, I do not feel as though I should cause him to be sent away — to leave a family behind for the city to keep.

"As police court judge I act under the provisions of a city ordinance and I generally fine the defendant. I have discovered that a stiff monetary punishment has its effect and the 'bottle carriers' turn over a new leaf."

"There is a certain group of unfortunates in New Castle who have been 'hard drinkers.' I have tried and am still trying to help them. Their only fault is a craving for booze. My curative plan has not been futile in many cases."

By this plan, the mayor means that, he has police 'round up' members of such squads. He sends them to the city jail. He forces them to remain away from each other after their release and every now and then, one of them quits the 'stuff'.

One man, known as a harmless, though drinker of "rub", "heat", "moon" and in fact, anything that quenches the craving is locked up often. He sobers in the city jail, then does odd jobs about the city building.

This man is the father of a family—all of whom are respectable.

The mayor is quick to act against persons who defy his authority and orders. A policeman who does not obey him implicitly is punished speedily and when "Bill" speaks, city bluecoats have no doubts as to who is "boss".

Get Him With Goods.

Not so very long ago a man in this city commenced "going wrong". He was supposed, or we'll say, alleged to be selling "hooch". The mayor liked the chap and foresaw the "wind-up".

He called two of his shrewdest police into his office. This is what he said to them: "Go out and catch (name deleted) within two hours, if you can. I want him caught with 'the goods'. Don't come back unless you 'get him'."

The police did not reply. They combed the city and finally saw "their prey". The "prey" did not see them. They pounced upon him and had "the goods". He was taken to the private office of the mayor.

"You said that the police are slow, didn't you? Well, you're here. What have you to say for yourself?" he asked.

The man knew he was caught. He told a straight story.

The mayor listened attentively then said:

"I'm going to fine you $50. Quit your business or you will land in the 'workhouse'. You have a large number of friends—but among them are friends who will not be able to help you."

The man paid and left and a few days later told the writer: "I've knocked around quite a bit but that 'bird' is a 'square-shooter'. I'm through." He is. He is playing fair with the mayor.

There are scores of such incidents the writer, and other reporters here, could write should they choose. Not all the persons are without prominence.

Protects Women.

There is one characteristic of the mayor that shows principle and that is, he will not permit the parading of women prisoners before a "curious lobby". In fact erring women and girls are "hidden from scorn", even though arrested.

It is seldom that a girl is forced to visit the police court room. Instead the erring one is directed to the mayor's private office for a conference with Police Matron McKibben who does her work silently.

Very few are sent to the county jail. In fact, the writer cannot remember when Mayor Dunlap sentenced a girl to the prison. He has sent them home, after informing parents of the girls' predicament.

As mayor many domestic quarrels are brought to his attention. He has reconciled a score of couples. In fact some people have often jestingly remarked: "How's the 'patching up' business?"

"Better to 'patch it up' than see them in divorce court," replies Dunlap. He believes that if a quiet little heart-to-heart talk with people who have made a mistake can bring fruitful results, he will not spare "heart talks".

There are two plans in police court business. One is spot cash, the other installment.

If a prisoner gets "tough" he pays "spot cash" as a fine or goes to the "hill".

Providing he is not a consistent ordinance violator and is "short of cash" and he deserves a fine, the mayor grants him ample time to pay.

This method gives the prisoner a chance to return to work, support his family, but the installment plan fine acts as a yoke and prevents further violation. Most of the persons pay on scheduled dates and obtain a "clean slate" from the mayor.

The chief executive is not hard on boys. Like women and girls, he does not force them to tell of their mischievous pranks (which sometimes result in damage to property or perhaps petty thefts) before a lobby.

He takes them into the chief of police's office, talking kindly but firmly and points out the future, should they not adopt his advice. Boys await the mayor almost every Saturday—when he holds a form of juvenile court.

Presidency Boom Denied By Reed

(International News Service)

KANSAS CITY, Mo., Sept. 8.—"If the friends of James A. Reed, Democrat of Missouri, want to endorse him for presidential timber and start a boom for him in 1928, that's their business; I did not start it."

That's the expressed sentiment Tuesday of the senior senator from Missouri, who announced in an interview that he had definitely decided to retire from the senate after 1928.

In making his announcement, the fiery senator who recently gained nationwide attention for his part in slush fund investigations, declared he wished to devote his attention to his business here after his present term.

"I've been in the senate 18 years," Senator Reed explained. "My law business here needs my attention."

AT THE DRUG STORE

MRS. RHODES: "Good Morning, Mrs. Greene. I've just bought a bottle of Lydia E. Pinkham's Vegetable Compound. I always keep it in the house."

MRS. GREENE: "So do I. And that reminds me that I should buy one too."

WHEN Minnie Reinking was a schoolgirl she read about Lydia E. Pinkham's Vegetable Compound in the papers and wanted to try it.

Miss Minnie Reinking
R. R. No. 1, Box 114
Robbinsdale, Minn.

"I did work around the neighborhood," she writes, "and earned a dollar in this way and bought one bottle and tried it. This one bottle did me so much good that I made my mother buy another and she also started to take it for her troubles and it had done her much good. I have now taken it for eight years and always have a bottle on hand. I recommend it and am willing to answer questions about it."

MISS MINNIE REINKING,
R. R. No. 1, Box 114,
Robbinsdale, Minn.

THE women who worked in the factory with Mrs. Matilda Hoksom knew that she was not feeling well. Her back ached and she was weak and discouraged.

"One of them got to praising Lydia E. Pinkham's Vegetable Compound and telling all it had done for her," she writes. "I went out at noon time and got a bottle and am taking it steadily. I am on my fifth bottle and these two months I have been fine. I have a nine-room house to look after so I have to be in trim to do it all."

Pennsylvania Folks Gather In Kansas

By D. O. McCRAY
International News Service Staff Correspondent

TOPEKA, Kas., Sept. 8. — Forty-eight years ago in Atchison, Kas., the Pennsylvanians then living in this state held a reunion. It was a neighborhood affair which since has become statewide and which annually calls all former Pennsylvanians to this capital city for social pleasures.

Thursday, September 9, has been fixed as the date for the reunion this year. Every Pennsylvanian living in Kansas has been invited. The day and evening will be taken up with speeches, visiting and a basket picnic. The Rev. Dr. E. J. Kulp, pastor of the First Methodist church of Topeka, is president of the Pennsylvania society.

Unusual interest in these annual reunions centers in the striking similarity of the appearance of the two states—Pennsylvania and Kansas—on the map. In size, shape and general outlines, this resemblance is remarkable. In no other two states of the union is the conformation of outlines and appearance so noticeable.

Three sides of each, and the same three sides—north, south and west—are squarely cut, while the eastern boundary of each is irregular and formed mainly by the course of a river. The only difference is the "stovepipe" projection on the northwest corner of Pennsylvania, near Erie.

Pennsylvania has a territorial area of 46,000 squarem iles, being 315 miles east and west by 160 miles north and south. Kansas is a larger state, having a territorial area of 81,000 square miles, being 400 miles east and west by 200 miles north and south. Both states are longer, in about equal proportions, than they are wide.

The Rev. Dr. Kulp in his address of welcome at the reunion September 9, will stress this resemblance of the two states on the map as one so striking as that so often noticed in twin children—a birth mark which stamps them as of one blood and family. It will account for the surious and interesting identification of Pennsylvania's sons with events in Kansas, during the whole of that exciting epoch when this state was so prominent a figure in the history of the nation.

Speakers at the reunion will explain how it happened that Pennsylvanians took charge of territorial affairs here and shaped the destiny of the future state. The old Keystone State furnished Kansas her first three governors—Andrew H. Reeder, John W. Geary and Robert J. Walker. After serving as governor of Kansas, Geary was elected chief executive of Pennsylvania. R. P. Flenniken, a Pennsylvanian, was the first free state candidate for congress. The first Great Seal of Kansas was designed by Governor Reeder and engraved by Robert Lovett, a Philadelphia, artisan. Galusha A. Grow, of Pennsylvania, introduced the first bill in congress to admit Kansas into the union.

These Pennsylvania folks, in their annual reunions in Kansas always declare that Pennsylvania is a great state, and no sons of hers, wander wheresoever he may, is ever ashamed to acknowledge his nativity. Virginia may be the "mother of states," but they declare that the old keystone is the "Pa." especially of Kansas.

Voice Over Radio Extinguishes Fire

(International News Service)

SAN FRANCISCO, Sept. 8. — Scientists at the University of California were greatly interested today in the feat accomplished Monday night by Charles Kellogg who by means of his voice transmitted over the radio extinguished a sensitive flame twelve miles away.

Kellogg broadcast a shrill note from a San Francisco broadcasting station and the note put out the flame in Le Conte Hall, University of California, Berkeley, twelve away.

The human voice has extinguished a sensitive flame before but Monday night the first time this was accomplished by radio.

Farm Products Here Worth $6,000,000

Lawrence County Crops And Livestock Form Big Part Of County's Wealth

Farm products and livestock raised on the farms of Lawrence county reached in 1925 a total value of $5,819,192.44, figures just compiled and released by the Pennsylvania Department of Agriculture show.

Although Lawrence county is essentially an industrial community it is evident from the high value of the agricultural products that the produce of its farms form no small part in its prosperity.

The detailed figures of the department's report indicate that the total products value was divided into the following three main divisions. Eight principal field crops and apples, peaches and pears, $2,349,974.

Livestock on farms January 1, $2,013,130.20.

Milk, eggs, wool and honey, $1,455, 088.24.

Over two billion smoked a month!

—natural tobacco taste has the "call" these days!

Men have certainly made their preference clear!

REMEMBER just a few years back you saw but few Chesterfields?

Mighty different today! You see them everywhere! But it's not that fact, but the *reason*, that's the interesting thing.

Natural tobacco taste—a taste secured by matching one fine variety against another, a taste which retains tobacco *character*—that's why Chesterfield is America's fastest-growing cigarette, and has been for four consecutive years. Not much doubt nowadays about what smokers want!

Trumbull Wins Safety Contest

Ohio Division Of P. & O. Company Is Winner For Past Two Months

NEW CASTLE HAS TWICE BEEN FIRST

Trumbull division street car and bus operators won the fifth bimonthly accident prevention contest of the Penn-Ohio system. Announcement of the results of the July-August period have just been announced. The race was close, Trumbull division men winning by a fairly close margin over the Sharon division, with New Castle in third position.

The contests instituted last November, have been hard fought from the start. New Castle has won two, Sharon two and Trumbull one. The sixth contest is now on and if it is won by Trumbull the three divisions will be tied in the race for the permanent trophy to go to the division winning the most contests in the year. In that event the tie will be run off in November and December. If either Sharon or New Castle wins in the present two-month period the men of the winning division will gain permanent possession of the cup.

In the July-August contest the Trumbull men had a total of eight chargeable accidents for a total operation of 237,310 miles, or an average of 29,664 miles operated for each month.

Sharon had 11 chargeable accidents for 315,430 miles or an average of 28,675 per accident, and New Castle 10 accidents for 258,028 miles or an average of 25,805 per accident.

Trumbull's victory will be celebrated with dinner meetings, noon and evening during the week of September 20. At this time the silver loving cup will be placed in their possession to be held by them till the next bi-monthly contest is decided.

Lost Ad Gets Charm Back For L. L. Lamm

Lost Bit Of Jewelry Is Found By Philadelphia Man And Returned

News want ads again demonstrated their worth through the experience of L. L. Lamm, well known P. and L. E. yardmaster.

A week ago last Saturday Mr. Lamm had the misfortune to lose a watch charm which he prized very highly. His first thought was the lost column of the News classified ads. Accordingly he inserted an advertisement.

And the charm came back. A man visiting here from Philadelphia found it. He was on his way back to the eastern city but secured a News and found the description of the charm and telephone number to call.

He got in touch with William Justice of North Beaver street, a friend of his, and had Mr. Justice call the number. Thus did Lamm secure the return of his valued charm and annex himself to the long and ever growing list of boosters for News classified advertisements.

First commencement at Harvard was in 1642, so no doubt many of the boys have jobs already.

Zoning Board Grants Four Appeals From Engineer's Decision

Board of zoning appeals meeting Tuesday afternoon at the city building heard four appeals taken from the decisions of City Engineer F. F. Miller in refusing to grant building permits on account of indicated variations from the zoning regulations of the city.

The appeal was granted in each instance and the engineer's office directed to grant the permits subject to the variation from the zoning regulations asked and granted. In one instance the permission granted was conditional on certain improvements promised.

The cases up for consideration were those of John J. Book, 462 Neshannock avenue, who sought permission to construct an additional two-car garage at that address; Abram Fisher, 216 East Moody avenue, who sought to construct a home, the sunporch of which extended beyond the regulation building line of Emerson avenue on which the lot corners: H. K. Bell, 223 East Garfield avenue, who asked permission to extend the sunporch of a new dwelling four feet in advance of the building line, and Frank Richards, 605 East Long avenue, who asked permission to enclose the front porch of his property and make it a part of the store already a part of his property.

Opposition in One Case.

In only one case that of Abram Fisher, was there any opposition to the proposed variation of the building regulations asked, expressed. In the other instances there were no persons present to express opposition to the proposed changes.

J. A. Altschuler, architect, explained the proposed building plan of the Abram Fisher home. Plans of the building were shown. It is to front on Moody avenue with an open porch to the east and a 10-foot enclosed sunporch to the west. It is slightly over 53 feet in width over all. The lot is but slightly over 62 feet in width. This brings the proposed building to within six feet of the sidewalk on Emerson avenue while the average building line on that street is between 10 and 11 feet.

Questioning by Matthew Gunton, chairman of the board of appeals, brought out the fact that exclusive of the open porch that the width of the building would be slightly over 46 feet or approximately 11 inches less than three-quarters of the total width of the lot.

Chairman Gunton then drew attention to the fact that on corner lots under the zoning regulations, the owner may construct a home equal in width to three-quarters of the width of the lot, in spite of building line regulations on the intersecting street. It was on this grounds that the appeal was granted.

Carl S. Hall appeared in behalf of Mrs. Grace Phillips Johnson in this case. He testified that Mrs. Johnson had been the owner of this property as well as other property on Moody avenue, which she had sold from time to time to other persons, with the understanding that buildings in keeping with the district and conforming to the building regulations of the streets of the section would be constructed. He stated that this was for civic as well as personal interest and had been done at a loss to her.

Property Sold.

The property in question, he stated, had been sold to a former employe of the Johnson interests with the understanding that a proper building be erected. As this owner, for certain reasons, found it impracticable to do so, the property had been bought back and resold to R. J. Dobbs at a loss of approximately $1,000 to Mrs. Johnson between the price she paid and that at which she resold it.

It was understood, he stated, when it was sold to Mr. Dobbs, that he was to construct on it a fine home for himself, in keeping with the neighborhood and within the building lines as known and established. He stated that while Mr. Dobbs had informed Mrs. Johnson of a change in plans as far as his building a home, that he had sold it to others at a profit and without Mrs. Johnson being afforded an opportunity of repurchase. It was not opposition to present ownership, he stated, that caused the protest, but the building of a structure contrary to the understanding under which the lot was sold, as concerning the building lines.

Asks Garage Permit.

John J. Book appeared in behalf of the appeal for permission to construct an additional two-car garage on his property at 462 Neshannock avenue. He stated that the persons in the home on the property had three cars and that there was garage room for but two. The present garage is 18 by 20 and the addition would make it 36 by 20. He stated that it would be used for private garage purposes. No one appeared in opposition.

Bell Gets Permit.

H. K. Bell appeared concerning the appeal with regard to a new two-family dwelling at 223 East Garfield avenue. He explained that other nearby dwellings were already beyond the 30-foot building line and that should homes be erected on adjoining vacant lots and large porches constructed in front of them, that the proposed building, which will have no open porch would have all view up or down the street obstructed. He asked that the enclosed sunporch of the building, which extends four feet in front of the main body of the building, be allowed in front of the 30-foot building line. No one appeared in opposition.

Frank Richards, 605 East Long avenue, explained that there had been a store in his property for five years. He proposed, he said, to enclose the front porch, five feet in width, and make it a part of the store. Members of the board asked what improvements he proposed making in the appearance of the place and he explained a number of changes to be made to improve the appearance and promised to make others suggested by the board. The appeal was granted, conditional that all the proposed improvements stated would be made. No one appeared in opposition.

Negro Attacker Faces Gallows

(International News Service)

MOOREFIELD, W. Va., Sept. 8.—Jack Brady, 35, a negro farm laborer, today faced death on the gallows following his conviction by a jury here of criminal assault upon Odessa Oates, young ward of Seymour Hoffman, farmer.

Brady was sentenced by Judge R. A. McAuley to be hanged on November 12.

Evidence in the form of an alleged confession made by Brady was introduced at the trial which followed his indictment September 1. Brady denied having made the confession.

The assault was alleged to have taken place on August 15 while the Hoffman family was at church.

SCHOOL OPENS AT GROVE CITY

Increased Enrollment In High School—Football Training Starts

OTHER NEWS NOTES OF COLLEGE TOWN

(Special To The News)

GROVE CITY Pa. Sept. 8.—The Grove City public schools opened for a nine months term Tuesday. There will be 650 in the high school based on an increase of 50 over the enrollment of 1925. This will not only be the largest enrollment in the school history but rates among the county leaders. Another important item of school activity of the day was the opening of the football training season for the high squad of 30.

Director of Athletics Joe Hartman is in charge assisted by Arthur McBride. With the veteran material of the 1925 squad with which to work and lots of promising Freshman stuff Hartman entertains no difficulty in building a team.

F. W. Bailey of Tusla, Okla., is home on a visit and paid his respects to Grove City friends today. His brother Don Bailey died just one month ago following an operation. Both brothers are well known in Mercer county.

The addition to the Bashline-Rossman hospital completed by November 1 is the declaration of today of the owners who are hopeful that no change in date will be made necessary. The buildinug is frame and roofed ready for plastering inside and stuccoing out. W. C. Miller of Grove City has the contract for these two jobs. The heating system of the building is now being installed by the Davies company of Sharon. With the addition the hospital will be practically a 50 bed institution.

The Robinson Bible class of the Grace Methodist church will meet this evening at the home of Mrs. Wayne Jacobs on Chestnut street.

Following a hearing before Squire O. F. Irwin on Monday when charges were made by Chief of Police Ray against Harold Milner and John Allen, Jr., Grove City youths arrested Sunday evening in a hut along the Little Sandy creek in the heart of a forest at Raymilton, the boys were held for juvenile court and bail in the sum of $300 each was asked for their release. The goods found in the hut stated by the police to have been stolen from Grove City merchants was returned. It amounted to over $300. The truck belonging to Geo. DeFrance was among the stuff recovered.

To date no re-lease of the postoffice from the I. O. O. F. lodge of Grove City has been made by the postal department. The ten year lease under which the building was rented expired on July 1. Since that time little has been done by the postal authorities to bring the matter to a climax.

Ben Jones captain of the Frankfort Yellowjackets of Philadelphia this season with his family is making ready to leave for the Quaker city at once. The Yellowjackets will go through a ten day training period before the opening of the season. Jones is a former crimson star, well known from the record he made as a college player. It is rumored on good authority that handsome offers have been made Grove City college football players who have graduated to play professional football and that there is more than a scant possibility that familiar faces will be found on the lineup of well known teams.

Health Evangelist Offers Handsome Presents To Couples Who Get Married Friday

On Friday evening, September 10, Health Evangelist Ross Dyar, in charge of the big demonstration and minstrel show at the B. & O. Show Grounds, South Mill street, will give a special talk on the subject of health in the home after marriage and to increase the interest in this most important subject has offered a $227 mahogany chest of silverware to each couple who will agree to be married on the platform that evening.

This is usually a delicate subject but Mr. Dyar has handled it many times and his talk on it is given without the slightest embarrassment to anyone. He carefully and skillfully explains married life without crude references to matters of sex and any young girl or boy can hear this lecture without the slightest fear or hesitation. In fact, Mr. Dyar has made a reputation for the clean, wholesome manner in which he conducts not only his lectures, but his show and has been loudly commended for it by ministers, newspapers and health authorities everywhere.

So here's your chance, boys and girls, to have a real marriage with lots of good jolly company and a chest of silver with which to start housekeeping. He already has one couple and expects several more. Should bad weather prevent us from showing the program will be carried out the following night we show.

Attorney Whitla, Father Of 'Billy', Dead At Sharon

Former New Castle High School Principal Passes Away On Monday

WAS A NATIVE OF NEW WILMINGTON

SHARON, Pa., Sept. 8. — James P. Whitla, father of "Billy" Whitla, who was kidnapped in 1909 and later restored to his parents after a nation-wide search for his abductors, who were sent to the penitentiary, died in his home here yesterday. Mr. Whitla was a corporation lawyer and philanthropist. He had been ill for several months, but his condition was not considered serious until yesterday.

Whitla was identified with some of the largest manufacturing and railroad interests in Western Pennsylvania, being solicitor for the Pennsylvania railroad in this region and also attorney for the Pennsylvania-Ohio Electric Company.

Whitla was born in New Wilmington, on October 4, 1865. He was graduated from Westminster College at the age of 17, one of the youngest alumni of that institution. For several years he followed the vocation of teaching and later went to New Castle where he began the study of law. In 1891 he was admitted to practice and a year later he came to Sharon. He became associated with Judge J. A. McLaughry of Mercer. He was a large stockholder in the First National Bank here and at one time served as its president. For several term he also served as a member of the Sharon school board. He was an active member of the First Presbyterian church and was a generous contributor to religious and charitable affairs.

Several years ago Whitla was attorney for the Driggs-Seabury Corporation and was also in charge of the legal affairs of the interests of the late Frank H. Buhl, Sharon benefactor, and a brother-in-law of Mr. Whitla. He leaves his widow, one daughter, Selina, and one son, William F. Whitla. The son was admitted as a member of the Mercer County Bar yesterday afternoon a few hours before his father died. The son was graduated this spring from the University of Pennsylvania, and was to have been his father's partner.

Funeral arrangements have not been completed.

Evangelist From Grand Rapids, Mich., At City Mission

Former Superintendent Of Pacific Garden Mission Of Chicago To Speak Here

Rev. Bob Ingersol of Grand Rapids, Mich., well known evangelist, who for several years was superintendent of the Pacific Garden Mission at Chicago after the death of Harry Monroe, has been secured to speak in the City Mission, South Mercer street for a period of three weeks beginning Sunday evening, September 12 at 7:30.

Rev. Ingersol has been very successful in evangelistic work. By church affiliation he is a Presbyterian. Superintendent E. J. Berquist has known Mr. Ingersol for many years having worked together in various places in Michigan. He is very much pleased that the evangelist can come to New Castle for such a long time.

Mr. Ingersol is not only a splendid gospel preacher but does exceptionally well in solo work and will furnish special music from time to time. Roscoe C. Harrison of Plymouth, Pa. will have charge of the song service.

Gasoline Storage Tank Fire Damage Placed At $15,000

(International News Service)
PITTSBURGH, Sept. 8. — Fire which for a time menaced tanks holding thousands of gallons of gasoline stored in the city plant of the Jones and Laughlin Steel corporation here caused damage which today was estimated by company officials at $15,000.

The flames, which destroyed a large storage tank at the plant, brought nearly every fire company in Pittsburgh to the scene, and tied up traffic on the Pittsburgh and Lake Erie railroad for more than an hour when firemen laid hose lines across the tracks.

Some Pennsylvania State House Briefs

(International News Service)
HARRISBURG, Pa., Sept. 8. — The state, one of the largest consumers of paper in Pennsylvania, with the exception of publication houses, has just signed contracts for the 1927 supply. Frank Wood, director of publications in the property and supplies department, placed the contracts which will amount to something like $200,000 for the lucky bidders. The state's business has attracted much attention in the paper trade.

The contracts for the coming year, include paper of every description used by the commonwealth. The awards were the first to be made under the new specifications which are very similar to those of the federal printing office at Washington. Every sample of paper submitted to the state was sent to Washington for testing, thus a complete record of the physical properties of the various papers has been filed at the statehouse.

Einar Barfod, the recently appointed insurance commissioner of Pennsylvania, finds recreation in his spare moments—which are few—in painting. Having been a student in a Philadelphia art school he is skilled with the paint brush. His tastes run largely toward marine views because of a love of the seas acquired during his experience on the waters. He also is fond of sketching some of the beautiful views along Harrisburg's river front.

Recently Barfod worked on a scheme which vastly improved the perspective in his work on a river front painting. He thought he had stumbled on to something new. "On looking it up, however," he said, "I found the ancient Greek painters had used it as early as 500 B. C.."

The executive committee for the study of rural education in Pennsylvania will meet in the State Department of Public Instruction here September 15, with the object of discussing the problems of rural education and preparing drafts of bills which will be presented to the next legislature. It is probable that matter gathered during the summer and presented at the conference of rural educators at State College in August will be gone over by the committee. The proposal to establish the county unit of administration is one of the subjects which the committee will discuss.

Nearly eighteen million trees will be available for distribution and planting next spring from the state nurseries, it has been estimated by officials of the State Department of Forests and Waters.

Extensive plans have been discussed by a representative committee of numerous organizations and officials appointed by the State Department of Agriculture for an elaborate program to be presented at the Sesqui-Centennial the week of October 20. The week's program will be taken up entirely with the displaying of agricultural products of the state and speeches pertaining to the growing and handling of the foodstuffs. According to plans tentatively agreed upon by the committee Monday will be cereal day; Tuesday, Grange day; Wednesday, dairy day; Thursday, poultry day; Friday, potato day; and Saturday, apple day.

One of the first moves expected from Governor Pinchot when he returns to the capitol within the next week, following a two week's vacation trip, will be the naming of a judge for Allegheny county as a successor to Mayor Charles H. Kline, of Pittsburgh, who resigned from the bench last January. The governor recently named James H. Gray, Pittsburgh, as a common pleas judge, succeeding James H. Carpenter, who died last spring. The two Allegheny vacancies have been a subject of comment and expectancy for sometime. Another judge to be appointed by Pinchot is a successor to the late Judge N. Sargent Ross, of York county.

Two can live cheaper than one, but not so fast.

Death Penalty For Attacker Is Urged In St. Louis

(International News Service)
ST. LOUIS, Sept. 8.—Detective Chief Kaiser declared today he will urge the circuit attorney's office to demand the death penalty for John Sexton, 29, escaped Mississippi life term convict who has confessed, according to police, to attacking several women he lured to vacant houses here.

Sexton, police said, freely admitted the alleged attacks, including one on a 15-year old girl, and offered to plead guilty if assured he would be given a life sentence instead of the extreme penalty.

Police here said today they have forwarded Sexton's picture and fingerprints to authorities at Toledo, O., on the belief he had some connection with the clubbing of a number of women there several months ago.

Senator McKinley Shows Improvement

(International News Service)
MARTINSVILLE, Ind., Sept. 8.—Continued improvement in the condition of Senator William B. McKinley of Illinois, today led physicians to hope for his ultimate recovery.

Suffering from hypostatic pneumonia which followed a severe attack of sciatic rheumatism, the aged statesman has been near death at the Home Lawn sanitarium here for the past ten days.

The alarming symptoms of high fever and a racing pulse have abated and the senator now has a chance to recover, according to Dr. R. W. Terhune, attending physician.

Oil Production Shows Increase

(International News Service)
NEW YORK, Sept. 8—The daily average gross production of crude oil in the United States in the week ended September was 2,196,300 barrels as compared with 2,176,850 barrels on the preceding week, an increase of 19,450 barrels according to official estimates of the American Petroleum Institute.

California oil fields produced 601,000 barrels daily and mid continent fields 1,198,800 barrels daily.

Receipts of California crude and refined oil at Atlantic and Gulf Coast ports during the week totaled 537,000 barrels a daily average of 76,714 barrels against a daily average of 88,286 barrels in the preceding week. Imports of crude and refined oils at the principal United States ports averaged 200,286 barrels daily as compared with the previous week's daily average of 175,286 barrels.

Mellon Opposes Tax Reduction

Maturity Of Short-Time Obligations Will Prevent Tax Reduction, Belief

HOPE TO SECURE CUT IN 1927

By ROBERT S. THORNBURGH
International News Service Staff Correspondent

WASHINGTON, Sept. 8.—Maturity of short time obligations aggregating $1,886,000,000 by June 15, 1927, and meeting of the third Liberty loan obligation of $2,463,272,000 in 1928, will prevent any federal tax reduction at the December session of congress, treasury officials said today.

This was made clear in connection with official announcement by Acting Secretary of the Treasury Winston that the government would float 3½ per cent 9-month treasury certificates amounting to $350,000,000 on September 15.

Approximately $400,000,000 of 4 1-4 per cent notes will be retired at the same time, thus cutting the public debt $50,000,000 and furnishing an important saving in interest by reason of the lower rate of the new issue.

On December 15, the government must meet maturities totaling $452,879,000, on March 15, $668,210,000 and June 15, the new $350,000,000 issue.

Secretary of the Treasury Mellon is expected to oppose any further material tax reduction at this time.

It is believed, however, that the administration will back a substantial cut in the tax bill at the 70th congress in December, 1927.

STATE LEGION CONVENTION TO OPEN THURSDAY

(International News Service)

STROUDSBURG, Pa., Sept. 8.—The American Legion of Pennsylvania will open its three-day annual convention at Delaware Water Gap near here Thursday, Septemer 9 with the prospect of one of the most successful conventions the state body has ever held.

Many prominet men identified with the military service of the country will attend and speak to the convention.

As the closing feature of the meeting a huge parade will be staged Saturday afternoon September 11.

Final and complete arrangements for the festivities have been made by the George N. Kemp Post, the local post of the legion, which will be host to the several thousand legionaires who will attend the gathering.

It is expected that Gene Tunney who is in training at the Glenbrook Country club here for the world's championship bout with Jack Dempsey in Philadelphia September 23 will be given a place on the convention program. At least many of the legion men who will be at the Water Gap for the meeting will make it a point to meet the fighter and see him train in his camp here.

No nation is as bad as its rich tourists. France will like us better when the American Legion meets in Paris next year.

TRY MAGNESIA FOR STOMACH TROUBLE

To Neutralize Acidity and Fermentation. Prevents Indigestion, Sour Gassy Stomach.

People who suffer from indigestion usually have tried pepsin, charcoal, drugs and various digestive aids and know these things will not cure their trouble—in some cases do not even give relief.

But before giving up to chronic dyspepsia, just try the effect of a little Bisurated Magnesia—not the ordinary commercial carbonate, citrate or milk, but pure Bisurated Magnesia which you can obtain from practically any druggist in either powder or tablet form.

Take a teaspoonful of the powder or four compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow most everything you eat. You can enjoy your meals without a fear of indigestion.

Federal Agents Seek To Expose Gigantic Ring

Investigations In Larger Cities May Be Means Of Exposing Mellett Slayer

MAZER TAKEN TO CANTON, O.

By PAUL E. BROKAW
International News Service Staff Correspondent

CANTON, O., Sept. 8.—Federal agents, working "under cover" in several large cities Tuesday were reported to be investigating a huge bootlegging ring with a view to exposing the "higher ups" in the murder of Don R. Mellett, Canton publisher.

The government operatives gathering evidence in the liquor conspiracy, out of which the murder is claimed to have grown, were said to be working on ramifications of the ring in Detroit, Toledo, Cleveland and Pittsburgh today. Evidence which they gather will be turned over to a federal grand jury scheduled to convene in Cleveland next week.

Some time today Louis Mazer, indicted for first degree murder in connection with the Mellett assassination, will be returned to Canton to face arraignment, authorities indicated. He is now being held by federal authorities in Cleveland on a liquor conspiracy charge.

Necessity for a confession to corroborate the circumstantial evidence upon which Mazer, Ben Rudner and Patrick McDermott have been indicted today spurred authorities to more intensive action in the nation-wide search for McDermott.

McDermott, sought as the alleged hired triggerman and "key witness", has successfully evaded apprehension for nearly two months.

Because of the fact that a brilliant beam of publicity has been thrown upon his escape and because practically every police department in the nation has been advised to be on the alert for him, the theory that McDermott was murdered by the Mellett death plotters has been advanced many times.

Panthers Lead In Signaling Contest

Contest Is Held At Regular Meeting Of Highland U. P. Boy Scout Troop

Highland Troop No. 18 held its weekly meeting Tuesday, September 7 with a large attendance of scouts present. Troop committeemen Boston, Wallace and Cartwright were also present and the following visitors: Herb McGovern, Raymond Atkinson and Bob Lamm. Ralph Davis, scoutmaster, presided.

Plans for a corn roast were made to be held at Lakewood September 14. All Scouts are to meet at the Highland U. P. church at 6:30 o'clock on that date.

The Panther Patrol took first place in the signaling contest with 90 letters correct, Stag Patrol, second with 22 letters correct and the Eagle Patrol, third with 20 letters correct. Each boy in the Panther Patrol received 5 points.

Henry has built 14,000,000 of them, which allows each only five pedestrians.

YOUTH TO GO BEFORE JURY

Washington Youth Held For Grand Jury In Death Of Girl

(International News Service)

WASHINGTON, Pa., Sept. 8.—William Borchers, Jr., 26, member of a wealthy family here, was held to the grand jury Tuesday on charges of being an accessory before the fact in the death of pretty Margaret Foley, 20. The girl's death, following an operation, led to the suicide of Dr. Roger S. Parry, local physician.

Neither Borchers nor any member of his family, widely known for their operations in oil here, attended the coroner's inquest following which Borchers was held for the grand jury.

Borchers previously had been held for the coroner's jury in $5,000 bond following his surrender after Miss Foley's death and Dr. Parry's suicide in a cell where he had been taken for questioning in connection with the girl's death.

Census Reveals Astonishing Fact

According to the 1920 Census, there are 8,549.511 women and girls employed in all trades in the United States. Nearly nine million women would make a vast army.

Napoleon said, 'An army travels on its stomach". This woman's army travels on its general health. Probably there is scarcely a woman in it who has not forced herself to work when she was not able. In all sorts of weather and under trying conditions, like good soldiers, they stick to their posts.

Many women have learned that Lydia E. Pinkham's Vegetable Compound helps to keep them fit to work.

Keystone Gardeners Aim for High Honor

Growers Convention At Cleveland Will Attract Many From Pennsylvania

STATE COLLEGE, Pa., Sept. 7.—Pennsylvania vegetable growers are planning to run up a new record of attendance at the national convention of the Vegetable Growers of America in Cleveland, O., the week of September 13, W. B. Nissley, secretary of the Pennsylvania Vegetable Growers' association and head of the vegetable gardening extension work of the Pennsylvania State college, said today. They aim to capture the banner given to the state having the best attendance at the convention.

Ohio, host to this year's convention is ineligible to compete for the banner for that reason. For several years the Buckeye state has won the honors. Two years ago at the Louisville, Ky., convention, Pennsylvania was fourth and at the meeting in Providence, R. I., last year the Keystone men lost second place by only a few delegates.

Nissley states that the convention offers many attractive features this year, including the best talent in the United States and Canada. There will be a large number of exhibits on display, such as new machinery, supplies, and products for the trucking business. He emphasizes the value of meeting co-workers from other states and talking over with them the common problems of the industry.

The vegetable men will take a trip through the Cleveland market gardening section, which is reputed to be one of the most modern in the whole country.

"Back Seat Driver" Important Says Hanlon

"Man Who Just Rides" Is Important Factor In Modern Motoring

What does the man who rides with the man who owns a car think about? Or doesn't he count?

The New Castle Motor Club has taken the trouble to find out, and the answers are believed to be the first evidence of consideration for the man who merely rides.

"The man who rides thinks of all the things the driver hasn't time to consider. He is a more powerful factor in motordom than the car owner and driver."

Explaining these findings B. N. Hanlon, secretary of the local affiliation of the American Automobile Association, points out that with automobiles carrying virtually the entire population of the country and with only a fifth of the population car owners, the man who rides is a powerful factor.

"When he is riding he is thinking of motoring conditions," says Mr. Hanlon. "The owner-driver is thinking about his engine, worrying over strange noises in the car and wondering whether he is going to get mixed on his traffic signals at the next intersection.

"The man who merely rides is vitally interested in everything that is going on in motordom. He is working toward better conditions and thinking along constructive lines. Thousands of people who do not own cars and who do not even drive them are joining motor clubs, supporting good motor legislation and are exerting their influence in favor of general betterment.

"Persons who do not do the driving or the worrying about the car proper are found to be quite observing of the broader features of motoring and appear to be a more or less overlooked factor in the organization of motor interests necessary to national improvements in motor conditions."

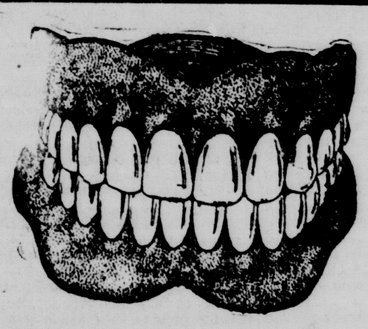
Painless Dentistry at Moderate Prices

LIFE-LIKE FALSE TEETH
Guaranteed Perfect Fit
If you have one of these so called hard mouths to fit come to us as we specialize in that type of work.



Dr. Finkelstein's Dentistry Is Most Convincing

Dr. Finkelstein's dental policy is to do high-class dental work—**painlessly**—at a moderate fee. That should be most convincing—it's fair and businesslike; it's the most one would expect.

High-class dental work means many years of acquired skill in workmanship and guaranteed quality. A moderate fee means inexpensive—something that don't overtax your pocketbook. You get both at Dr. Finkelstein's. That's fair enough, isn't it?

New System For Keeping Accounts For City Schools

Two New Teachers Elected For High School To Fill Vacancies

ELLWOOD CITY, Pa., Sept. 8.—One of the important matters discussed and approved by the school board at their regular meeting Thursday evening, was the advisability of changing their methods of keeping the school accounts.

Superintendent W. Ray Smith informed the men that a Mr. Crowley and Mr. Gray of the National Tube company, had gone over the system which finds great favor with the steel concern, and he outlined the system in detail, which not only systematizes the work, but prevents the mix up with several invoices for one purchase.

With the system which has been used by the Tube company, there would be a necessity of the order being ok'ed by not only by the superintendent, but by the teacher, principal and superintendent.

After it had been approved by teacher and principal it would be taken to the superintendent's office where four copies of the order would be made, one for the teacher, principal, merchant and one for the file in the central office. Nothing can be purchased without an order, and there must be an invoice (numbered) for each purchase made, whether a paper of pins or baseball bats.

This plan is to be adopted at once, and Supt. Smith has been authorized to hire an added girl to assist his stenographer in the offices.

Teachers Resign

Charles Barnes and Miss Margaret G. Brown presented their resignations and following their acceptance by the board, Miss Dorothy Hemphill and Charles Patterson were elected to take their places in the high school.

Dr. W. G. Evans was elected to be the school physician for the coming year. H. M. Lee, the athletic instructor will have a number of extra duties added to his former work, and his salary increased accordingly. The janitor and his work was discussed. Is it lawful for a janitor to cut weeds in a field which makes up the school yard? One local janitor thinks not, but the school board voted his objections down, and he is to be notified to this effect.

The coal contract for the year has been awarded C. H. Blank, whose bid was the lowest of a number received. The contract for removing dirt away from the new building in order to grade, was waived for the time being. The question of a new flag pole was discussed, but nothing further was done.

Interesting Papers Read At Missionary Meeting On Tuesday

Officers Re-Elected At Meeting In H. H. Reynolds Home On Tuesday

ELLWOOD CITY, Pa., Sept. 8.—Mrs. C. V. Patton led devotionals at the regular meeting of the Woman's Missionary society of the First M. E. church which was conducted at the home of Mrs. H. H. Reynolds of Sixth street Tuesday evening. Mrs. Thomas Roys read an interesting paper entitled "Gather up the Fragments." Mrs. Minnie Reynolds' paper concerned "The Winged Victory."

Officers were re-elected. They are Mrs. H. H. Reynolds, president; Mrs. Thomas George, vice president; Mrs. Minnie Reynolds, corresponding secretary; Mrs. George Roys treasurer.

A number of reports concerning the prosperous year, through which the society has just gone, were heard and it was decided to meet at the home of Mrs. C. V. Patton of Bell avenue the first Tuesday in October.

After the business session Mrs. Reynolds assisted by her daughter Margaret served a delicious lunch to the ladies. Special guests of the evening included Mrs. J. I. Porter and Mrs. Jennie Harper.

Interesting Facts Gleaned From Two Men In Train Coach

ELLWOOD CITY, Pa., Sept. 8.—Two local women recently overheard a most remarkable, if unsatisfactory conversation between two men, evidently bound for the sesqui-centennial, and coming from —goodness knows where.

The first man was overwhelmed with the high hills which he viewed from the car window as they neared Pittsburgh. "Looky there, John, aren't those mountains high tho?" John contemplated the mountains quietly for a few seconds, when a light broke out over his countenance. "There's houses on them" he said. His companion and John spent the best part of ten minutes trying to figure out how they built the houses so high up, and the remainder of a half hour, just what people would do with their lives, if they lived there. "Nothing to do for a fellah like that—bu hunt and fish," was their decision.

Later upon contemplating the placid river flowing at their side, they named it "the Ohio", having heard that it was raised "near abouts" Pittsburgh somewhere.

Presidents' Day Is Celebrated At Club Meeting, Tuesday

ELLWOOD CITY, Pa., Sept. 8.—Presidents' day was fittingly celebrated at the meeting of the Woman's club in the First Presbyterian church Tuesday afternoon. Mrs. William Renner, president of the civic organization read an interesting paper concerning the year's work outlining a number of interesting events which are planed for the coming season which was started with the first fall meeting yesterday.

The resignation of Mrs. Charles Jackson and Mrs. W. R. Johnston were accepted and Mrs. Tomilson and Mrs. Streeter were elected to take their places as recording and corresponding secretaries. Mrs. William Chancellor was elected to be chairman of the social committee.

Following the business session, delicious refreshments were served by the committee in charge.

Emma McLaughlin Returns Home From Ellwood Hospital

Officers Elected At Y. P. Council

Plans Completed For The District Conference Of Young People In Presbyterian Church

ELLWOOD CITY, Pa., Sept. 8.—Members of the Young People's Council met in the First Presbyterian church Tuesday evening to complete plans for their district conference to be conducted at this church Saturday afternoon and evening.

Officers for the coming year were elected at this time, and resulted as follows: Miss Virginia Kerr, president; Charles Main, vice president; Lawrence Flinner, corresponding secretary; Miss Margaret Benford, recording secretary; John King, treasurer and Miss Margaret Reynolds, pianist.

The meeting took the form of Ministers' night, and five members of the clergy representing the local churches made a short address.

At the meeting of county officers which took place after the regular session, plans were completed for the conference on Saturday. Registration will begin at 1:00 o'clock and continue until 6:00 p. m., with Miss Virginia Kerr and Harold Garwig in charge. Supper will be served at 6:00 o'clock, and a number of interesting speakers have been procured for the evening session.

HANDCUFFED PAIR HUNT TALL TIMBER IN SLIPPERY ROCK

County Detective George Kennedy and other officials are looking for a man named Price who is supposed to be roaming the wilds of Slippery Rock township handcuffed to a man whose name is unknown.

Price, it is alleged has been running a roadhouse near the Black school. When officials swooped down on it there were six occupants. They were drinking alcorub and wine.

Price was handcuffed to one of the men and stood aside while the officers were taking charge of the others. When the officers turned to where they had left the handcuffed pair they were missing and have not been seen since.

Three of the men put up forfeits for their appearance at Alderman Hamilton's. The other, known as "Uncle Pearl" Lowers, was held for court by the alderman on a charge of violating the Snyder act.

Nearly Three Thousand In Ellwood Schools

ELLWOOD CITY, Pa., Sept. 8.—Twenty class rooms at the new Lincoln Junior High School were available and 749 pupils assigned the seventh, eighth and ninth grades took their places in the newly completed section of the splendid structure located at the end of Fifth street, which the plasterers and other workmen continued with their unfinished work in the front entrance, in the auditorium and gymnasium, unmolested, yesterday.

Much of the congestion which has been prevalent in the schools here for the past few years, was relieved by the added space created by the new building, and it is a plan for the not too far distant future, that new buildings can be added in order that the portables can be dispensed with. The total number of pupils registering yesterday was 2,937.

The total number of pupils registering at the Hartman building was 732; Lincoln, 749; North side 542; Circle, 304; Central, 338; and West End, 272.

Sophomores, Juniors and Seniors of the High school are disappointed that they must needs return to the Central building on Sixth street and Lawrence avenue, but were on hand with the first tap of the bell in the morning, arranging with instructors for their classes and receiving their schedule, provided by principal Earl Davis.

Prof. W. Ray Smith was a veritable "Elusive Lucille," but his stenographer, Miss Hemmerly answered questions meant for him, without tiring.

The kindergarten is a thing of being, not merely a seemingly hopeless idea which was sprung before the board of education at a very recent meeting. The idea caught fire, and "voila," it is. More than thirty five little tots all vaccinated 'neverything, made their appearance at the Hartman building to be greeted by Miss Mary Wilson, who has been chosen to put them thru their various attempts at organized play each day.

They like it, in fact they can't talk of nothing else after the school hours. In this they are like their neighbor children older brothers and sisters. The first few days, when the teachers have so many new things on their minds, that they accept situations, their pupils enjoy the school work and accept it as a part of their work for the winter. Later they may become a bit tired of the routine, but always in the Ellwood schools there is a playtime, which serves as a delightful alternative from the old school when all work and no play made Jack a dull boy, instead of a real student, a subject of pride to be displayed at big football games, etc. Then there are the plays, giving the students their chance to prove their talents, the choruses and glee clubs, as well as receptions and parties in which the parents, teachers and pupils have a special part.

Coroner's Jury Probes Shooting

Canton Woman Held In Jail Awaiting Outcome Of Jury Action

FIND BODY OF HUSBAND SLAIN

(International News Service)

WELLSBURG, W. Va., Sept. 8.—The body of Albert Graham, 35, in connection with whose death his wife is being held in Brooke county jail here, today was on its way to the slain man's home in Canton, O., for burial.

Decision of the coroner's jury investigating the circumstances surrounding the finding of Graham's body beneath his wrecked car, a bullet wound in his right temple, was expected late today following a delay due to absence of one of the jurors.

Coroner J. B. Walkinshaw ordered Mrs. Graham's arrest after he found her beside the body of her husband at the scene of the wreck. Walkinshaw said Mrs. Graham told him she held the revolver with which Graham's fatal wound was inflicted, but the weapon was exploded by a sudden jar of the car in which the two were riding. She was attempting to commit suicide because she feared Graham was deserting her, Walkinshaw said Mrs. Graham told him.

Victor Graham, a brother of the dead man, and Leonard Mittner, both of Canton, who were arrested following the shooting, today were held without bail to await the decision of the coroner's jury.

Mrs. Graham was allowed to visit with her eight-months'-old boy today for the first time since her arrest. The baby is being cared for by Mrs. R. A. Bodner, wife of the jailer.

Bernsteen Request Will Be Granted

(International News Service)

WASHINGTON, Sept. 8.—The Department of Justice will grant a request from United States District Attorney Bernsteen at Cleveland to turn over to Canton authorities P. L. Mazer, indicted for the murder of Don R. Mellett, Canton publisher, officials declared today Mazer is now held at Cleveland on a liquor law violation charge.

A formal request for action from Bernsteen has not been received, but department officials said it was the rule to comply with requests of district attorneys in such cases.

FIRE DAMAGES BEMAN HOME

West Washington Street Residence Afire At Early Hour This Morning

The home of Lewis E. Beman, 1119 West Washington street, was damaged to the extent of $800 by fire shortly after four o'clock this morning. The fire cause is unknown. The loss is covered by insurance. The alarm was turned in from box 67.

As far as could be determined the fire started in the ceiling above the kitchen and to the rear of that room. It burned to the wall of the building and then up between the weather boarding and plaster to the attic.

It then burned across the attic ceiling to the center partitions of the house and burned down. It was a hard fire to locate, owing to the dense smoke and the fact that it was between the walls. The firemen were on the job until six o'clock, owing to the very stubborn nature of the blaze.

Denies Seeking Divorce Action

(International News Service)

SAN FRANCISCO, Sept. 8.—Mrs. William S. Hart the former Winnifred Westover, motion picture actress, today reiterated that she had not been in Reno to secure a divorce from her estranged husband. Mrs. Hart, who has been visiting friends here, will leave for Hollywood today.

Mrs. Hart said she would again return to Nevada.

"But it will not be to secure a divorce," she said, "but merely because of some threatened litigation over some mining stock."

GOOD PROMISE FOR BUSINESS

J. C. Miner Discusses Prospects At Kiwanis Meeting At Noon

Business for the coming fall months has a promising outlook, according to J. C. Miner, treasurer of the Home Trust company who spoke to the Kiwanis club today at noon.

In his address Mr. Miner gave a rather detailed resume of the conditions of various lines and said that the large inventories of materials held by industrial plants of several years ago have been reduced, thereby giving the industries ready cash with which to carry on. His address was listened to appreciatively.

As a feature of today's program, Miss Rebecca Crawford, contralto, sang. Each summer during the vacation period Miss Crawford pays a visit to the Kiwanis club and each year sees an increased appreciation on the part of the club members. Her numbers today were delightful and called for encores. She was accompanied by Paul Robinson.

WILL TAKE BIDS FOR NEW ISSUE OF STATE BONDS

(International News Service)

HARRISBURG, Pa., Sept. 8.—Bids for ten millions worth of state highway bonds will be asked next Friday, State Treasurer Samuel S. Lewis said today. The issue will be the last of the fifty million highway loan. The bonds will be issued as of October 1 and will bear 4 per cent interest. Dates of maturity will be October 1, 1934, 1939, 1944, 1949 and 1954.

Lewis said he anticipated no difficulty in selling the issue at the four per cent rate, pointing out that recently the state of New York floated a $28,000,000 issue at the same rate and with a "handsome premium."

Date for opening of the bids will be decided Friday.

Philadelphia crooks must be getting worse. Cops there are ordered not to wear any jewelry.

PETER'S ADVENTURES IN ANIMAL LAND

BY MRS. FLORENCE SMITH VINCENT

BETRAYED BY HER TUSK

Dromda the Camel wiggled his ears, raised his head and pointed his funny long nose straight up at the sky and took three deep whiffs of the blossom scented air.

"By the Great Horn Spoon, how happy I am!" sighed Dromda the Camel. "Up the mountain and the heart in my breast was as heavy as a cocoanut. Down the mountain and 'tis no weightier than a feather. I wouldn't harm little Tusker now! no, not if he stood in my path. Nor care I longer that Kamba is favorite of the King. 'Tis a hard place to fill—what could I ask for more?

Happiness is catching, and without Peter quite knowing why, Peter began to feel joyful, too.

"Where, do we go from here, Dromda?" cried the boy and beat a merry tatoo with his heels against the Camel's sides.

Dromda twisted his neck and playfully nipped Peter's foot.

"To the desert, of course! Where else?" snapped he. "And we're on our way!"

Camel set off at a shuffling pace. And by and by they had crossed the plain and left the mountain far behind them. Now they were nearing a clump of palm trees. Almost had they reached their straight pole-like trunks when suddenly the Boy gave a shout, and leaning forward tweaked one of Dromda's ears.

"Look, Dromda! What is that white thing that glistens in the sunlight. It moves! Now 'tis gone!

I see it again! Ah, it has disappeared. What do you think"——

"I don't think at all! I know!" Dromda interrupted Peter "That white thing that glistened—and I spied it, too—an Elephant's trunk Mrs. Tusker has learned from her son the evil that I did, and lurks behind the palm trees to take revenge upon me. By her ivory tusk is she betrayed. I will fool her!"

Forest Club Members Meet First In Camp

Sixteen Boys Enrolled In Camp Maintained By Penn State College

STATE COLLEGE, Pa., Sept. 8.—Sixteen boys attended the 4-H forestry club camp at Vosburg, Wyoming county, F. T. Murphey, extension forester of the Pennsylvania State college, reported today. The boys are members of one of the only two forestry clubs in the state. Murphey was in charge of the camp and instructed the boys in woodcraft. The camp was the first the boys ever attended.

The Boys visited several extensive forest tree plantations along the Susquehanna river as part of the program they enjoyed. These gave them a working knowledge of tree identification and of the characteristics of growth of the various species of trees.

Murphey said that he was favorably impressed by the rapidity with which the boys became acquainted with each other and the way that they discussed forestry problems with each other. They liked the idea of a summer camp and voted to make the event an annual affair. The boys did kitchen police duty and other work about the camp in the regular army detail style.

Next spring 12 of the boys will plant a thousand trees each. The other boys will practice thinning work in the home farm woodlots.

Yet Mr. Coolidge must chuckle a little when he is given all the credit for prosperity.

If insects can't reason, why does a fly usually attack a bald spot from behind?

It's the humidity that makes the heat oppressive. The drys fare better.

SIXTY CANDIDATES REPORT FOR FOOTBALL TEAM

Squad Enlarged As School Starts

Twenty-Two New Candidates Greet Coach Bridenbaugh On Tuesday Afternoon

NOT SUFFICIENT UNIFORMS FOR ALL

By "BUGS" WALTHER

New Castle High will not have much to worry about this year—that is, as far as material for the 1926 football team is concerned, for the very reason that upwards of 60 young candidates greeted Coach Phil H. Bridenbaugh on Tuesday afternoon at the Ben Franklin High stadium in the initial workout of the year on home soil. There is a possibility that the squad may reach at least 70 before the end of the week.

Thirty-eight players were taken to the training camp at Muddy Creek Falls, and with this number in camp it was found necessary to form three teams, with a few hangovers, but now with 60 boys Coach Bridenbaugh has at least five full teams in action, and it keeps the mentor, together with his two capable assistants, Klee and Thomas, busy watching the maneuvers of the youngsters.

Lack Uniforms

The practice session on Tuesday afternoon started shortly after 2:30 o'clock after the 22 newcomers had been outfitted by Faculty Manager Gardner and his able assistant, Student Manager Merritt Hoag, and at that the officials had a hard time to outfit the number, with several boys being unable to don uniforms for the very simple fact that there were not enough to go around. Never before in the history of football at New Castle High has this situation presented itself, and the officials feel complimented that so many youngsters are taking to the great fall sport.

Among the new men reporting for the first time on Tuesday were Robert Sherer, Bill Kirk and Earl Turk. These three youths were on the squad in 1925 and gave good accounts of themselves, and the coach was mighty well pleased with their return to active work. Turk has been laid up with illness and Kirk and Sherer have been away, it is understood.

The practice session swung under way on Tuesday afternoon with a drill of the fundamentals given the squad while in training camp last week, and after Coach Bridenbaugh had satisfied himself that the boys had mastered the intricacies of the minor details the order for helmets and shoulder pads went forth and the boys for the next hour enjoyed a severe and gruelling scrimmage that will tend in time to produce a winning combination. The boys displayed a marked improvement in their style of play yesterday afternoon, and the writer believes that New Castle High will have one of the best teams in recent years when they take the field against Mars High.

Harper Promising

Tommy Harper, former Schenley High product, who has displaced "Peg" Thomas as fullback owing to the latter's being out with an infected leg, is showing up mighty well and is getting quite some distance on his line plunging and ability to diagnose the plays, and it is the belief that this chap is due to become a threat to the opposing teams this fall. Dickson and Tip Richards are also playing a fine game in the backfield, with Klaber and Sillman fighting it out for the quarterback berth. The dope favors Klaber, however, due to his year's experience as a Red and Black backfield artist.

The team as a whole looks mighty promising. There is plenty of beef and brawn, and speed is there in abundance. The team will be light and fast, with eleven men chosen for the first team averaging in the neighborhood of 165 pounds, which is mighty good for a high school outfit, according to those who have been acquainted with high school teams in the past.

The team will hold another practice session this afternoon at the Ben Franklin field at 3:30 o'clock, and in fact the team will practice every night this week with the exception of Saturday.

Meet Saturday To Plan World's Series Contests

(International News Service)

CHICAGO, Sept. 8.—Judge K. M. Landis, "czar" of baseball, announced today a meeting of representatives of National and American league clubs will be held in Pittsburgh Saturday morning to arrange for this year's world's series.

Judge Landis said representatives of the St. Louis, Cincinnati and Pittsburgh clubs in the National league and New York, Cleveland, Washington and Philadelphia in the American would confer with him at the Pittsburgh meeting.

Independents Take Seventh Straight

Frankie Ross Pitches Steady Game As Mates Slug Way To Victory

Manager T. C. Richards' Independents won their seventh straight victory of the season on Tuesday night at the E. & A. grounds when they downed the Italian Stars 9 to 8, in a fast game that was called in the sixth on account of darkness.

Frankie Ross adorned the slab for the Indies and pitched another of his fine games, allowing but six hits, fanning five men, and issuing but one base-on-balls. F. Domenick and Cardella divided pitching honors for the Italian Stars.

The Stars scored in the second inning when Russu walked, Cardella singled, and Ross' wild pitch, their other run came in the fourth inning S. S. Domenick reached first on Palus' error, Frigone doubled, Scalione threw wild to third and S. S. Domenick scored.

The Independents had two big innings the third and fifth when they combined their hitting to score nine runs, in the third Ross was hit by a pitched ball, Palus singled, Marino fanned, Mash doubled scoring Ross, General forced Palus at third, Augostine tripled scoring Mash, and General. Augostine scored on Orlando's error at third, Gennock flied out to Frigone to end the inning.

In the fifth inning Marino singled, Mash singled, General fanned, Augostine singled, and Gennock cleaned the bases with a triple, Marcella scored Gennock with a single, and Marcella scored on Scaglione's' double, Rose and Colo ended the inning by flying out.

Gennock and Augostine with triples and Mash and Scaglione with doubles and General with a pair of singles were the heavy hitters of the game.

Pennant Races In Both Leagues

(International News Service)

NEW YORK, Sept. 8.—The Cardinals lead Cincinnati by two games this morning in the National League race while Pittsburgh, four and one half games behind St. Louis, apparently is out of the race. The Cubs, who defeated the Reds yesterday while Pittsburgh was losing to St. Louis, are now on the heels of the Pirates.

The Yankees increased their lead to seven full games by trouncing the Red Sox while Cleveland lost to the Browns for the second game in succession. The Yanks can clinch the flag by winning thirteen of their remaining contests, even if the Indians should win all of their nineteen games.

Pacific Coast Gridders Pick Big Fullback to Star Again

By NORMAN E. BROWN

We have it from no less an authority than "Teets" Carle that the University of Southern California is already trying on the ermine mantle that goes with kingly crowns, supremely confident of ruling the football world on the Pacific Coast this fall—and quite hopeful of laying claim to the national championship.

There are several valid reasons for this optimism.

Coach Howard Jones has 21 letter men returning—and thirteen of these jolly Rogers have played together since they were freshmen and did as freshmen do.

With these men forming the somewhat well known and oft quoted nucleus Jones is further cheered by the fact that 12 other players who showed much promise last year and saw some service but did not receive their letters, are back and raring to win the honor this fall. And the freshman team of the squad of last year presents the former Iowa grid mentor with two dozen other possibilities. Jones and the Southern California adherents can well expect some new strength.

Only one thing stands between the "Trojans" and a monopoly on the football honors of the season, as the boys out there see it—that is the unusually tough schedule ahead of the team. Which is somewhat of a natural hazard, so to speak.

Were the team preparing to face an ordinary schedule most critics might be inclined right now to predict a clean sweep for the team—and an easy tramp to a great record. But after meeting, as coast rivals, the California, Stanford, Oregon Aggie, Idaho and Montana elevens the Southern California squad will wind up its season with a game against Notre Dame—due to have the usual type of team.

Along with Lee in the backfield Jones still has Morton Kaer, the best quarterback for plain ordinary quarterbacking on the coast, Morley Drury, Charlie Boren, Howard Elliott and a couple of other lads of that caliber, surely make a sweet backfield.

"Southern California is the team to beat," is the slogan on the coast.

And the enthusiastic Mr. Carle says, "bring on the season."

Richards Seeded Second To Tilden

Pairings May Put Vin Number 2 On Davis Team

NEW YORK, Sept. 8.—Tennis officials have given recognition to the brilliant tournament performances of Vincent Richards by seeding him second to William T. Tilden in the draw for the national championship next week at Forest Hills, N. Y.

Observers accepted the action of the tournament committee as indicating a leaning toward Richards for No. 2 singles position on the defending Davis cup team, a place filled last year by William M. Johnston of California. Tilden, as national champion, already has been generally looked upon as certain to be named No. 1 player on the team, which begins play against France in the challenge round Thursday in Philadelphia.

Six other Americans and eight foreigners also were seeded in the field of 64 starters. Edward G. Chandler, the intercollegiate champion; Alfred H. Chapin, Jr., of Springfield, Mass., two of the group, were not members of the first ten last year. Chandler has drawn keen opposition for his first round match being bracketed with Brian I. C. Norton of San Antonia, Tex., former Wimbledon finalist.

Other seeded players are Richard N. Williams, captain of the Davis cup team, Takeichi Harada of Japan and Manuel Alonso of Spain. Harada and Alonso have done most of their playing in this country for the last two or three years.

The seeded foreigners are Rene Lacoste, Jean Borotra, Henri Cochet and Jacques Brugnon of the French Davis cup team, Tsumio Tawara and Teizo Toba of Japan, Jack Wright of Canada and Manuel Llano of Mexico.

In the first quarter with Tilden are Chapin, Tawara and Cochet, while Williams, Alonso and Lacoste are in the second quarter and will have to be passed by Tilden in his attempt to reach the final.

Teams To Play Postponed Game

According to an announcement from Walter E. Kirker today the First M. E. and Central Christian teams will play a postponed game tonight at 6 o'clock on the Radiator field.

Black has been assigned as the umpire.

Make Arrangements For Series Games

Final arrangements for the playing of the five game Lawrence County Championship series, was made at the Y. M. C. A. on Tuesday evening when John A. Jackson representing the County League, Carm Sacco of the New Castle team, and Joe Dougherty of the Ellwood City team met to discuss and thrash out all the details relative to the opening game here on Saturday, September 11.

The tickets for the first game to be played at Centennial Field were placed on sale today throughout New Castle and Ellwood City. The game Saturday will start at 3 o'clock daylight savings time, with Harold McVey of Youngstown an O. & P. league umpire back of the plate, Jones and Turner of the County League on the bases.

The second game of the series will be played at Ellwood City on Tuesday, September 14, and the third game on Thursday, September 16, and the fourth game if necessary at Ellwood City on Saturday September 18, should a fifth game be necessary it will be a toss-up between the two cities.

Both teams submitted their starting lineups for the opening game on Saturday as follows:—Ellwood City—M. Sanders lf, F. Sanders 3rd, Brown ss, Cunningham cf, Volpe 2nd, Byak rf, Strouse or Hudson 1st, Dallenbach c, and either Jamison or Kirker pitch, with Kirk, Marinana, or Johns in reserve.

The New Castle team will lineup as follows:—Weimer lf, Grabfelder 2nd, Buzzard cf, McCullough rf, Hoffman 3rd, Reeder ss, Ross 1st, Gahles c, R. Flynn, Steen or Hospidore p, with Coen, Kimes, J. Flynn and Robertson in reserve.

Junior Team Notes

The Red Tops defeated the Lion Cubs 12 to 6, in a game played Tuesday night on the Scotland Lane grounds. The Red Tops hit the pitching of Thompson and Moss freely. The hitting of Krueger of the Red Tops and Jackson of the Lions featured.

The Wampum Blue-Jays defeated the Crescent Juniors 7 to 3 in the second game of the five game series between the two teams. Boone's double with two on base decided the game Taylor played a stellar game in the field, while Blythe and Mundo both pitched good ball.

Tagging All Bases

(International News Service)

The Pirates walked the plank with amazing docility as Willie Sherdel of the Cardinals whitewashed them 8 to 0. Hornsby playing with an injured knee, drove in three runs and Chick Hafey got three hits.

Because of Critz's fumbles and their inability to bunch hits off Kaufmann and Bush, the Reds lost to the Cubs 8 to 5. The Reds now trail the Cards by two games.

Boston's 17th straight defeat stretched the Yankees' lead over Cleveland to seven games as the Hugmen triumphed 4 to 2. Shocker was hit freely but put on the brakes quickly when the bases became populated.

George Uhle failed as the Indians lost to the Browns, 8 to 3. Falk twirled well for the winners.

The White Sox downed the Tigers, 4 to 2, sweeping the series and drawing close to fifth place. Bud Clancy, White Sox rookie, was the big noise with a single, a double and a triple.

Wayland Dean pitched the Phils out of the cellar, blanking Brooklyn 5 to 0.

After losing to the Giants 7 to 2, the Braves came back like an echo and won the nightcap, 7 to 5, with a four run rally in the eighth.

Martin And Phelps Pitch Christians To Church League Victory, 7 To 1

Fine pitching on the part of Martin and Phelps gave the Central Christian team a 7 to 1 victory over the Croton M. E. team in a game played on Marshall field on Tuesday night. The game was played as a postponed affair.

Martin and Phelps during their stay on the mound gave but three hits, while the Christians found Benninghoff for five bingles, combining their hits in the second, fourth and fifth frame to snatch the victory. Croton scored their lone tally in the first inning and were held scoreless thereafter.

Both teams played good ball in the field with not a sign of an error. O. West had the only extra base blow of the game.

Tunney Trains Hard For Bout With Dempsey

Challenger Has Determined Look As He Goes About Conditioning

TUNNEY CLEANS UP SPARRING PARTNERS

By RAY CAMPBELL
International News Service Staff Correspondent

STROUDSBURG, Pa., Sept. 8.—Placidity has gone from the face of Gene Tunney. This handsome pugilist philosopher who is usually so calm, so lacking in any expression save one of peace as he goes about the boxing that is preparing him for his attempt to defeat Jack Dempsey, snarls a bit now as he performs his task. He wrinkles his forehead, draws down his brows, and sniffs and curls his upper lip up over his teeth and gums as he walks into his sparring mates, both hands blazing away.

Tunney is in excellent physical condition now so he is seeking nothing but sharpness in his boxing, speed of hand and foot and an especially potent punch. He is going after these things in a business-like and vicious manner. He can get them only by punching his partners, so punch them he does. He still carefully refrains from knocking them over but he doesn't worry much about hurting them.

Gene jabbed Billy Vidabeck with all the power in his brawny arms and shoulders yesterday. He hooked him with left hands to the body and crossed damaging rights to the Jersey City boy's jaw.

Harold Mays had no easy job either. Harold is especially valuable to Tunney because he hooks a left hand in a manner not unlike the Dempsey delivery. Mays swung many a left at Tunney yesterday but Gene either moved out of the way of the punches or flashed terrific straight rights to the jaw inside the hooks.

How pleasant the world would remain if people could keep on feeling as they do just after a war.

While 23 convicts escaped at Ionia, Mich., they shouldn't have much trouble in getting some more from Detroit.

If thou desire to be held wise, be so wise as to hold thy tongue.—Quaries.

Dempsey And Wills Match At Tia Juana Mexico Is Planned

Wills Holds Out For $300,000 As Challenger's Share In Gate Receipts

Dempsey Must First Dispose Of Gene Tunney Before Thinking Of Wills

BY DAVIS J. WALSH
Sports Editor Internat'l News Service

ATLANTIC CITY, Sept. 8.—Jack Dempsey will meet Harry Wills in the long awaited battle of the ages at Tia Juana within a matter of months, according to a story which broke within the champion's training camp today. There are only two factors that stand between the two greatest heavyweights of the modern era. They are the signature of Wills to a Dempsey contract and the possibility, however, vague, that the champion might muff his chance against Gene Tunney on the night of September 23.

According to Gene Normille, manager or what-not, of the heavyweight champion, the second possibility has a stronger chance than the first. Normille says that Wills has set a prohibitive price on his head, so to speak.

"He wants $300,000 as I understand it", the champion's manager declared. "That's entirely too much for any challenger. We are fair enough, when it comes to that, but if Wills really wants nothing but a shot at the title, as he has been claiming, he will sign up for whatever he can get. Every challenger has done that since time immemorial.

"We are willing to give Wills a better price than any challenger has received to date. Dempsey took his almost for nothing because he felt he could win and earn his money afterward.

"If Wills is sincere he will feel the same way. If not, we can only assume that he is after the loser's end."

Normille talked only after some persuasive conversation from the writer. He intimated that he preferred to await the arrival of James Coffroth from the West before committing himself either one way or the other. Coffroth was the Tex Rickard of his day ,which was the day of the old championship battles in California. Incidentally, it might be mentioned that Normille is one of Coffroth's very bright young men.

Therefore, if Normille says that Dempsey is willing, one might very well judge that not only the champion, but the promoter, is amenable to the proposition. The only thing missing is the challenger and, if all he wants is a fight with the champion that fight is here.

"Nocks" To Play Wampum Tonight

The Neshannocks and Wampum will battle tonight at 6 o'clock in a Lawrence County League game, at Coaltown.

The game to be played tonight is a regular league attraction which was moved up from this coming Saturday, due to the fact that Ellwood City and New Castle will start their championship series on that date, and it was believed that the game in Coaltown would interfere with the series game.

Davis Cup Defenders — By Feg Murray

The quest of the Davis Cup will be in full force again tomorrow when the 1926 challenge round begins on the courts of the Germantown Cricket Club at Mannheim, near Philadelphia. Sir Galahad's quest of the Holy Grail pales into insignificance when you think that this year the Davis Cup, which was first presented for international lawn tennis competition by Dwight F. Davis in 1900, was sought after by twenty-five nations!

Uncle Sam lost the historic trophy, it will be remembered, to England in 1903 and won it back from the same nation ten years later, only to have Australia take it away the following year. So in December, 1920, the two Bills (Tilden and Johnston) got busy and went to far-off New Zealand and brought back the beautiful silver bowl to America where it has remained ever since, the efforts of Japan, Australia, and France to the contrary notwithstanding.

What would we do without "Big and Little Bill"? These two conquering Williams have been the backbone of this country's Davis Cup teams for six successive years, and should be so again this year.

An analysis of the matches played by Tilden and Johnston in the period 1920-1925 Shows that in spite of the fact that Tilden has had some very close calls while Johnston has polished off his opponents with comparative ease, Big Mill has won fifteen singles matches out of fifteen played, while Little Bill has won twelve out of thirteen. Johnston, however, has won .808 per cent of his sets and .624 per cent of his games, while Tilden's set and game averages are .775 and .600, respectively.

The only Davis Cup matches lost by the United States since the war were the defeat handed to Tilden and Richards in 1922 by the Australians, Patterson and Wood, and J. O. Anderson's victory over Johnston in 1923.

Feg Murray Says —

Speaking of a paradox in sports, here's a good pair; Dr. Paul Crouch, the archer, and Dr. Alexander, the pro football player.

Jack Kastner, boxing scribe, Dispatch-Herald, Erie, raves over Kid Cangie. He claims he is one of the best punchers in the juniof lightweight division. He is right. Further, Jack says that Cangie some day may be champion. New Castle hopes so. However, Kastner takes time to point out something the writer always has warned and that is: Cangie must perfect better defense, else a good, smart clever boxer will cause him greater trouble than he anticipates. Cangie depends on his offensive to win and so far his aggressiveness and "sock" have done this.

Yesterday we talked to the Kid about this. Here's the way he doped "that" out before he stepped against Frankie Garcia. "I formed the opinion that he was very clever. I made up my mind to drop upon him immediately and kill that off. We squared off, as though to box. I outguessed him and beat him to the punch. My left landed on the 'button.' That took the cleverness away from him. It landed right and I came through." Cangie pulled a good one. But what if Garcia had been too clever and slipped the punch? He would have had to start all over. As the old "vodeville bug" wags: It's a good trick if it works.

The fans do not understand this lad Cangie. Away down in his heart he is a good kid. He likes everybody and wants everybody to like him. "I'm not a mean fellow. I don't walk around with a chip on my shoulder. All I want to do is to get plenty of ring fights and earn lots of money. If the fans will come to see me fight, they will see a fight. Someone is going to drop. It may be him. It may be myself, but there will be a fight." That's Cangie. A good kid, and one who hopes to make good.

Ray Campbell, writing for the Cleveland News from Atlantic City where Jack Dempsey is prepping for his encounter with Gene Tunney, points out that most of the friends who loafed and lolled with Dempsey when he trained to smash the French idol, George Carpentier, are on bad terms with him or have stayed away from his camp. Ray says that the "big boy Dempsey is no more." There is no fun or laughter like there was. This may mean a lot and it may not. Writs and other court proceedings, his break with Kearns and his age may have chased his smile but anytime anyone says that his "killer instinct" has deserted him mark it down as the "Papa-Daddy."

Some of the wisemen of the east have already picked Tunney to win. They should have a care. September 23, is far away. The fighters are not yet in condition. They are two weeks from edge. Tunney has turned in one or two good feats, which were victories attained within the last year. He failed to "stop" Johnny Risko. Dempsey has been idle and his timing will suffer. Living a life of ease may also affect him but as yet it is a wee bit early for the writer to haphazard a choice but if we were pinned down on our back, choked and the man on our chest yelled "who'll win", our first guess would be "Dempsey", if for no other reason than to follow the rule of the ring which says: "Bet on the man who is champion."

Saturday, a baseball series will start between New Castle, cellar champions of the O. & P. circuit and Ellwood City, upstairs champions of the Lawrence county loop. The result will be the answer to "Is the best team in the Lawrence County League as good as the poorest team in the O. & P. loop?" This will be seen after the best out of five games are played. Ellwood has played consistent ball while New Castle has played good ball, in spots only. Weakened by lack of good pitching and infielders, the team struck a slump out of which it never emerged until recently when New Castle turned in a brace of wins. The New Castle club has one of the finest baseball yards in minor league company and it is regretted that they did not finish higher in the league but its too late to cry about now. The season is about over but the coming series should be exciting.

Lefty Sherdel Blanks Pirates

Defeat Sends Pirates Farther Down National League Ladder

PITTSBURGH, Pa., Sept. 8. — The Pirates collapsed before the Cardinals yesterday, Lefty Sherdel blanking the cutlass-wielders, eight to nothing. The defeat sent the Pirates four and one-half games from the top and unless they can make a good finish in the next three days when three twin bills are arranged their flag hopes fill be shaded. Order Berlenbach To Box Loughran

NEW YORK, Sept. 8.—Paul Berlenbach, former world's light heavyweight champion, has been ordered by the New York state athletic commission to go through with a contract to fight Tommy Loughran of Philadelphia at Ebbetts field.

The commission so ruled after Promoter Humbert Fugazy complained of the refusal of Berlenbach to keep his contract The show originally was set for September 11, but Fugazy said he would attempt to hold the bout at a later date.

Berlenbach originally pleaded illness as a reason for withdrawing from the Loughran match, but it developed later that differences with his manager, Dan Hickey were chiefly responsible.

K. O. Phil Kaplan of New York, middleweight aspirant, filed a challenge with the commission for a title bout with Tiger Flowers, the champion, and offered to place $2,500 as evidence of good faith. The commission refused the money but placed his challenge on record.

Hope, like the sun as we journey towards it, casts the shadow of our burdens behind us. — Smiles.

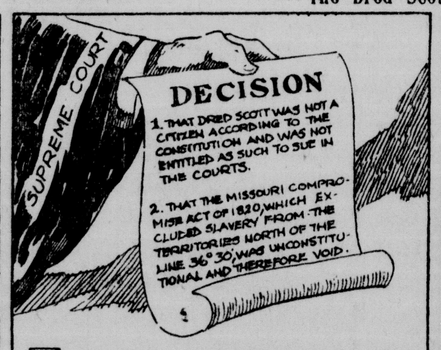
The Dred Scott Decision—1857.

by J. CARROLL MANSFIELD

© McClure Newspaper Syndicate

AFTER HIS CLAIM FOR FREEDOM HAD BEEN DENIED BY THE STATE AND FEDERAL COURTS IN MISSOURI, DRED SCOTT, NEGRO SLAVE, CARRIED HIS CASE BY APPEAL TO THE SUPREME COURT OF THE UNITED STATES. THE QUESTION BEFORE THE COURT WAS WHETHER THE FEDERAL COURTS HAD JURISDICTION IN THE CASE.



ON MARCH 6, 1857, THE SUPREME COURT DECIDED IN THE NEGATIVE, BASING ITS DECISION ON THE GROUND THAT SCOTT, A SLAVE, WAS NOT A CITIZEN ACCORDING TO THE CONSTITUTION, AND THAT TEMPORARY RESIDENCE IN FREE TERRITORY HAD NOT FREED HIM.

CHIEF JUSTICE ROGER TANEY, VOICING THE OPINION OF THE MAJORITY OF THE JUSTICES, DECLARED THAT THE CONSTITUTION, AT THE TIME OF ITS ADOPTION, RESPECTED THE RIGHTS OF WHITE MEN ONLY; THAT A SLAVE WAS A PIECE OF PROPERTY THAT COULD BE TAKEN BY HIS MASTER FROM ONE PART OF THE UNION TO ANOTHER, AND THAT, AS CONGRESS COULD NOT LEGISLATE AGAINST PROPERTY, THE MISSOURI COMPROMISE ACT WAS UNCONSTITUTIONAL.

THE NEWS OF THE DRED SCOTT DECISION CAUSED CONSTERNATION IN THE NORTH AND MUCH REJOICING IN THE SOUTH. IT INCREASED THE HOSTILE FEELING BETWEEN THESE OPPOSING SECTIONS AND HASTENED THE CRISIS OF DISUNION.

TOMORROW—EFFECTS OF THE DRED SCOTT DECISION.

Toledo Police Await Data On Alleged "Clubber"

(International News Service)

TOLEDO, Sept. 8.—Toledo police officials today said they had not received from St. Louis police fingerprints and a description of John Sexton, 28, held there in connection with assaults upon St. Louis women.

They declared, however, that a thorough investigation would be made in an effort to connect Sexton with a series of murders and outrages upon women in Toledo by a "clubber," who terrorized the city for a period of a year.

N. Y. STOCKS

(International News Service)

NEW YORK, Sept. 8.—Some unsettlement was caused in the early trading today by the stock exchange's monthly report on broker's loans, showing an increase of $144,000,000 during August, in addition to which the reserve board reported an increase of $27,000,000 for the week ended September first. Both the industrial and railroad stocks were offered at lower prices, though the losses in the railroad shares were mostly fractional.

Another record-smashing week in feight car loadings was reported by the American Railway association as of August 28, when loadings pushed through all previous records to reach the total of 1,134,233 cars.

Call loan renewals were posted at 5 per cent. Passing of the Jordan Motor car dividend in Cleveland was followed by heavy selling of that stock, with a 2 point decline in price.

Stocks of the copper and steel companies were uniformly strong and active under the lead of American Smelting and U. S. Steel

Comrade Joe Will Attend Convention

Joseph Trax of West Washington street and his famous cannon will be on deck at the national G. A. R. encampment to be held at Des Moines, Ia., September 19-25.

Comrade Joe is going in spite of the fact that he has been considerably under the weather in the past few months and is no longer able to undergo the strain and hardships of past years. He has just received from the commander of the Maryland division of the G. A. R. the necessary credentials permitting him to attend at the reduced rates provided for all veterans and delegates to the convention. He will join the Maryland division headquarters staff in Chicago and be with them at the convention.

ATTENDS CONVENTION OF DANCING MASTERS

Miss Elsie Jayne Fairgrieve has returned from a trip to New York, Atlantic City and Philadelphia. While in New York city she attended the national convention of Dancing Masters which was held at the Waldorf-Astoria hotel.

Former Students Of Fairview School Meet In Reunion

About Two Hundred Pupils And Teachers Assemble At School Grounds

About two hundred former students and teachers of the Fairview school were present Labor Day for the reunion held on the school ground.

Although the weather was very disagreeable it failed to daunt the spirit and enthusiasm of the former boys and girls of the school that assembled on this happy occasion. Familiar faces were present from points west of Chicago and nearby places.

An elaborate menu was served at noon at the Wallace homestead. The invocation was given by Thomas Matthews. At the conclusion of the dinner the former pupils went to the school house where a pleasing program had been prepared. J. H. Bashline, presided. Musical selections given by the North Beaver Grange orchestra were much enjoyed. The oldest pupil present was Mrs. John Winter. Mrs. Robert Wallace, aged almost ninety years, was the oldest guest present.

It was decided to make the reunion a yearly occasion. The following officers were elected to be in charge for next year: President, H. G. Gibson; vice presidents, Dick Kissinger, Charley Irwin, Mrs. John Brewster, Ed. Lamm, Katherine Gibson; secretary, Mrs. Clark McCombs; treasurer, Stella Hoye; historian, Mrs. Wylie Wallace; finance, Anna Wallace; program, Mrs. Ross Abbett; Menu, Mrs. Julia Byler; table, Mrs. Will Robinson; advertising, William McCombs; grounds, Wayne Lamm.

Seek Clues In Murder Mystery Near Sunbury, Pa.

(International News Service)

SUNBURY, Pa., Sept. 8.—Striving to solve the mysterious murder of Daniel Ferster, 26, farmer, of Rebuck, near here, county authorities today were working on clues of possible enemies which Ferster may have had.

Ferster's body, with head nearly severed, was discovered Monday, after a two day search, lying in a clump of bushes a quarter of a mile from his home. County Coroner J. K. Fisher investigated the tragedy and pronounced it murder.

Bloodstains on a tree near the body led officials to believe that the victim had been pushed against the tree and a heavy sharp instrument used to cut his throat.

The man had left his home Saturday to train two dogs in the woods.

Wins $5,000 At Horseshoe Game

(International News Service)

CHICAGO, Sept. 8.—"Five grand they can", said William Hale "Big Bill" Thompson, former mayor of Chicago.

"Five grand they can't", said Carter Blatchford, prominent local sportsman.

But they did! That's why "Big Bill" is $5,000 to the good today.

The wager was made on the ancient and honorable game of horseshoes. Thompson bet Blatchford that Hansford Jackson and his brother, Carroll, champions of Cook county, could throw 50 ringers in a 50-point game.

The contest was held last night at Rainbow Gardens. The Jacksons threw 54 ringers and won the game, 54 to 46. Fifteen hundred fans watched the match.

Graham Withdraws From Congress Race

(International News Service)

HARRISBURG, Pa., Sept. 8.—Senator Plymouth W. Snider, Blair county dry leader, today withdrew as the prohibition candidate in the 30th senatorial district. He was defeated in the May primaries for the Republican nomination.

Louis E. Graham, Beaver, a deputy attorney general in charge of prohibition enforcement in the present administration, also withdrew as the prohibition candidate for congress from the 26th district. He, too, was defeated in the Republican primaries.

James W. Doncaster, Rochester, withdrew as the Socialist candidate for the house in the First Beaver county district.

DeRivera May Be Replaced

(International News Service)

HENDAYE, Franco-Spanish Border, Sept. 8.—The recent revolt of the Spanish artillery officers was abandoned because King Alfonso promised the leaders of the revolt that he would attempt to persuade General De Rivera to resign, according to reports reaching here from reliable sources in Spain.

The King, it is reported, promised to place General Berenguer at the head of the government.

Here And There Over The State

GETTYSBURG—The school enrollment in Gettysburg has reached 1,013, thus establishing a record. Never before has the city enrollment gone above the 1,000 mark.

YORK SPRINGS—The prompt action of her husband in sucking the poison from a snake bite wound probably saved the life of Mrs. Marie Shank Brown, living near here. While walking through an orchard Mrs. Brown was bitten by a copperhead snake on the leg just above the shoe top.

LOCK HAVEN—In addition to posting the narrow bridges in the county, the Lock Haven Motor Club, with 620 members, is planning a series of automobile headlight tests which will be given to all members of the club free.

DU BOIS—The most extensive oil operations ever undertaken by a single concern in the McKean county oil fields has been launched by the Forest Oil Company. The operations will involve the sinking of 124 wells upon the holdings of the company recently acquired from the T. J. Smith interests.

STATE COLLEGE—D. P. Roy Chowdhury of Calcutta, India, who is on his way here to enter the graduate school when it opens September 15, will be the first Hindu to enter classes in the Pennsylvania State College, according to the college officials. The Hindu received his bachelor of science degree from Calcutta University in 1925.

DUBOIS—Twenty-five hundred tons of bark peeled from the hardwood trees of the Central Pennsylvania Lumber company are ready for shipment to the leather tanneries of the state for use in the tanning process. A number of tanneries have their own shipments of bark ready. Railroads are building special racks on flat cars to handle the heavy shipments.

LANCASTER—This city has been gripped with an epidemic of hay fever so great that drug supplies used for treating the disease have been completely exhausted necessitating the placing of rush orders by druggists.

EPHRATA—Experts at the United States and Pennsylvania tobacco experimental station here have announced that chickens are being taught to chew tobacco with the object in view of making such a habit ward off certain diseases. The tobacco is ground and fed to the chickens in mash.

MONONGAHELA—Chewing gum has been withdrawn from sale at the high school cafeteria here. School authorities prohibited the placing of the "jaw exerciser" on sale because of the large number of students who "trained" during class periods last year it was said.

CRAWFORD AVENUE MAN IS MISSING

According to the report made to the police Tuesday, Lewis Morgan, aged 28, of Crawford avenue, has been missing from his home since September 3. Since that time he has neither been heard from or seen and the police have been asked to assist in locating him. He is described as wearing a light suit, tan shoes and straw hat.

MAN REPORTS THAT DOG ATTACKED HIM

A man named Davis and residing at 407 Garfield avenue reported to the police Tuesday that a dog belonging to F. Dute of Chestnut street had bitten him on the leg. The owner of the dog was notified by the police to keep the dog tied up.

Start Trial Of H. M. Daugherty

Government's Case Against Former Attorney General Is Under Way

CHARGE DEFRAUDING OF U. S. GOVERNMENT

By GEORGE LAIT
International News Service Staff Correspondent

NEW YORK, Sept. 8.—United States Attorney Emory R. Buckner today opened the government's case against Harry M. Daugherty, former attorney general, and Thomas W. Miller, former alien property custodian.

The two men, members of the Harding administration, are charged with "defrauding the government of their unprejudiced and unbiased services" through the return of $7,000,000 in assets to the American Metals company, a German owned concern, for a consideration of $441,000 in cash and Liberty bonds.

Buckner Explains Case.

As the federal jury, chosen yesterday, seated themselves in the box Buckner approached a blackboard, chalk in hand, and started to explain the case.

His first step was to write down the various foreign names which will appear frequently during the trial. He then explained that "the declaration of war by the United States against Germany, April 6, 1917, is an important event in this case," as it was after that date that the "trading with the enemy" act was passed.

Through this act, Col. Miller was appointed by President Harding as alien property custodian. His job was to seize and hold any property in the United States owned by enemy aliens, and to act as its trustee until it should be disposed of by congress.

The act also provided that should any seizure be made by mistake, the president then had the power to return the property to its owner. This power the president transferred to Daugherty.

Donahey Issues Coal Ultimatum

(International News Service)

COLUMBUS, O., Sept. 8. — Visualizing "virtual starvation of the unfortunate miners and their families during the cold months which confront us," and pointing out that work or extensive alms must be given coal miners now idle, Governor Vic Donahey today issued a proclamation asking Ohio coal users to "buy Ohio coal now."

AUTOMOBILE STOLEN FROM PEARSON STREET

John Sorger, 371 East Washington street, according to the report made to the police yesterday, had his Chevrolet touring car, 1923 model, Pennsylvania license 867-418 stolen between 10 a. m. and 6 p. m. on Monday from the rear of 223 Pearson street.

Dempsey says his nose is 25 per cent stronger, but maybe he said it near the stockyards.

SUICIDE FAILS MAN IS JAILED

(International News Service)

UNIONTOWN, Pa., Sept. 8.—The noose and the revolver each having failed Samuel Sidebottom, 24, of Pittsburgh, when he attempted suicide at Cool Spring, near here, Sidebottom was lodged in Fayette county jail here today.

A revolver bullet which he was believed to have aimed at his temple after driving Mrs. Mary Sidebottom, his mother, and Mrs. Mary Kennedy, his sister, from their home, failed to take effect, and when the two women returned with police after hearing the shot, they found Sidebottom dangling from a chandelier by a leather strap fastened about his neck.

Sidebottom was cut down and rushed to Uniontown hospital where he was revived.

He was lodged in jail on charges of carrying concealed weapons.

MOTION ARGUED FOR NEW TRIAL

Pupils Enrol In Numerous Schools

Jackson Center Pupils To Attend Various High Schools—Other News Notes

(Special To The News)

JACKSON CENTER, Sept. 8. — The large throng of students of Jackson Center and community will return to their studies this week in the various educational institutions of the county and state. The pupils and schools which they will attend are as follows: Miss Elizabeth Pizer and Miss Margaret McBride, to New Castle Business College. Miss Hazel Elfred, to Sharon Commercial School. Miss Ruth Rawson and Harold Haywood, to Sandy Lake High School. Miss Twila Robson and Frances Brazel, to Slippery Rock State Normal. Mercer High School will receive the largest number. They are: Twila and Thelman Brazel, Misses Florence, Della and Wallace Moon, Ethel Robson, Helen Hughes, Katherine McCarl, Mary Infield, Georgena and Allen Jones, Margarette Moore, Esther Infield, Norman Pearson, Eunice McMillan, Virginia and Harry Black, Evelyn Wiand, Eva Wilting, Mary Janes, Norris Burdette, Helen Wilson, Hazel Amos, Sarah West, Lavenia Elder, James Barnes, Naida Aspbery, George Hines and Ethel Bestwick. Judging from the above number of pupils it would seem and is true that Jackson Center should have a High School of its own.

GOES TO COLORADO SPRINGS

Foster Moore who has been in poor health for almost a year, started for Colorado Springs, Colorado, for his health on Monday. He was accompanied by his father, sister and cousin. They will go in an auto. The distance is about 1700 miles and they are planning to spend about two weeks on the journey. Mr. Moore has two uncles who own large ranches in Colorado.

PARTY

A pleasant surprise party was tended Emmett Evans on Monday evening by his Sunday School Class. He left on Tuesday for Cleveland, O., where he will attend Shaw High School in East Cleveland. He will stay at his sister's Mrs. Robert Watkins. Those present were: Jimmy and Lenard McConnell, Earnest and Clifford Amos, Arthur Whitehouse, Carl Pitzer, and their teacher Mrs. John Wilson.

AT CAMP

Allen Moon who is a student of Allegheny College, at Meadville, Pa., is attending football training camp of that college at the Y. M. S. A. grounds near Erie. Allen was a substitute in his freshman year and will no doubt be on the varsity team this year.

CHURCH MEETINGS

Church services at the Presbyterian church will be held during the fall and winter as follows: Sunday schol at 10 a. m. Preaching at 11 a. m. Young People's meeting at 7 p. m., and evening preaching at 7:30 p. m.

The Young People's Council of District No. 3 will meet at Millbrook, this Friday evening, September 10th at eight o'clock. All the young people of the church are invited and urged to be present, as plans are being made to hold the October meeting here in Jackson Center.

The Community teachers training school will meet in Millbrook on Monday night September 13th, at 7:30 p. m. Rev. S. C. Elder will be one of the teachers. His subject will be the making and meaning of the New Testament. A large class of young people have already signified their desire to take up this course of study.

JACKSON CENTER NOTES

Fulton Elder who is a teacher and coach of athletics at Duquesne High School, Duquesne, Pa., after spending his summer vacation with his brother on the farm returned to Duquesne on Monday, September 6, to resume his work.

Jackson Park is growing in popularity every day, seventeen reservations have already been made for next summer outings. The secretary of the Park association is Dan Infield.

Miss Amee Seidel who teaches in Youngstown, O., returned to her school on Tuesday, September 7.

A pair of standard sized horse shoes have been purchased and barn yard golf will be revived. Lester Armstrong is one of the champion pitchers.

Harry Bain and wife and small son have returned from a several weeks visit in Sharon.

Miss Winifred Wharton is visiting her brother in Summerville, New Jersey, who met with an automobile accident and is in a serious condition.

Mrs. Robert Watkins who has spent two weeks with her parents Mr. and Mrs. J. R. Evans returned to her home in Cleveland on Monday.

Mrs. Ben Day who met with an accident in falling off a box some time ago is still unable to be around. Her many friends hope for her speedy recovery.

Mr. and Mrs. Dan Turner visited their son, Alvin Turner, who recently had an operation for appendicitis and is in the Bashline hospital at Grove City.

James Brisbin, of New Castle is visiting at the home of Mrs. John Elliott. His aunt will sail for Africa in a short time as a missionary.

Mrs. Tom Taylor who is in the Mercer hospital is slowly recovering.

A continuous stream of cars from and to the Stoneboro Fair flowed down the concrete road every day during the fair. Labor Day it was almost impossible to cross the road. The rain and muddy grounds at the fair did not seem to discourage the patrons. A record crowd is reported. Jackson Center is well situated for the people of the community to attend either the Mercer or Stoneboro Fair, being six miles to either fair on a concrete road.

John Wilson and family attended the funeral of Mr. Wilson's sister in Chester, W. Va., last week.

Mr. and Mrs. Alter, of Roslyn farm and Miss Mary Scott of Wilkinsburg are visiting at Mrs. R. P. McDowell and family.

Esther Lytle returned last week after a week's visit at Geneva-on-the Lake.

Mr. and Mrs. Yeager and family from Buffalo, N. Y., are visiting Mrs. Yeager's brother, Mr. Will and John Evans.

Mr. Will Backhoes and family of Cleveland, O., visited at R. P. McDowell's and S. J. Fowler's over Labor Day.

Y. W. C. A. Tennis Tournament Will Start Tonight

The fall tennis tournament of the Y. W. C. A. opens tonight with a good strong match scheduled between Martha Smith and Kathryn Newbury. Although these girls have never played in opposition before the expectation is prevalent that some thrilling plays will be witnessed tonight. The tourney opens at 5 o'clock on the Carnegie playground on South Jefferson street. Everybody is welcome.

The match Wednesday night will be played between Mrs. Aileen Stone and Miss Ruble Niemi.

ADMIT GERMANY TO LEAGUE OF NATIONS

Germany Given League Seat By Unanimous Vote

Thunderous Applause Greets Each Vote Of Delegates Gathered At Geneva

AWAIT ARRIVAL OF GERMAN DELEGATES

Opposition To Germany's Entrance Into League Soon Disappears

By S. DUNBAR WEYER
International News Service Staff Correspondent

GENEVA, Sept. 8.—Germany was received back into the councils of the nations today.

The League of Nations assembly, in an enthusiastic session, unanimously voted for the admission of Germany as a member.

At the same time the league surmounted a crisis when it disposed of the difficult problem of re-organization of the league council by voting a permanent seat to Germany and increasing of the number of non-permanent seats from six to nine.

The vote was taken by rollcall and as each delegate answered in the affirmative there was thunderous applause.

Opposition Seen.

During the early part of the morning session there had been some opposition to the linking of the question of Germany's entrance into the league and the reorganization of the league council but this opposition dissolved as by magic when the issue came to a vote.

Only one cloud hung over the proceedings and that was the threat of withdrawal by Spain in protest

Elect Kirker New Physical Director To Local Y.M.C.A.

Succeeds Harry Day In Important Post At Local Association

John Leonard Is Named To Fill Kirker's Place As Social Secretary

Walter Kirker, for the past several years social and employment secretary of the New Castle Y. M. C. A. has been elected to the position of physical director to succeed Harry Day who resigned August 1, it was announced by General Secretary Robert L. Meermans this morning.

The selection of Kirker to fill the important executive position with the local association has the unanimous approval of the board of directors and will undoubtedly find favor with the membership and the city at large.

Kirker is a well known athlete, being a semi-pro baseball pitcher of considerable note and a star basketball player as well as excelling in calesthenics and gymnasium sports. Since entering Y. M. C. A. work he has proven to be a capable official well equipped to handle the exacting duties of the office. He will enter upon the full performance of

Democrats Plan Fight To Oppose Vare And Smith

(International News Service)

WASHINGTON, Sept. 8.—The democrats are to lose no time in challenging the right of Wm. S. Vare of Pennsylvania, and Col. Frank L. Smith of Illinois, to sit as members of the Senate following their expected elections in November.

This was made certain today by the announcement of Senator Ashurst (D) of Arizona, that he will challenge their right even to take the oath of office, thus the fight to unseat Vare and Smith will begin on the opening day of the seventh congress.

Creates Surprise

Ashurst's announcement occasioned considerable surprise, as heretofore in such cases the senators involved have been permitted to take the oath pending an investigation by committee.

"I shall object on the ground that their elections were procured through fraud and thus are invalid from the outset," said Ashurst. "I do not believe that either man will be seated. I do not believe a majority of the senate will ever go on record to seat senators for whom any such sums were spent."

Nearly 10,300 Pupils Enroll On First Day

Attendance figures compiled in the office of Superintendent C. C. Green show that 10,272 pupils were enrolled in the schools of this city on Tuesday, September 7, the opening of school.

The attendance is divided as follows: Kindergarten, 162; elementary, schools up to and including sixth grade, 7,327; junior high schools, 3,945; senior high school, 1,304. This total does not include the continuation school which will probably number 50 more.

The figures for the first day represent a net increase over the figures for the first day of last term of 216.

More will probably enroll today and for the next two weeks the attendance will probably have an upward swing.

TRAFFIC VIOLATION

J. W. Miller, charged with violation of the traffic regulations of the city while driving on Wilmington avenue, paid a fine of $5, when he appeared at the police station. He was ordered in by Motorcycle Officer Criswell.

Primary Results In Other States On Voting On Tuesday Show Surprises

(International News Service)

MADISON, Wis., Sept. 8.—Riding on the crest of Wisconsin's flood tide of anti-prohibition sentiment, Gov. John J. Blaine, "wet" and anti-world court senatorial candidate, apparently was being swept to victory today.

Returns from yesterday's primary, compiled up to 10 o'clock today, gave Blaine a lead of almost 15,000 over Senator Irvin L. Lenroot, who made his campaign issues adherence to the court and rigid enforcement of prohibition.

Prohibition and the world court were the outstanding issues. Lenroot favors the world court and enforcement of prohibition, whereas

Section Of Erie Rocked By Blast

Two Suspects Under Arrest As Result Of Mysterious Explosion

(International News Service)

ERIE, Pa., Sept. 8.—An explosion that rocked buildings for blocks in every direction, broke windows in over twenty homes and hurled people from their beds occurred near Seventeenth and Walnut streets, just off the edge of the Italian district, early today. Following the explosion one store was destroyed by fire and a garage was badly damaged.

Within a few minutes after the explosion the streets in the vicinity were packed with people. Residents of the Italian section, fearing a blackhand outrage, rushed from their homes and police reserves had to clear the streets before the fire department could reach the scene of the fire.

Two suspicious characters who were seen leaving the vicinity of the explosion were arrested. They gave their names as Lawrence Defone and Carl Dominick. Police are holding them for investigation.

Mitchell Named Post Commander

(International News Service)

WASHINGTON, Sept. 8.—Col. Wm. Mitchell was a post commander in the American legion today.

The former assistant chief of the army air service was elected commander of the Costello post here last night, and his friends asserted it marked the first step in a campaign that they hope will place him the head of the legion in a few years.

Open Bids For Plumbing, Heating And Wiring Hotel

Excellent Bids For Work On The Castleton Are Received

BELOW ESTIMATE MADE FOR WORK

New Castle Firms Will Be Awarded Contracts, It Is Indicated

Bids for the plumbing and heating and electric wiring of The Castleton were opened today by the building committee. While the contracts were not awarded, the bids received show that two New Castle firms are low and will undoubtedly get the job when a board of directors meeting is held. All of the low bids were below the estimated cost, by some thousands.

The lowest bids submitted today totalled about $21,000 lower than the estimate made for this work.

R. T. Withers Sons company had the low bid on the plumbing and heating of the new hotel. Their plumbing bid amounts to $51,532 and their heating bid $33,180, a total of $84,712. The Marvin Electric company is low for the wiring of the building with a bid of $17,985.

The German delegation is headed by Foreign Minister Stresemann and Ministers Von Schubert and Gauss.

The German delegation is expected to leave for Geneva tonight.

"Most Beautiful Girl In France" Wins Trip To American Shores

Miss Jacqueline Schalley.

By Central Press.

PARIS, Sept. 8.—"Evidently they prefer blondes," exclaimed pretty 17 year old Jacqueline Schalley when it was announced that a jury of American British and French artists had voted her the prettiest woman in all France.

The election took place a few days ago in the presence of at least 1,000 people who had paid $10 apiece for the privilege of seeing the candidates pass before the jury.

The crowd of on-lookers as well as the judges were dazzled by Mlle. Schalley's blonde loveliness. She announced afterward that she was very much surprised by the decision and that she is really quite plain, in comparison with her elder sister at home in Rouen.

The new beauty queen has danced for two years at the Folies Bergere where she began her career as a Naiad in the stage tank. Then she learned to dance and became a star of minor magnitude.

The prize for being France's prettiest girl is a visit to the United States and a five-year contract with an American movie company.

East Side Lad Falls 20 Feet From Building

James Cypher Jr., 20 Months Old, Victim Of Fatal Accident Today

LITTLE LAD GETS ON ROOF UNNOTICED

Runs To Edge And Is Unable To Check His Fall To Ground Below

Falling more than 20 feet from the roof of a building at 460 East Washington street about nine o'clock this morning, James Cypher Jr., 20-months'-old son of Mr. and Mrs. James Cypher, was instantly killed.

S. R. McCormick and Carl McCreary, who were sitting by a barn near the rear of the building, were eye-witnesses of the accident. However, they did not see the child until he stumbled over the edge of the roof and fell headlong. Dr. C. B. Hunt was immediately summoned. He found that the child's skull was fractured.

The building from which the child fell is a large one, being used as an automobile salesroom and garage on the first floor. There

Indicates Divorce Will Be Harder To Secure In County

Remarks Of County Court Indicate Tightening Of Divorce Plan Here

Too Many Divorces In Lawrence County, Judge Hildebrand Believes

Lawrence County's divorce evil came in for comment this morning from Judge R. Lawrence Hildebrand, and from the tenure of his remarks it was apparent that the court is not satisfied with the record number of divorce cases being presented here.

While there was no promise made of what would be done, there seemed to be a hint of the possibility of open hearings for divorce cases here, and a curtailing of leading questions by attorneys for libellants in divorce. Judge Hildebrand believes that the witness should tell the facts in the case, without prompting and without leading questions being put by the attorneys.

Commonwealth Has Interest

In the opinion of the court, there is no reason to grant a divorce solely because the libel is not answered, nor because the respondent does not appear to contest. The commonwealth is an interested party in all divorces and unless good reasons are advanced, the divorce should not be granted merely because the libellant is the only person appearing.

While the court heard a number of reports on divorces this morning, he had before him a governmental report on the divorce situation in

New Gospel Of Beauty Being Written At Annual Atlantic City Contest

By SONIA LEE
International News Service Staff Correspondent

ATLANTIC CITY, Sept. 8.—A new gospel of beauty was being written here today at the annual pageant of comeliness, where feminine charm is put under the microscope of critical eyes.

It is distinctly dedicated by the jury of judges—artists, writers, illustrators—to the youth of the land.

The flapper with her latch key, her pert mannerisms and aggressive self-reliance, will not reign as Miss America.

The home girl, evidencing womanliness, poise and statbility, yet not lacking in the essential qualities of face and figure, will be victorious.

American Girlhood

Something less than the official 73 American beauties, representing their individual communities, are grathered here for this week of pirouetting, posturing and incessant smiling. The natural percentage of blondes, a couple of redheads and a preponderance of dark-haired girls; bobbed and unbobbed; bulky and well formed; tall and small; slim and plump—they are a cross section of American girlhood.

Here and there is marked one with sophistication or one who has been taught the graces of display. Others are keenly conscious of their place in the store window—and show it with slight, nervous gestures.

And out of this the judges are charged with selecting the premier American girl.

No Nasty Little Flapper

"It won't be a nasty little flapper", explained William G. Krieghoff, the painter. "It will be a girl of balance and mentality who has ambitions to marry and have a flock of kids. Wouldn't it be a tragedy if we picked as the model of beauty a flighty little thing with not much heart and less brains, who, as soon as she opened her mouth, put her foot in it?

"We judges want to set an example of the healthy, vigorous girl, physically and mentally, as the ideal girl. Mere physical beauty is not enough—if it was this would be nothing but a leg show. There are many beautiful girls here who will bow to a less handsome one because they lack the brains to etch character into their faces.

"We have an important mission to perform here—we give the boys of the country a measuring stick of beauty worthy their allegiance and admiration.

Here She Is

"The slatlike boyish girl is not beautiful. I personally prefer the brunette type with classic features—a good nose with delicate nostrils. Incidentally ,there are few really good noses. Beauty is not necessarily interpreted by the clinging vine type—but it must assuredly be interpreted by a girl who stays in her sex. She must be a girl of poise and principle, not a cheap, common youngster, packing her hip-flask."

A morning rehearsal in bathing suits for tomorrow's review, the observing of the baby parade in the afternoon, and the American beauty ball at the million-dollar pier at night marked the second day's program of the entrants.

Thursday and Friday will be the important days. The private judging of the girls, the marine review and the bathers' revue are scheduled for Thursday. That night the most beautiful girl in evening dress will be awarded a silver loving cup. On Friday the national judging, the rolling chair parade, the awarding of prizes and the report of the judges will be climaxed with the crowning at night of "Miss America" of 1926.

Last night came the first inspection of the girls, when they were individually introduced at the dinner at the Gateway Casino. Miss Baltimore, Mildred Adam, a shining dimpled lady in green; Miss Chicago, Mae Green, in white; Miss Portland, Ore., Maxinne Jennings; Miss Detroit, Ruth Mae Fowler, and Aloaha Eugenia Porter of Venice, Miss California, were greeted with loud applause.

Arthur Mometer

The old straw hat is beginning to show, the wear of the summer sun, and it won't be long till the skimmer of hay will be finished and through and done. Its served right well through the summer heat, this kelly of stubble and straw, and a week today it must seek the shelf, for this is Dame Fashion's law. Now it's worn and old, but it could hold out for a month or so at the best, but straws are out just a week today, and one who would be well dressed, will be stepping out in a hat of felt, at a cost say of seven scads, and who I ask doesn't want to be, one of the well dressed lads. So sing you an ode to your old straw hat, a week from now and it's done, and the roll gets nicked for a new felt hat, the weather is seventy-one.

AUTO MISHAPS ARE REPORTED

Five Accidents Of Minor Character Occur On Streets Here On Tuesday

Automobile accidents reported Tuesday to the police were five in number. One was reported this morning. None of the accidents were of a serious nature.

Benjamin Hartland, 451 East Long avenue, reported Tuesday that he was driving south on South Jefferson street at South street when he passed to the left of a Reick truck which he thought was parked. As he passed Officer Wysner, who was talking to the driver of the truck, ordered him to back up, which he did, and in doing so backed into another machine. Some damage was done.

Paul Burrows of 613 Oak street reported Tuesday that he was driving north on Jefferson street and turning around at Wallace avenue when his car collided with that of Mrs. Lenora McGaffic of 768 Arlington avenue. Some damage was done.

James Butera of West Pittsburgh reported Tuesday that he was driving east on East Washington street at Mercer street when his machine collided with a car bearing Pennsylvania license 999-065. Some damage was done.

R .L. Palen of 119 Patterson avenue reported Tuesday that while his machine was parked near the Day garage on South street the car of C .E. Lyttle, Mt. Pocono, Monroe county, Pa., ran into and damaged his machine.

A. Weisenberger of 115 South Jefferson street reported Tuesday that while driving into the Ford garage on Croton avenue the car of Mrs. Olive Polen ran into and damaged his machine.

Joseph Dukes of 518 Waldo street reported this morning that he was driving north on Mill street, near Phillips street, when street car No. 348 ran into and damaged his machine.

Town Talk

In a communication to The News, it is stated that Alfred Ware of 1012 Croton avenue is one of the claimants for the honor of growing the tallest sun flowers this year. In his flower garden are two stalks eight feet six inches tall and nine feet six inches tall. Two blooms measure 10x11 and 11x11 inches. Who's next to claim sunflower-growing honors this year?

Arrangements are being made for the annual reunion of the "Alley Rats" to be held at the fair grounds next week. For the benefit of those who do not know who the Alley Rats are it can be explained that they are a collection of congenial spirits who attended New Castle High school in classes graduating prior to 1910. Myron "Doc" Rice is one of the big gray rats who always takes big interest in the reunions while one of his white mice is Dr. Jack McConahy.

The original members are scattered far and wide now but a noble percentage of them always find their way back to New Castle for the the annual gathering. Such fellows as Clayton "Blackberry" Jones who is a steel mill superintendent in Duluth now always arrange their vacations to get here for the occasion. The program consists of a ball game in which much fighting and wrangling takes place, a lot of field and track events in which no completed official is ever allowed to officiate and a big feed. Most of the Alley Rats were star athletes in their day and the games are always hard fought.

School boys have already commenced direction of traffic and auto drivers should obey the "stop" and "go" signs of the boys who are doing their share toward "Safety First." The traffic squad has marked lanes for children to cross. Teachers of kindergarten lead their charges across the streets which is very much appreciated by parents.

It would have been a difficult task to locate an attorney, providing he practices in criminal law, in his office today. Most of them were at the courthouse to receive the returns from the grand jury. Before nine o'clock they could be seen trudging toward the "Hill."

Although New Castle High has not yet commenced playing its grid season the "kid" elevens have already started. After school hours the teams line up and it is with difficulty that mothers can have their boys come to the supper table. The battles they are fighting on the lots now will better them for the fights they will wage for New Castle High later in their school careers.

BLAINE LEADS IN WISCONSIN OVER LENROOT

(Continued from Page One)

Blaine opposes the court and is a pronounced wet.

In the gubernatorial contest Fred R. Zimmerman, who broke with the LaFollette faction, was leading his nearest rival in a field of four candidates by approximately 15,000 votes.

Gov. Hunt Winner.

PHOENIX, Ariz., Sept. 8.—Gov. G. W. P. Hunt, running for nomination for governor on the Democratic ticket had apparently won the right today to represent his party for the sixth consecutive time.

Hunt, who campaigned on an anti-Boulder dam platform, on the basis of returns today will apparently pile up a majority over his two opponents for the nomination.

With 178 precincts tabulated from yesterday's primary, Hunt had 7,278, E. E. Ellinwood of Phoenix 3,863, J. J. Cox 3,857.

Approximately the same number of precincts showed E. S. Clark edging ahead of Thomas Maddock in the contest for the Republican gubernatorial nomination. Clark had 3,243, Maddock 2,351.

Senator Cameron was unopposed for the Republican senatorial nomination while Congressman Carl Hayden apparently had insured victory in the contest for the Democratic nomination.

Moses is Winner.

CONCORD, N. H., Sept. 8.—United States Senator George H. Moses, conspicuous opponent of the League of Nations and the world court, today stood as a winner by a 15,000 majority of the New Hampshire Republican senatorial renomination.

Returns from the Republican primary—261 out of 294 towns and wards gave:

Senator Moses, 32,859.

Former Governor Robert B. Bass, 15,492.

Judge James W. Emick, 869.

Bass, a son-in-law of Charles Sumner Bird, the ex-Bull Moose leader of Massachusetts, avowed friendliness toward the world court and charged that while Senator Moses voted for the Volstead act he was not a true "dry", that he was not an out-and-out Coolidge man and had voted against farm relief measures.

Robert M. Murchie of Concord won the Democratic senatorial nomination over Albert W. Noone of Peterborough.

Governor John G. Winant was defeated in the Republican primary by Huntley N. Spaulding. The vote of 261 towns and wards out of 294 gave:

Spauling 27,050.

Winant, 23,683.

Nevada Results.

RENO, Nev., Sept. 8.—Senator Tasker L. Oddie today was practically assured of the nomination for United States senator on the Republican ticket. With approximately 85 per cent of the returns complete he was leading his opponent, Mayor E. E. Roberts of Reno by almost two to one.

The latest returns gave Oddie 7,060 votes to 3,635 for Roberts.

Raymond T. Baker, former director of mints and husband of the former Mrs. Alfred Vanderbilt, apparently had won the senatorial nomination on the Democratic ticket. Returns were tabulated as follows:

Baker, 4,031.

McCarran, 2,332.

McIntosh, 1,097.

Brennan, 620.

INDICATES DIVORCES WILL BE HARDER TO SECURE IN COUNTY

(Continued from Page One)

Pennsylvania. This report shows that Lawrence County is one of the worst counties in the state, in the number of divorces granted.

Judge Hildebrand called attention to the fact that while Beaver County has a population similar to Lawrence in its makeup, that Lawrence had about fifty per cent more divorces. Beaver County's population for the 1920 census is shown as 111,000. Number of divorces granted in 1925, 114. Lawrence County's population for the 1920 census was 85,000. Number of divorces granted in 1925, 131.

Worse Than Records Show

On the proportion of divorces granted to marriage licenses obtained, Lawrence County's record is one of 7.5. This figure does not represent the true condition however. Because this is a border county, Lawrence gets a large number of Ohio couples for marriage licenses, and also a large number from other counties. Were the proportion based upon the number of divorces granted to the number of Lawrence County people applying for divorce, the ratio would be much higher.

The average for the state of Pennsylvania is .85, or less than one divorce out of every 1,000 population. In Lawrence County this ratio is 1:45 to every 1,000 population, or nearly double the average of the state.

Few counties are worse than Lawrence. Erie County has one divorce for every 4.82 marriage licenses issued. On the other hand there are many counties wherein the ratio is far better than this. Montgomery County with 1616 marriage licenses in 1925 had 126 divorces, less than Lawrence with nearly 600 more marriage licenses. Lehigh County had 1441 marriage licenses and 131 divorces. Schuylkill County had 1478 marriage licenses and only 78 divorces.

Just what step will be taken in this county to curb the growing divorce tendency was not indicated definitely by Judge Hildebrand. From the tenure of his remarks, it seems safe to assume that in the very near future a divorce is going to be harder to get here.

EAST SIDE LAD FALLS 20 FEET FROM BUILDING

(Continued from Page One)

are flats on the second floor in front.

Large Flat Roof

Doors open from the flats to the roof of the garage, the rear of which is not as high as the front. Tenants use the roof for hanging out clothes, as it is quite flat.

This morning Mrs. Cypher was washing clothes in the room which opens out on the roof. James Jr. was playing about the room. The door was open, and as James was a very active little fellow, it appears that he slipped out the door, and before his mother missed him he ran to the rear of the building and fell over the edge of the roof. There were marks of his little hands in the dust on the gutter, showing that he must have realized his danger when too late and attempted to stop himself.

The roof, which is quite a large one, has fire walls on the sides and a gutter to carry off the water at the rear. James Jr. was an only child and the parents are heartbroken over the accident.

Advocates Closing Middle Of Diamond

Although Mayor Dunlap and C. C. Coulthard, P.-O. railways, have not yet met to discuss traffic conditions at the Diamond and South Jefferson street, Coulthard believes that by closing the middle of the Diamond to traffic would help the situation.

If your head looks funny you might as well laugh it off.

GERMANY GIVEN LEAGUE SEAT BY UNANIMOUS VOTE

(Continued from Page One)

against the league's refusal to grant her demand for a permanent seat. Geneva heard reports that Spain had decided to resign from the league but refused to be swayed from the course which had been laid by the leaders.

The formal induction of Germany into the league is tentatively set for Friday as the German delegates to the league are expected to leave Berlin today.

Following the vote on the admission of Germany and the increasing of the non-permanent council seats, the assembly adjourned the morning session.

The opposition to the linking of the question of Germany's admission and the reorganization of the council was led by Norway.

"A most solemn protest against any form of unconstitutional procedure and a fervent appeal to safeguard the rights of the assembly" was voiced by Dr. Nansen, head of the Norwegian delegation at the opening of the assembly.

Nansen protested specifically against the linking of the question of Germany's election to a permanent seat in the league council with that of non-permanent seats. Both questions were presented to the assembly as a single motion for balloting.

Serious Infringement.

The linking of the two questions, Nansen said, constituted a serious infringement of the liberty of members of the assembly and menaced the future of the league.

"This is the first opportunity the 40 members of the assembly have had to express any opinion on this subject," Nansen asserted. He then proceeded to criticize with severity the "steam roller tactics" employed by the big powers.

The Netherlands delegates echoed Nansen's protest.

M. Motta, representing the committee on reorganization of the council, pleaded for a spirit of conciliation and declared that "dark clouds have gathered on the horizon but now the light of peace and justice is rising."

Following this plea the assembly proceeded to vote and the opposition disappeared.

GLASSIE GIVEN TARIFF POST

(International News Service)

PAUL SMITHS, N. Y., Sept. 8.—President Coolidge today gave Commissioner Henry H. Glassie of Maryland a recess reappointment to the tariff commission. It was said that the president decided to give him this "temporary" term because the senate committee now investigating the tariff commission may recommend that its personnel be reduced from six to four commissioners.

Glassie, a high tariff Democrat, was protested by Senator Bruce, Democrat of Maryland, but the White House announced that a large number of Democratic senators had endorsed him unreservedly.

Expedition Off For Abyssinia

(International News Service)

NEW YORK, Sept. 8.—Five natural history scientists headed by Dr. Wilfred H. Osgood of the Field Museum of Natural History of Chicago sailed today on the Mauretania for an unlimited stay in the wilds of Abyssinia. They will search for fossils of extinct mammals.

Gives You confidence

HOW conscious we are of our skin! Even one little pimple or blackhead will so embarrass us that we want to hide right away. And eczema, boils, blotches and rashes! Why, these awful things simply destroy all our ambition!

But what confidence we have in ourselves if our skin is clear and unblemished—free from any eruptions or breaking out! A clear skin is one of the greatest possessions in the world—and it is so easy to have it. All that is necessary is to keep our systems full of rich, red, pure blood. S. S. S. helps Nature build this blood. And the impurities that cause these so-called skin disorders are driven right out of the system.

If you want the kind of skin that captivates men and compels the admiration of other women, just remember that you can't have it if your blood is impoverished. But, just build red-blood-cells in your blood with S. S. S. and your dream of a soft, rosy, velvet skin, clear of blemishes, will be realized. Then notice the difference in the way you feel.

S. S. S. has proven for generations that it helps Nature build the rich, red blood that makes beautiful skin and healthy bodies. Let S. S. S. prove it for you.

Get S. S. S. from any drug store. And get the larger bottle. It's more economical.

France And Belgium To Get $2,000,000 Left By F. H. Buhl

(Special To The News)

MERCER, Pa., Sept. 8.—Necessary legal steps to carry out the provisions of the will of the late F. H. Buhl of Sharon relative to the distribution of $2,000,000 to war victims in France and Belgium were taken in court here today.

Mr. Buhl, a wealthy manufacturer, died on June 8, 1918. Under his will one-half of the $2,000,000 was to go for relief to war victims in France and the other half to victims in Belgium.

Attorneys for trustees of the estate ask that payment of one-half of that nation's share be made immediately to France.

Myron T. Herrick, ambassador to France, will head the committee looking after the distribution in France. A similar committee will administer the Belgium bequest.

State Campaign Will Start Soon

Republican Committee Plans To Start Activities About September 23

REGISTRATION OF VOTERS IS URGED

(From News Bureau State Capitol)

HARRISBURG, Sept. 8.—While many of the candidates for office this fall already are in the field campaigning the formal opening of the Republican State committee's activities will not start much before September 23. The campaign will get off with a bang about that time with a big meeting the place for holding it has not yet been decided. From then on until the close of the campaign and the election November 2 the work will be carried on an aggressive scale.

Efforts are being made by party leaders to boost the enrolment of voters the two remaining days this fall. September 14 and October 2 are the days on which voters can qualify to cast their ballots at the fall election. The first day this fall was disappointing in practically every section of the state.

The Democrats are waging an aggressive campaign in the interest of William B. Wilson who will oppose Congressman Vare for the senatorial post. He appears to be the best bet on that party's ticket but practical politicians think that Mr. Vare will be returned the winner.

While in the spring the Mellons were working for Senator Pepper they are now in charge of the G O P machinery and they will work their best to put Congressman Vare across. They are looking two years ahead when Senator Reed comes up for reelection and to throw Vare down at this point would only alienate him for the race in 1928. At that time there will be delegates to elect to the national party conventions, a state treasurer and an auditor general without trying to pick a fight this fall to contend with them.

Find Dynamiter Suicide Victim, In Pittsburgh

Coroners Jury In Bank Bombing Case Returns Verdict Of Suicide

(International News Service)

PITTSBURGH, Sept. 8—Mike Chowick, 40, Milwaukee ex-convict who was killed with George C. Ortmann, bank guard, when Chowick exploded a bomb which he carried in a grip after an unsuccessful attempt to rob the Farmers Deposit Savings bank here, committed suicide, according to a formal verdict of a coroner's jury returned here today.

Ortmann was murdered by Chowick, the jury found. The verdict was a formality required by law and bore out findings of county and city officials who conducted an investigation of the bombing.

Chowick and Ortmann were killed and several persons were injured when Chowick, after demanding $2,000 from a cashier, dropped a grip loaded with dynamite when Ortmann attempted to arrest him.

Insurance Agents To Be Licensed Under New Ruling

(International News Service)

HARRISBURG, Pa., Sept. 8.—Under a ruling of Insurance Commissioner Einar Barfod the entire present system for licensing of insurance agents today was swept out of existence. The ruling abolishes the county boards, affecting about 800 members. At the same time Barfod provided an entire new system for the licensing of all agents.

Discount Rumors Spanish Cabinet To Quit League

(International News Service)

MADRID, Sept. 8.—Reports that the Spanish cabinet has decided to resign from the League of Nations are unconfirmed here and are discounted.

There is a general anticipation, however, that the cabinet will shortly take such action in view of the League of Nations assembly action in voting Germany into the League and denying Spain's demand for a permanent seat in the council.

Advertising Pays Even When Joking

KANE, Pa., Sept. 8.—Two young men, owners of a garage at Marienville, 30 miles south of Kane, who in a joking manner advertised in the village newspaper that they were in search of wives, are overwhelmed by the success of their campaign. They have been deluged with mail.

There are answers from all parts of the United States from women of all ages, some written in a frivolous vein, but many bear the marks of sincerity from young women actually seeking husbands.

The advertisers have not revealed their plans regarding matrimony, but it is reported that a double wedding may result from the humorous adventure, shared between the young men and the editor of the village weekly.

SCHOOL BOARD OUSTER DECISION

DECISION of Judge R. L. Hildebrand of the Lawrence county court, in the petition filed by R. T. Withers and J. H. McIlvenny, members of the school board, together with a number of citizens, seeking to oust from membership on the board, five other members, James K. Love, C. H. Young, Dr. W. L. Campbell, Mrs. Ethel Douthett, and Mrs. John Nothdurft, handed down in court yesterday, was what had been anticipated by the vast majority of New Castle citizens from the time that the suit was filed.

The court ruled that no violations of the school code had been shown as alleged in the ouster petition, and that there was no reason shown for any ouster. Hence the five members of the board against whom the action was directed, continue to hold their seats as members of the board.

The five members of the board against whom the action was directed were not shown to have been guilty of any offense. The chief thing that was developed in the entire hearing was that these five members had been carrying on their work as members of the board in an effort to provide adequate quarters for the children of the New Castle schools.

The only thing gained by such action as filing of this suit is the creation of "trouble" for some of the members of the board who are serving the citizens of New Castle in an effort to handle a difficult school situation. Such tactics continued can only result in harm to the fine school system that New Castle now possesses, and it is to be hoped that the end of such efforts has been reached.

New Castle citizenry has confidence in the school board majority. The decision of the court in the ouster case is an absolute vindication for the members against whom it was aimed, and re-emphasizes in the public mind the fact that these members are standing for school progress and advancement in the face of conditions that do not usually confront a school board in the city of New Castle.

SKYSCRAPERS

AMERICANS, especially those living in the larger cities, boast of the towering skyscrapers so common in this country and so wholly absent elsewhere, the idea never "entering their head" that some people find nothing artistic or useful in tall buildings.

Some of these scoffers may get the other point of view from President Doumergue's refusal to permit the erection of a government skyscraper in Paris on the ground that it would mar the skyline of the French capital.

Conditions in New York and other large American cities necessitate buildings of many stories and in many instances American architectural genius and engineering skill have made of these skyscrapers things of beauty as well as of utility. But this type of building is not adapted to the European city and skyline, nor is it essential to European business.

A skyscraper such as the Woolworth building, or even a smaller one, would stick out like a sore thumb or like a barren tree trunk in a desert. There is a dignity and style in the fine uniformity of the Parisian street which would surely be marred by a skyscraper, and one of those low rambling Parisian buildings would be no less disfiguring to Broadway or "The Loop" if set down in the midst of a cluster of thirty story office buildings.

The skyscraper is the American solution of the urban problem of high land costs and business concentration. Without them New York's business district would cover an area probably as large as the entire city now does. These conditions are less acute in European cities.

FOOTBALL IS KICKED IN

AS the leaves fade and show a promise of bright colors soon to appear, as school bells ring and father begins to worry about the price of coal, the pigskin, which, by the way, is rubber covered with horsehide, is booted upon the field of sports. The season is short and vigorous and there is need of haste even in extending a welcome to the masters of the forward pass and the mass formations.

The practice gridiron is a scene of bustling activity these rather too warm pre-season afternoons. The grass or cinder-covered ground is cut and torn by cleated shoes, bucking machines are pushed slowly but surely down the field, and helpless dummies swing from their gallows to meet the impact of rushing humanity. Veteran players carefully nurse themselves for future games while youngsters expend their last ounce of energy in efforts to attract the attention of the coach. Drop kicking and drill, relentless monotonous drill, is rewarded by a short scrimmage; then players are ordered to run three or four times around the field before returning to their dressing rooms. Fresh from shower baths, glowing and happy, and smelling gloriously of liniment, gridders walk with light, unwearied step after the first stiffness is worn away. So strenuous and thorough is the training they receive that they can almost feel themselves gaining day by day in strength and robust health.

In the class rooms, on the campus and even in shops and offices, there are guesses on the probable winners of games. Cheer leaders are busy practicing new songs and jingles, and new contortions, to be used when enthusiasm is needed to encourage a losing team or to cheer a victory. There are dates to be made, too; dates for games six weeks away, for popular girls are asked early or else often asked in vain. The admittance of football to the newspaper sporting pages is a welcome event in the lives of thousands of people. Wait till the captains have shaken hands, tossed a coin and nodded their heads—then let the games begin.

Still, there is no indication that we would be happier if winter weather came in summer and summer weather in winter.

Safety Sam Says:

If they was t' put flappers wearin' the' modern dress on rail crossin's th' men might look—but they prob'ly still wouldn't see anything comin' down th' track.

Hints and Dints

Sun sets tonight 6:21. Sun rises tomorrow 5:36.

When men die as they have lived it often leaves a bad impression. Some times they leave a better impression after they die than made while they lived also.

Governor Pinchot has decided not to be a candidate for United States senator. However, he is getting ready to swat the Republican nominee. It will be a great thing when Pinchot leaves Pennsylvania and goes back to where he belongs and takes his bunch of carpet-baggers employed at the Capital with him.

The chief of police of Monongahela, Pa., will not only allow women to parade the streets of that burg in bathing suits, but will also pinch the bozos who have signs on their automobiles reading, "Chicken, here's your coop" and "Peaches, here's your can". The chief's stuff is about right, according to our way of thinking.

To a bald-headed man a hatless youngster seems always to be showing off.

We have noticed in our wanderings over the face of this fair earth that there is a certain class of mugs who travel also who think of nothing but destroying and devastating the property of others. No matter where they go they leave their trail behind them in some objectionable way. If it is camping by the roadside or stopping in a hotel. The greatest thing in traveling is a thought for the other fellow, and that also holds good while staying right at home.

A local lady went into a barber shop last Saturday and after seeing the big crowd occupying every chair in the shop, apologized to the barber for her coming in on Saturday when the shop was so busy. The barber told her it was all right and that in the crowd of a dozen or more in the shop only about three were getting work done. The rest were waiting for one of the family to get her hair cut. It is getting so that four or five go with the one that gets work done and fill up the chairs in a shop and other customers, seeing the crowd, do not go in for fear they will have to wait too long. Barbers have their troubles just like humans.

An 18-year-old girl in Buffalo has been declared the most beautiful waitress in the United States. She will not be a waitress very long if the movie and vaudeville agents hear about her.

When a lady was being tried for drunkenness in Pittsburgh she told the judge the Volstead act was a very fine law and should be rigidly enforced. This made such an impression on the judge that he discharged her.

The champion he-swimmer of France gave up the swim across the English Channel after being in the water a few hours. The French are great at giving up except the money they owe this country.

At one of the most congested traffic points in New Jersey we were stopped by a big policeman, and he had a bunch of cards in his hand and we naturally thought we were going to get a present and would soon be up before some judge for some road violation, as we had heard some bird whistle at us farther back. This baby had nothing in mind like that. He was selling tickets to a policeman's benefit ball. Those whom he approached were naturally nervous on account of the traffic conditions at that point and he got many a dollar he would not have received had he been on a less frequented spot and tried to sell the tickets. Most birds were scared into buying one.

The Valentinos of today command greater followings than the Elliotts.

The greatest death rate from automobiles in the United States is at Camden, N. J. This city is at one end of the White Horse Pike, which is a main highway to Atlantic City. There are no hospitals between Camden and Atlantic City and those who are injured and killed on this great highway are naturally taken to Camden. And ,by the way, there is some killing and injuring on this speedway to the playground of the world.

Governor Pinchot is getting ready to support a Democrat for the United States Senate and will give up his allegiance to the Republican party. He never was a Republican and only used the party to run for office on. If he comes out as a Dem. perhaps we will know where he is at.

A Johnstown, Pa., man was arrested for giving $900 in counterfeit money for three barrels of moonshine whisky. Both parties got stung in that deal.

We notice in most every place at the Sesqui-Centennial that "No Smoking" signs up for the admiration of smokers. In spite of this, a lot of bozos went around sucking the cigs. Nothing will stop them, it seems.

Now we are told that the consumption of beef is falling off in the United States. Surely no one can expect the consumption to increase at the scandalous prices asked for it. Other kinds of meat must also be falling off in sale, as they are in some cases even higher in price. People can get along without meat and they are doing it to a large extent.

LOOKED APPETIZING

An artist was showing some friends through his studio and took great pride in pointing out his masterpieces.

"My, this one fairly makes my mouth water," remarked one of his visitors, stopping before a canvas.

"I don't understand," replied the artist, "why a sunset should make your mouth water."

"Oh, it is a sunset. Pardon me, I thought it was an egg in a frying pan."

Higgs wanted to buy a car and Biggs wanted to sell one, so a trial run was arranged. Rattling and groaning, it covered the ground at its maximum speed, about one mile an hour.

"Rattling fine car!" ejaculated Biggs. "Sound in every part!"

"So I hear!" was Higgs' response.

GOING DOWN

The boat was sinking. The skipper rushed up to the crowd of scared passengers.

"Who among you can pray?" he asked them.

"I can", answered the minister.

"Then pray, mister", ordered the skipper. "The rest of you put on life preservers. We're one short."

After driving a few hundred miles over the week end holiday the average man feels like a used car. Sound looking on the outside but full of body squeaks.

The observation of the weather forecaster on Saturday last for rains on Monday was correct. There were rains and plenty of them. Don't let anyone say now that the weather man is never right.

Officers found a quantity of booze planted in a garden on the south side of the city. We can't understand why the booze should be planted there. The drinkers will get there quite soon, but why put some of the horrors of the grave right in the liquor?

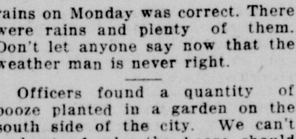
Mrs. Bill Hart denies that she is to ask for a divorce from her actor husband. Both the man and the woman in this case have had all the publicity coming to them in their marital venture and not even a divorce would benefit either very much.

Germany is to be given a seat in the League of Nations, which is fine, and the World Court is considering admitting the United States conditionally. That's fine too, the United States doesn't want in only under the conditions it makes itself, and the way the Court functions the United States is wise in insisting upon conditions.

The most interesting news of the day now is the trouble the different cities are having in selecting beauties to represent them at the Atlantic City beauty show. Ringers are being used now according to the claim of some cities. In all amateur sports "ringers" are the bone of contention always.

In Chicago the theatres are running without music. Now a person can enjoy the movies without having to listen to the squeals of a cracked orchestra. Just eliminate the person who reads the captions aloud and theatre going will have some additional charms.

Six hundred thirty traffic accidents have been reported in the streets of New Castle so far this year. That looks like a large number, but the percentage is low considering the number of cars on the streets in that time. It is percentages that count, not number. That number isn't high when you consider that everybody who owns a car in Lawrence county has to show it on Washington street Saturday evening.



Beating: A process by which a useful husband transfers the dust from a rug to his lungs.

Political history is to be made in the United States this month at the primaries. And some more causes for Senatorial investigations too.

In New York city we have read of a Pedestrian's Society. Maybe those chaps figure that united they'll stand.

A great number working on prison farms would doubtless welcome farm relief.

One of the nerviest things we have heard of recently was the query of a 13-year-old, whose life is one sweet song, as to where he was going to spend his vacation.

A public lecturer can always point out to his wife that he gets paid for HIS speeches.

The New Brunswick Board of Trade is on its ear because of the publicity it is getting over the Hall-Mills case. Most towns want publicity and some of them will even try to chase the petters off the highway to get a little puff.

Judging by the way some motorists insist upon their everlasting honk honk, they must imagine the horns pull the cars.

If only patriotism would start gasoline wars.

Peaceful Labor Day.
A Mother's Revenge.
Perhaps No Throne.
Let Business Alone.

By ARTHUR BRISBANE

Labor Day has gone peacefully. In Europe it is a day of unrest, a gathering of troops and police. Here it is only another holiday. Labor isn't paid as well as it will be and hours of labor are longer than they will be. But labor is better off here than anywhere else, and is content.

* * *

Those that control labor through money should make it their business to increase wages and shorten hours, proportionateiy with improvements in machinery and economies in production instead of waiting for strikes and violence to do the work.

Thirty-one hundred years ago Cyrus the Great captured the son of Tomyris queen of the Scythians (see the story in Herodotus) while he was drunk, and killed him, although Tomyris had warned him.

She caught Cyrus, chopped off his head, put it in a goat skin, filled with human blood and said: "For once, drink all the blood you want."

Beware of an angry mother.

The king of spain with one son another weak in various ways, plans to have parliament declare a third son heir to the throne. But there may be no throne.

While the king has played polo, hobnobbing with friends in London and Biarritz, and elsewhere, other men in Spain have a different game.

President Coolidge's message to congress will recommend no new legislation about trusts. The president's friends say "he wants business let alone."

* * *

One thing is certain, big business should be allowed to grow as big as it can. In Europe entire nations unite to build up gigantic trusts in steel and other products. It would not be healthy for America to hamper big organizations here.

* * *

If the people haven't intelligence enough to protect themselves against a few big men, they certainly wouldn't have enough to protect themselves against the combination of many little men.

The falling British birth rate does not necessarily mean smaller population. If Britons would let Nathan Straus or somebody else persuade them to pasteurize their milk they could have fewer babies and more population. To have four children and keep them alive is better than to have eight and lose five of them.

ADVICE TO A LADY DRIVER

Lady, when you drive the car,
Pay no heed to me I pray,
Just remember others are
Not so very far away;
Bear in mind your precious load,
Keep your eyes upon the road.

I can hear you very well,
Though you do not turn to me,
I'll catch all you have to tell
Though you face I cannot see.
Watch the road and never mind
Anyone who sits behind.

Though your face is wondrous fair,
And your voice is low and sweet,
Lood ahead, and drive with care,
Don't forget you're on the street.
Stop the car or stop your talk,
Otherwise I'd rather walk.

Lady, just remember when
You start chatting as you drive,
Anything can happen, when
You are hitting twenty-five.
Please, I beg, don't gaze about,
Watch the road or let me out!

NOTHING IS SO BAD—

As it seems to be the day before you get to it.
That worry will not make it worse.
That something cannot be accomplished by trying again.
That you need give up hope if God is still interested.
But that you can find some one who has seen it worse.
That it is as bad as it can be.
When you attack it bravely as when you try to dodge it.

Major Harold P. Sheldon who has been appointed Chief United States game warden, is well qualified for the duties of his new position through experience gained during the past five years as state game commissioner of Vermont. Maj. Sheldon is a native of Vermont and was formerly connected with the Department of Agriculture at Washington. During the war he served in France as captain of a machine gun batallion and was seriously wounded in action. He is considered an authority on the conservation of wild life and has written extensively on the subject. As chief United States game warden he will be in charge of the enforcement of the migratory-bird treaty act and regulations protecting birds migrating between the United States and Canada and the Lacey act regulating interstate commerce in game.

TRADE FOLLOWS THE FILMS

The British seems to be waking up to the efficiency of film advertising.

The trouble, is that American films cover the world. They show American clothes and American automobiles, and other American goods. The consequence is that people buy what America has to sell. Thus America with its 120,000,000 population is formidably challenging the British Empire with its 450,000,000.

The British naturally consider themselves superior to Americans and regard the latter as materialistic and otherwise backward. They have not the high moral qualifications of the British, according to British ideas.

America will spend thirty million pounds of motion pictures the coming year. In the face of such tremendous advertising it is difficult for Great Britain to hold up its end in the matter of trade.

Sir Robert Donald wants the government to take action in the matter of financing British pictures in sufficient numbers. He says that Britain has the money, the latent capacity and the talent for out-doing America.

Consular reports say nothing of the film business, notwithstanding its tremendous effect upon trade.

"If we had shown the same somnolent complacency," says Sir Robert Donald, "in the face of attacks on other industries, such as tobacco, matches, cycles, motor cars, steel, cotton and the like, the country would have been in a state of insolvency and unable to pay interest on its debt.

"By offering handsome fees for scenarios, and supplying ample funds for productions Great Britain may yet forge to the front as a film maker with the attendant consequences of a betterment in trade."

An unexpected result of America's prominence in film making has thus been its effect upon commerce.

American films are shown all over the world and by them American goods are advertised.

Bible Thought For Today

PRAISE THE GOOD GOD:—Make a joyful noise unto the Lord. Enter into his gates with thanksgiving. For the Lord is good. Psalm 100: 1, 4, 5.

The world is growing some better. You seldom see a handpainted sofa pillow.

The World AND THE Mud Puddles

NO LONGER A "BOGY."

The word "Corporation" used to be a "Bogy." If a politicians wished to attach another politician, he generally accused him of being hand in glove with the Corporation. The "Bogy" was so big at one time that the stockholders of American corporations were comparatively few. All this has changed, and today the stocks of the great corporations of this country are widely held.

The Atchison, Topeka and Santa Fe Railroad has recently published a statement in which they set forth the number of shareholders of the Santa Fe system, and their stock holdings. In this statement they say that the Santa Fe has outstanding 3,565,823 shares of its capital stock, which is owned by 62,933 share holders. There is a stockholder in every state of the Union, the District of Columbia, Canal Zone, Hawaii, the Philippines, Porto Rico, together with those in 39 foreign countries. The foreign capitalists own about 165,174 shares.

20 per cent of these stockholders own from one to five shares each.

40 per cent from six to twenty shares.

20 per cent from 21 to fifty shares.

11 per cent from fifty one to One hundred shares.

7 per cent more than one hundred shares.

It is therefore evident that 93 per cent of the stockholders of this great corporation own less than 100 shares of stock. The od part of the statement is the fact that in the states in which all of its properties are located, there are only 6,607 stockholders, owning 305,491 shares of stock. The largest single owner of shares is an educational and scientific institution, which owns 26,100 shares. This is less than 1 per cent of the capital stock issued by the company.

A great many of the stockholders are employees of the Santa Fe. This corporation, like the Steel Corporation and the American Bell Telephone is a great encourager of the holding of its shares by its employees. Great American corporations generally are following the lead of these three. A great part of the capital stock is however held by estates, by banks, by insurance companies, by colleges, religious organizations, hospitals, and business firms.

The citizens of the United States have come to know that practically every corporation whose stock is now listed on the New York Stock Exchange is managed and operated primarily in the interest of its stockholders. No "blatherskite" of a politician is going to shake that confidence.

Compare Eliot and Valentino.

Rudolph Valetino is receiving more newspaper space than Dr. Charles W. Eliot. Financial returns from their works also offer a basis of comparison of popular appeal. In 18 years' sales of Dr. Eliot's five-foot shelf of books edited by him have totaled $20,827,188. Presumably much more than that has been paid in box offices by Valentino fans. In ten years Valentino earned $2,500,000, representing salary and part of the profits of producers. Some 125,000,000 people viewed one picture alone.

Dr. Eliot lived to be 92. Valentino 31. Both died last week.

POEMS HOME BY CHARLES HANSON TOWNE

"To Die for One's Country," by Thomas Moore.

Poems of patriotism, despite the scorners, will not cease to be written. Love of country is part of most of us, strive as we may to deny such assertions as Scott's

"Breathes there a man with soul so dead
Who never to himself hath said,
'This is my own, my native land?'"

We cannot get away from that ingrained love—which should not cause us to love other lands the less. Moore's utterance is simple and beautiful, and rises to a fine climax.

When he who adores thee has left but the name
Of his fault and his sorrows behind,
O! say wilt thou weep, when they darken the fame
Of a life that for thee was resigned?
Yes, weep, and however my foes may condemn,
Thy tears shall efface their decree;
For, heaven can witness, though guilty to them,
I have been but too faithful to thee.

With thee were the dreams of my earliest love,
Every thought of my reason was thine:
In my last humble prayer to the Spirit above
Thy name shall be mingled with mine!
O! blest are the lovers and friends who shall live
The days of thy glory to see;
But the next dearest blessing that heaven can give
Is the pride of thus dying for thee.

Soviet Writers Praise America

Outdoor Sports Make Great Headway Among Young Russians

ENGINEERS ON GIGANTIC PROJECT

By H. R. KNICKERBOCKER
International News Service Staff Correspondent

MOSCOW, Sept. 8—Novel are the notions of Soviet newspaper writers about America. Nothing is too fantastic for their credulity if it touches upon the "land of unlimited possibilities." Recently having announced that Americans were planning to divert the Gulf Stream and freeze out Europe, Soviet journalists have now discovered that a serious plan is afoot in the United States to create a "world bank" there and with its help accumulate all the gold in the world.

According to an inspired editorial in "Gudok," the organ of the Soviet railroad men, "The Americans have proposed the creation of a world bank which will have the right to issue bank notes. Naturally the whereabouts of the bank must be somewhere in America, as she has more than half of the world's gold reserve.

"And just as naturally, the majority of the votes in the bank's governing board must belong to Americans. This American plan has not yet been accepted by the League of Nations.

"But if America should refrain in the future from giving new loans to Europe, the League of Nations might have to change its attitude. The United States already has the support of England. Germany is completely in American hands. France comes next and it is unreasonable to suppose that France can muster any effective opposition to common Anglo-American pressure.

"Of course this world bank would not bring cessation of wars. On the contrary, should it seem profitable for America, she will allow the other powers to fight among themselves, and indeed, we would not be surprised if the next war against the Soviet Union were to be waged at the instigation of the United States of America."

The House of Scientists in Odessa, a co-operative institution for the benefit of professors and others engaged in scientific work, which has been receiving a monthly subsidy of $400 from the American Section of Aid to Scholars, now announces that it is able to get along without the American money. Improved conditions have made it possible to dispense with foreign aid, the Odessan scientists explained.

Out door sports are making great headway with the new generation of Soviet Russians. Lola Shunarkiko, 19 year old "Comsomolka," or member of the Communist Youth International, is being heralded as the greatest living exponent in Russia of the motto that Soviet girls must paddle their own canoes. Lola just completed a 600 mile trip in a canoe by herself.

She left her home city, Kiev, in the Ukraine, launched out on the broad and sluggish Dnieper, and paddling at an average rate of 15 miles a day, covered the distance to Sebastopol, in the Crimea, in a month and a half.

Sixteen American engineers and mechanical experts employed by the Georgian Manganese company, the Harriman concern now exploiting the mines of Tchiaturi, have arrived bringing with them their own houses. The housing shortage is not confined to Moscow, and having learned from their associates of the extreme difficulty of finding rooms, the Americans packed up and brought along ten folding cottages.

Seventh Ward News

Eighty-Three New Pupils Enrolled At Mahoning School

Still More Pupils Expected To Enroll—Other News Notes Of Seventh Ward

The first day of school at Mahoning school found 831 pupils enrolled and in their places. Eighty-three of this number were new scholars, making two groups of new pupils, 1B-1 and 1B-2. Pupils will probably continue enrolling the rest of the week, as many people in the seventh ward are ill and probably a number of the ones ill are those of school age. The 25 teachers were all present Tuesday morning, the same staff as last year with the exception of the new principal, Miss Mitcheltree, in place of Mr. Conner, and the three new teachers, Mrs. J. H. Turner, Miss Anna Thomas and Miss Maude Wetmore.

At Lawrence school the number of pupils enrolled on Tuesday was 185.

The first day of school went very well. Pupils for the most part were eager to be back again and teachers were busy giving out supplies and assigning lessons. As soon as possible it is being planned to start activities in the school, especially among the junior high school group. It is being planned to have a football team and practice for this team will be started soon.

STATE GUARDS WATER SUPPLY

State Car Makes 2,700 Miles To Test 1,766 Drinking Water Places

By WILLIAM BROWN
International News Service Staff Correspondent

HARRISBURG, Pa., Sept. 8.—Reporting on the tests made of highway water supplies today, H. P. Drake, sanitary engineer of the State Department of Health, revealed that the state laboratory cars had covered 2,700 miles and had tested 1,766 public water supplies. The report was made to Charles H. Miner, state secretary of health.

The purpose of safeguarding the water supply for tourists has been the big objective of the traveling laboratories which began their work before Memorial Day and ended it last week. Of the 1,766 supplies tested 744 were approved, 743 rejected and 279 still are under consideration pending further testing.

This is the third consecutive year in which the health department has taken steps to test and safeguard all water supplies along the main traveled routes.

During 1924, the first year the tests were made, 2,000 miles of road were covered and 841 samples taken and tested. Four hundred and seven were approved, 278 rejected and 129 were pending at the end of the season. In 1925 an additional 700 miles were covered and the number of samples examine was doubled.

In discussing the work this year Dr. Miner said:

"This is a splendid report. It indicates a vast amount of work on the part of the field laboratory and its staff, who are compelled to do this work during the tourist season, from Memorial Day to early autumn. It is necessary to accomplish much during the summer months, due to the fact that the roadside stands remain open only during these months.

"It will be noticed that these figures indicate that more than one half of the supplies examined were rejected. This list of rejections will be added to considerably when more than 500 cases located in the dangerous limestone section of the state are examined.

"The department, therefore, having placed conspicuous signs on the safe water supplies along the roads, asks that the traveling public use discretion in quenching its thirst. Drink only from the supplies marked with the "safe water" placard and thus avoid the possibility of contracting typhoid fever through the use of contaminated water."

Beauties On Parade At Atlantic City In Annual U. S. Contest

(International News Service)

ATLANTIC CITY, N. J., Sept. 8.—A trainload of American beauties arrived here Tuesday.

There were beautiful blondes, brunettes and "redheads" each fit to wear the crown of "Miss America" to be awarded in the Atlantic City beauty pageant which opens this week on the "Beauty Special."

Ten thousand spectators crowded the station to feast in the sight. There were 73 prize beauties aboard from every section of the country. Only 53 will compete for the pulchritude awards, the others being ineligible for various technical reasons.

The beauties tripped daintily down the car steps through a spellbound crowd. The Atlantic City flag and the pageant banner were hoisted by Miss Fay Lanphier, California girl, the Miss America of 1925. A flirtatious wind snapped the halyards and the flags fell. Miss Lanphier became hysterical and began weeping. They led her into a private room to regain her composure.

Gladys Imogene Kine, "Miss Louisville" of Kentucky, also had some excitement. She took the wrong train from Philadelphia, reaching Atlantic City an hour ahead of the "Beauty Special."

Miss Lanphier regained her self-possession by the time Mayor Edward L. Bader distributed large guilded wooden keys to the mythical city gates to the beauties. A squadron of automobiles then carried the girls to a luncheon given by the local Rotary club.

Yacht and life-boat races were on the program for the afternoon and an "American beauty dinner" was scheduled for the evening. There will be an "American beauty" ball tonight following the pageant's baby parade in the afternoon.

Passing of judgment on the most beautiful girl in a bathing suit and in evening dress will take place on Thursday and Friday. The crowning of "Miss America, 1926" is set for Friday night.

The "Queen of Beauty" will receive the $5,000 golden mermaid prize, a $1,000 gold watch and the Edna Wallace Hopper loving cup among other auxiliary awards. There will be 300 prizes given during the beauty contest.

The beauties will travel to Philadelphia Saturday to be the dinner guests of Mayor and Mrs. Kendrick.

Kiwanians Will Have Convention

Record Attendance Seen For State Gathering At Conneaut Lake

(Special To The News)

MERCER, Pa., Sept. 8.—The largest number of registrations to date of any convention ever held of the members of the International Kiwanis clubs is the announcement of today by W. S. McKay of Greenville who is on the publicity committee of the organization built from the Greenville and Meadville Kiwanis membership for the arranging of the state convention of clubs at Conneaut Lake 13, 14, 15.

From this fact it is predicted that the impending convention will be the largest that the club has ever held. Telegrams will be sent out the first of the week to the 100 clubs in the state with their membership of 7,000 urging that representative membership be sent.

The 17 clubs of the organization of Northwestern Pennsylvania are pledged to assist the two named in the preparing of a program. That they are making good is proved in the proffer of a band by the Clarion club, singers by the Oil City, Tarentum and Pittsburgh clubs. Grove City club will send a violinist. From that club also comes the song leader of the convention, F. C. Jones. The Rochester Glee club will also be present.

The Mercer public schools opened Monday with the attendance for the opening day very good in consideration of the counter attractions in the Stoneboro fair and Labor Day programs in the parks.

The high school enrollment for the first day was 206. This is within 13 of the figure reached last year.

The attendance in the grades is about the same. Prof. S. R. Craig the school head states that by the end of the week that the enrollment will be so stabilized that attendance figures may be given out.

Of the many he has seen the approaching winter has no terrors for A. G. Dilley. The family will spend the winter in Florida.

The traffic of Labor Day and evening here is stated to be the record breaker of all time. The storms over the week end held up travel on Saturday and Sunday.

The holding company through their attorney have taken the preliminary legal step in the Troy plan of financing a high school building for Mercer and the school board have made answer in a legal instrument filed.

Following the expiration of the return over this week the court wil have the matter for consideration. Under the plan the issuing of bonds secured by a rental arangement with the school board will be taken care of by the holding company who from a 35 year contract are insured sufficient rental to pay off principal and interest. Whether this method of financing is legal that bondholders are secured is the promise of the court action.

Gar Wood Captures Speedboat Race

DETROIT, Sept. 8.—Gar Wood retained the Harmsworth international speedboat trophy here Tuesday when, after winning one heat with Miss America V, he was conceded the race by the French challenger, P. A. Clark, pilot of the Excelsior-France. The French boat, owned by Henri Esders, was so damaged in shipment that it could finish only one lap, being clocked at an average speed of 41.537 miles per hour.

You can't imagine the Republican party letting a question of religion keep it out of the White House.

There's one thing about the reformer's job. When he gets it done, there's always a new stock of raw material.

See America first. Your baggage gets inspected about as often here at home in these arid days.

COMPETITION IN WORDS

One who goes into the market to buy a motor car today is naturally confused.

He has read the words *best* and *greatest* so often that they have ceased to be convincing. Where *all* is best, he reflects, there can *be* no best.

Thousand-dollar cars have been described to him in ten-thousand dollar language. And vice versa.

He finds himself the target in a war of adjectives; the helpless victim in a gigantic competition of words.

And so he is forced to rely on chance—the advice of friends—or his own limited experience.

Dodge Brothers, Inc., have never participated in this verbal competition.

They are content with the position they have long maintained in the far more vital competition of *honest value.*

They have continued steadily to improve their product, not only in comfort and beauty, but *basically*—beneath the body and hood where fundamental values lie.

Yet they have not unduly stressed each betterment that has marked the steady progress of their motor car toward a higher perfection.

And when economic conditions or greater sales have permitted them to reduce prices without reducing quality, they have announced the fact without excessive emphasis.

Unexaggerated truth is not spectacular. But in the long run, implicit public confidence has been Dodge Brothers reward, and this they propose to preserve *forever* by continuing to build just a little better than they tell.

Three figures which mean extra motor car value

Buick motor cars are now designated by their wheelbase lengths. Series One Fifteen has 114½ inches of wheelbase .... Series One Twenty is 120 inches from axle to axle, and Series One Twenty-eight measures 128 inches.

These designations direct attention to the fact that size is the *only* variation in the different Buick chassis.

Another purpose is to point to the extra comfort and value which results from Buick's extra wheelbase lengths.

Everyone knows that long cars ride easier than short ones. But it costs more to build them. Great volume is the reason for the extra value of Buick's extra wheelbase. Many cars, inches shorter than Buick and without advantages offered by Buick design, are priced considerably higher.

Unsightly cracks are impossible with a CROMAR Floor

SHRINKING and swelling, due to heat and moisture, play havoc with the appearance of a softwood floor. And, though any oak floor is superior in beauty and endurance, it too is often robbed of its charm by ugly cracks which are caused by shrinking of the strips—due to the fact that there is nothing to protect the wood from the effects of moisture.

You won't find a CROMAR floor "open up" like that! It is completely finished on the face and *moisture-proofed* on back and edges. It *cannot* shrink. And the patented CROMAR groove, which is neatly *rounded*, is easily kept clean—any gathering dust is lightly brushed away. Compare such easy cleaning with the practical impossibility of removing the hard-packed dirt in the cracks of ordinary flooring!

You can lay CROMAR right over your old floors, a room a day—it is completely finished, like furniture, at the factory.

There is a CROMAR Dealer near you. Write for his name; and let us mail you free sample and complete literature.

Nine Major Reasons for Choosing CROMAR Oak Flooring (No. 5)

CROMAR is always uniform in grade of oak and finish

Nothing but the best oak is accepted for the manufacture of CROMAR—thus is uniformity of grade assured.

Uniformity of finish is the result of machine processes:—A patented machine drives the filler deep into the pores of the wood, giving a permanent and uniform base for the varnish and wax; other patented machines spread varnish and wax more evenly than the most skillful hand can do.

And when laying CROMAR, the carpenter sees the actual finish, can match strips as to color-shadings and grain-patterns, and thus obtain a more uniform appearance of the entire floor.

Most Trying Duties Of Mayor Dunlap Are Those As City Police Magistrate

Mayor Will Soon Have Completed Three Years Of His Term

SOME OF RESULTS DURING OFFICE

Reporter Gives Some Intimate Glimpses Of Ideas And Purposes Of Mayor

(By ED. FRITZ)

Characterized as an extremist along certain lines of thought when he became mayor of New Castle, William H. Dunlap has proven so far to be one of the most liberal-minded executives the people here have voted into power, we would say.

As chairman of council he has had a share in promoting improvements as many streets and avenues have been paved during the past few years, a sewage disposal plant has been built and building construction regulated.

However, it is not along these lines that he was predicted to be an extremist but rather along police lines, because, as mayor, he naturally became superintendent of police—and a magistrate.

Dry Up Wet Spots

After the chief executive went into office he commenced fulfilling a pledge that he would "dry" up "wet" spots. There were some "wet" spots—and will be as long as berries, grapes and hops grow.

However, he sent his policemen after prominent bootleggers and well known dives where men and women gathered to the annoyance of neighbors and also to the grief of wives, mothers and children.

During the first year, squads of police, changed often to break any possible connivance, raided speakeasies. Persons who did not obey his ultimatum to "quit" went to court trial.

Today there is very little whiskey or "moonshine" being sold in New Castle. The "rum runner," with his high-powered automobile and corps of guards has almost entirely forsaken New Castle. No one individual, but rather concerted effort has brought this about.

To be frank, the most difficult problem the mayor has to contend with today is intoxication from a certain "rub." During the past month it is said that most of the 68 persons charged with drunkenness drank the alleged "rub."

The mayor realizes that not every man who takes a drink is not a criminal. He also realizes that as long as whiskey, wine or beer can be had there will be persons to drink.

Punish Liquor Salesmen

He believes that a salesman for liquor, wine or beer should be punished. Whenever police apprehend and convict such people, punishment results.

"The man who has a bottle on his hip is breaking the law," the mayor once told the writer. "If he is not a consistent drinker, however, I do not feel as though I should cause him to be sent away — to leave a family behind for the city to keep.

"As police court judge I act under the provisions of a city ordinance and I generally fine the defendant. I have discovered that a stiff monetary punishment has its effect and the 'bottle carriers' turn over a new leaf."

"There is a certain group of unfortunates in New Castle who have been 'hard drinkers.' I have tried and am still trying to help them. Their only fault is a craving for booze. My curative plan has not been futile in many cases."

By this plan, the mayor means that, he has police 'round up' members of such squads. He sends them to the city jail. He forces them to remain away from each other after their release and every now and then, one of them quits the 'stuff'.

One man, known as a harmless, though drinker of "rub", "heat", "moon" and in fact, anything that quenches the craving is locked up often. He sobers in the city jail, then does odd jobs about the city building.

This man is the father of a family—all of whom are respectable.

The mayor is quick to act against persons who defy his authority and orders. A policeman who does not obey him implicitly is punished speedily and when "Bill" speaks, city bluecoats have no doubts as to who is "boss".

Get Him With Goods.

Not so very long ago a man in this city commenced "going wrong". He was supposed, or we'll say, alleged to be selling "hooch". The mayor liked the chap and foresaw the "wind-up".

He called two of his shrewdest police into his office. This is what he said to them: "Go out and catch (name deleted) within two hours, if you can. I want him caught with 'the goods'. Don't come back unless you 'get him'."

The police did not reply. They combed the city and finally saw "their prey". The "prey" did not see them. They pounced upon him and had "the goods". He was taken to the private office of the mayor.

"You said that the police are slow, didn't you? Well, you're here. What have you to say for yourself?" he asked.

The man knew he was caught. He told a straight story.

The mayor listened attentively then said:

"I'm going to fine you $50. Quit your business or you will land in the 'workhouse'. You have a large number of friends—but among them are friends who will not be able to help you."

The man paid and left and a few days later told the writer: "I've knocked around quite a bit but that 'bird' is a 'square-shooter'. I'm through." He is. He is playing fair with the mayor.

There are scores of such incidents the writer, and other reporters here, could write should they choose. Not all the persons are without prominence.

Protects Women.

There is one characteristic of the mayor that shows principle and that is, he will not permit the parading of women prisoners before a "curious lobby". In fact erring women and girls are "hidden from scorn", even though arrested.

It is seldom that a girl is forced to visit the police court room. Instead the erring one is directed to the mayor's private office for a conference with Police Matron McKibben who does her work silently.

Very few are sent to the county jail. In fact, the writer cannot remember when Mayor Dunlap sentenced a girl to the prison. He has sent them home, after informing parents of the girls' predicament.

As mayor many domestic quarrels are brought to his attention. He has reconciled a score of couples. In fact some people have often jestingly remarked: "How's the 'patching up' business?"

"Better to 'patch it up' than see them in divorce court," replies Dunlap. He believes that if a quiet little heart-to-heart talk with people who have made a mistake can bring fruitful results, he will not spare "heart talks".

There are two plans in police court business. One is spot cash, the other installment.

If a prisoner gets "tough" he pays "spot cash" as a fine or goes to the "hill".

Providing he is not a consistent ordinance violator and is "short of cash" and he deserves a fine, the mayor grants him ample time to pay.

This method gives the prisoner a chance to return to work, support his family, but the installment plan fine acts as a yoke and prevents further violation. Most of the persons pay on scheduled dates and obtain a "clean slate" from the mayor.

The chief executive is not hard on boys. Like women and girls, he does not force them to tell of their mischievous pranks (which sometimes result in damage to property or perhaps petty thefts) before a lobby.

He takes them into the chief of police's office, talking kindly but firmly and points out the future, should they not adopt his advice. Boys await the mayor almost every Saturday—when he holds a form of juvenile court.

Presidency Boom Denied By Reed

(International News Service)

KANSAS CITY, Mo., Sept. 8.—"If the friends of James A. Reed, Democrat of Missouri, want to endorse him for presidential timber and start a boom for him in 1928, that's their business; I did not start it."

That's the expressed sentiment Tuesday of the senior senator from Missouri, who announced in an interview that he had definitely decided to retire from the senate after 1928.

In making his announcement, the fiery senator who recently gained nationwide attention for his part in slush fund investigations, declared he wished to devote his attention to his business here after his present term.

"I've been in the senate 18 years," Senator Reed explained. "My law business here needs my attention."

Pennsylvania Folks Gather In Kansas

By D. O. McCRAY
International News Service Staff Correspondent

TOPEKA, Kas., Sept. 8. — Forty-eight years ago in Atchison, Kas., the Pennsylvanians then living in this state held a reunion. It was a neighborhood affair which since has become statewide and which annually calls all former Pennsylvanians to this capital city for social pleasures.

Thursday, September 9, has been fixed as the date for the reunion this year. Every Pennsylvanian living in Kansas has been invited. The day and evening will be taken up with speeches, visiting and a basket picnic. The Rev. Dr. E. J. Kulp, pastor of the First Methodist church of Topeka, is president of the Pennsylvania society.

Unusual interest in these annual reunions centers in the striking similarity of the appearance of the two states—Pennsylvania and Kansas—on the map. In size, shape and general outlines, this resemblance is remarkable. In no other two states of the union is the conformation of outlines and appearance so noticeable.

Three sides of each, and the same three sides—north, south and west—are squarely cut, while the eastern boundary of each is irregular and formed mainly by the course of a river. The only difference is the "stovepipe" projection on the northwest corner of Pennsylvania, near Erie.

Pennsylvania has a territorial area of 46,000 squarem iles, being 315 miles east and west by 160 miles north and south. Kansas is a larger state, having a territorial area of 81,000 square miles, being 400 miles east and west by 200 miles north and south. Both states are longer, in about equal proportions, than they are wide.

The Rev. Dr. Kulp in his address of welcome at the reunion September 9, will stress this resemblance of the two states on the map as one so striking as that so often noticed in twin children—a birth mark which stamps them as of one blood and family. It will account for the surious and interesting identification of Pennsylvania's sons with events in Kansas, during the whole of that exciting epoch when this state was so prominent a figure in the history of the nation.

Speakers at the reunion will explain how it happened that Pennsylvanians took charge of territorial affairs here and shaped the destiny of the future state. The old Keystone State furnished Kansas her first three governors—Andrew H. Reeder, John W. Geary and Robert J. Walker. After serving as governor of Kansas, Geary was elected chief executive of Pennsylvania. R. P. Flenniken, a Pennsylvanian, was the first free state candidate for congress. The first Great Seal of Kansas was designed by Governor Reeder and engraved by Robert Lovett, a Philadelphia, artisan. Galusha A. Grow, of Pennsylvania, introduced the first bill in congress to admit Kansas into the union.

These Pennsylvania folks, in their annual reunions in Kansas always declare that Pennsylvania is a great state, and no sons of hers, wander wheresoever he may, is ever ashamed to acknowledge his nativity. Virginia may be the "mother of states," but they declare that the old keystone is the "Pa," especially of Kansas.

Voice Over Radio Extinguishes Fire

(International News Service)

SAN FRANCISCO, Sept. 8. — Scientists at the University of California were greatly interested today in the feat accomplished Monday night by Charles Kellogg who by means of his voice transmitted over the radio extinguished a sensitive flame twelve miles away.

Kellogg broadcast a shrill note from a San Francisco broadcasting station and the note put out the flame in Le Conte Hall, University of California, Berkeley, twelve away.

The human voice has extinguished a sensitive flame before but Monday night the first time this was accomplished by radio.

The corn roast held by the Grange last Wednesday evening was a decided success, despite the inclemency of the weather. About 100 were present.

The Young People's Club was well attended. The next meeting will be Friday evening, Oct. 1.

William Stone had the misfortune to overturn his car at Millburn cross-roads. The car was badly wrecked. Mr. Stone escaped with minor injuries.

The Anderson reunion was held at the Grange hall on Labor Day.

Raymond J. Henshaw of Elmira, N. Y., was a caller in the vicinity during the week.

Francis Coogan of Pittsburgh called on J. B. Comstock on Friday.

Gilkey Connection Attends Old Church

Motor To New Galilee Sunday To Attend Service At Second U. P. Church

J. E. Gilkey and family of Alliance, O., and his mother Mrs. Margaret Gilkey motored to New Galilee last Sunday where they were joined by T. D. Gilkey and family from Beaver Falls and W. R. Gilkey and family of this city and all enjoyed the splendid service at the Second U. P. church, their old church.

Later they proceeded to the Gilkey home here where they spent Labor Day. The visit to the New Galilee church was greatly enjoyed by the party especially "Mother" Gilkey who although she is in her 78th year felt no ill effects of the trip.

Only two more months until time to predict a hard winter.

Farm Products Here Worth $6,000,000

Lawrence County Crops And Livestock Form Big Part Of County's Wealth

Farm products and livestock raised on the farms of Lawrence county reached in 1925 a total value of $5,819,192.44, figures just compiled and released by the Pennsylvania Department of Agriculture show.

Although Lawrence county is essentially an industrial community it is evident from the high value of the agricultural products that the produce of its farms form no small part in its prosperity.

The detailed figures of the department's report indicate that the total products value was divided into the following three main divisions. Eight principal field crops and apples, peaches and pears, $2,349,974.

Livestock on farms January 1, $2,013,130.20.

Milk, eggs, wool and honey, $1,455, 088.24.

Taken entirely the figures for the entire state of which Lawrence county is a fair example, show the wide diversity of the crops and products in the Keystone state state which in a large part accounts for the high standard of prosperity which has been achieved here.

All the problems were solved long ago. What we are hunting now is solutions to the solutions.

Trumbull Wins Safety Contest

Ohio Division Of P. & O. Company Is Winner For Past Two Months

NEW CASTLE HAS TWICE BEEN FIRST

Trumbull division street car and bus operators won the fifth bimonthly accident prevention contest of the Penn-Ohio system. Announcement of the results of the July-August period have just been announced. The race was close, Trumbull division men winning by a fairly close margin over the Sharon division, with New Castle in third position.

The contests instituted last November, have been hard fought from the start. New Castle has won two, Sharon two and Trumbull one. The sixth contest is now on and if it is won by Trumbull the three divisions will be tied in the race for the permanent trophy to go to the division winning the most contests in the year. In that event the tie will be run off in November and December. If either Sharon or New Castle wins in the present two-month period the men of the winning division will gain permanent possession of the cup.

In the July-August contest the Trumbull men had a total of eight chargeable accidents for a total operation of 237,310 miles, or an average of 29,664 miles operated for each month.

Sharon had 11 chargeable accidents for 315,430 miles or an average of 28,675 per accident, and New Castle 10 accidents for 258,028 miles or an average of 25,805 per accident.

Trumbull's victory will be celebrated with dinner meetings, noon and evening during the week of September 20. At this time the silver loving cup will be placed in their possession to be held by them till the next bi-monthly contest is decided.

Lost Ad Gets Charm Back For L. L. Lamm

Lost Bit Of Jewelry Is Found By Philadelphia Man And Returned

News want ads again demonstrated their worth through the experience of L. L. Lamm, well known P. and L. E. yardmaster.

A week ago last Saturday Mr. Lamm had the misfortune to lose a watch charm which he prized very highly. His first thought was the lost column of the News classified ads. Accordingly he inserted an advertisement.

And the charm came back. A man visiting here from Philadelphia found it. He was on his way back to the eastern city but secured a News and found the description of the charm and telephone number to call.

He got in touch with William Justice of North Beaver street, a friend of his, and had Mr. Justice call the number. Thus did Lamm secure the return of his valued charm and annex himself to the long and ever growing list of boosters for News classified advertisements.

Zoning Board Grants Four Appeals From Engineer's Decision

Board of zoning appeals meeting Tuesday afternoon at the city building heard four appeals taken from the decisions of City Engineer F. F. Miller in refusing to grant building permits on account of indicated variations from the zoning regulations of the city.

The appeal was granted in each instance and the engineer's office directed to grant the permits subject to the variation from the zoning regulations asked and granted. In one instance the permission granted was conditional on certain improvements promised.

The cases up for consideration were those of John J. Book, 462 Neshannock avenue, who sought permission to construct an additional two-car garage at that address; Abram Fisher, 216 East Moody avenue, who sought to construct a home, the sunporch of which extended beyond the regulation building line of Emerson avenue on which the lot corners: H. K. Bell, 223 East Garfield avenue, who asked permission to extend the sunporch of a new dwelling four feet in advance of the building line, and Frank Richards, 605 East Long avenue, who asked permission to enclose the front porch of his property and make it a part of the store already a part of his property.

Opposition in One Case.

In only one case that of Abram Fisher, was there any opposition to the proposed variation of the building regulations asked, expressed. In the other instances there were no persons present to express opposition to the proposed changes.

J. A. Altschuler, architect, explained the proposed building plan of the Abram Fisher home. Plans of the building were shown. It is to front on Moody avenue with an open porch to the east and a 10-foot enclosed sunporch to the west. It is slightly over 53 feet in width over all. The lot is but slightly over 62 feet in width. This brings the proposed building to within six feet of the sidewalk on Emerson avenue while the average building line on that street is between 10 and 11 feet.

Questioning by Matthew Gunton, chairman of the board of appeals, brought out the fact that exclusive of the open porch that the width of the building would be slightly over 46 feet or approximately 11 inches less than three-quarters of the total width of the lot.

Chairman Gunton then drew attention to the fact that on corner lots under the zoning regulations, the owner may construct a home equal in width to three-quarters of the width of the lot, in spite of building line regulations on the intersecting street. It was on this grounds that the appeal was granted.

Carl S. Hall appeared in behalf of Mrs. Grace Phillips Johnson in this case. He testified that Mrs. Johnson had been the owner of this property as well as other property on Moody avenue, which she had sold from time to time to other persons, with the understanding that buildings in keeping with the district and conforming to the building regulations of the streets of the section would be constructed. He stated that this was for civic as well as personal interest and had been done at a loss to her.

Property Sold.

The property in question, he stated, had been sold to a former employe of the Johnson interests with the understanding that a proper building be erected. As this owner, for certain reasons, found it impracticable to do so, the property had been bought back and resold to R. J. Dobbs at a loss of approximately $1,000 to Mrs. Johnson between the price she paid and that at which she resold it.

It was understood, he stated, when it was sold to Mr Dobbs, that he was to construct on it a fine home for himself, in keeping with the neighborhood and within the building lines as known and established. He stated that while Mr. Dobbs had informed Mrs. Johnson of a change in plans as far as his building a home, that he had sold it to others at a profit and without Mrs. Johnson being afforded an opportunity of repurchase. It was not opposition to present ownership, he stated, that caused the protest, but the building of a structure contrary to the understanding under which the lot was sold, as concerning the building lines.

Asks Garage Permit.

John J. Book appeared in behalf of the appeal for permission to construct an additional two-car garage on his property at 462 Neshannock avenue. He stated that the persons in the home on the property had three cars and that there was garage room for but two. The present garage is 18 by 20 and the addition would make it 36 by 20. He stated that it would be used for private garage purposes. No one appeared in opposition.

Bell Gets Permit.

H. K. Bell appeared concerning the appeal with regard to a new two-family dwelling at 223 East Garfield avenue. He explained that other nearby dwellings were already beyond the 30-foot building line and that should homes be erected on adjoining vacant lots and large porches constructed in front of them, that the proposed building, which will have no open porch would have all view up or down the street obstructed. He asked that the enclosed sunporch of the building, which extends four feet in front of the main body of the building, be allowed in front of the 30-foot building line. No one appeared in opposition.

Frank Richards, 605 East Long avenue, explained that there had been a store in his property for five years. He proposed, he said, to enclose the front porch, five feet in width, and make it a part of the store. Members of the board asked what improvements he proposed making in the appearance of the place and he explained a number of changes to be made to improve the appearance and promised to make others suggested by the board. The appeal was granted, conditional that all the proposed improvements stated would be made. No one appeared in opposition.

Negro Attacker Faces Gallows

(International News Service)

MOOREFIELD, W. Va., Sept. 8.—Jack Brady, 35, a negro farm laborer, today faced death on the gallows following his conviction by a jury here of criminal assault upon Odessa Oates, young ward of Seymour Hoffman, farmer.

Brady was sentenced by Judge R. A. McAuley to be hanged on November 12.

Evidence in the form of an alleged confession made by Brady was introduced at the trial which followed his indictment September 1. Brady denied having made the confession.

The assault was alleged to have taken place on August 15 while the Hoffman family was at church.

SCHOOL OPENS AT GROVE CITY

Increased Enrollment In High School—Football Training Starts

OTHER NEWS NOTES OF COLLEGE TOWN

(Special To The News)

GROVE CITY Pa. Sept. 8.—The Grove City public schools opened for a nine months term Tuesday. There will be 650 in the high school based on an increase of 50 over the enrollment of 1925. This will not only be the largest enrollment in the school history but rates among the county leaders. Another important item of school activity of the day was the opening of the football training season for the high squad of 30.

Director of Athletics Joe Hartman is in charge assisted by Arthur McBride. With the veteran material of the 1925 squad with which to work and lots of promising Freshman stuff Hartman entertains no difficulty in building a team.

F. W. Bailey of Tusla, Okla., is home on a visit and paid his respects to Grove City friends today. His brother Don Bailey died just one month ago following an operation. Both brothers are well known in Mercer county.

The addition to the Bashline-Rossman hospital completed by November 1 is the declaration of today of the owners who are hopeful that no change in date will be made necessary. The buildinug is frame and roofed ready for plastering inside and stuccoing out. W. C. Miller of Grove City has the contract for these two jobs. The heating system of the building is now being installed by the Davies company of Sharon. With the addition the hospital will be practically a 50 bed institution.

The Robinson Bible class of the Grace Methodist church will meet this evening at the home of Mrs. Wayne Jacobs on Chestnut street.

Following a hearing before Squire O. F. Irwin on Monday when charges were made by Chief of Police Ray against Harold Milner and John Allen, Jr., Grove City youths arrested Sunday evening in a hut along the Little Sandy creek in the heart of a forest at Raymilton, the boys were held for juvenile court and bail in the sum of $300 each was asked for their release. The goods found in the hut stated by the police to have been stolen from Grove City merchants was returned. It amounted to over $300. The truck belonging to Geo. DeFrance was among the stuff recovered.

To date no re-lease of the postoffice from the I. O. O. F. lodge of Grove City has been made by the postal department. The ten year lease under which the building was rented expired on July 1. Since that time little has been done by the postal authorities to bring the matter to a climax.

Ben Jones captain of the Frankfort Yellowjackets of Philadelphia this season with his family is making ready to leave for the Quaker city at once. The Yellowjackets will go through a ten day training period before the opening of the season. Jones is a former crimson star, well known from the record he made as a college player. It is rumored on good authority that handsome offers have been made Grove City college football players who have graduated to play professional football and that there is more than a scant possibility that familiar faces will be found on the lineup of well known teams.

$227.00 Chest Of Silver For A Wedding

Health Evangelist Offers Handsome Presents To Couples Who Get Married Friday

On Friday evening, September 10, Health Evangelist Ross Dyar, in charge of the big demonstration and minstrel show at the B. & O. Show Grounds, South Mill street, will give a special talk on the subject of health in the home after marriage and to increase the interest in this most important subject has offered a $227 mahogany chest of silverware to each couple who will agree to be married on the platform that evening.

This is usually a delicate subject but Mr. Dyar has handled it many times and his talk on it is given without the slightest embarrassment to anyone. He carefully and skillfully explains married life without crude references to matters of sex and any young girl or boy can hear this lecture without the slightest fear or hesitation. In fact, Mr. Dyar has made a reputation for the clean, wholesome manner in which he conducts not only his lectures, but his show and has been loudly commended for it by ministers, newspapers and health authorities everywhere.

So here's your chance, boys and girls, to have a real marriage with lots of good jolly company and a chest of silver with which to start housekeeping. He already has one couple and expects several more. Should bad weather prevent us from showing the program will be carried out the following night we show.

Attorney Whitla, Father Of 'Billy', Dead At Sharon

Former New Castle High School Principal Passes Away On Monday

WAS A NATIVE OF NEW WILMINGTON

SHARON, Pa., Sept. 8. — James P. Whitla, father of "Billy" Whitla, who was kidnapped in 1909 and later restored to his parents after a nation-wide search for his abductors, who were sent to the penitentiary, died in his home here yesterday. Mr. Whitla was a corporation lawyer and philanthropist. He had been ill for several months, but his condition was not considered serious until yesterday.

Whitla was identified with some of the largest manufacturing and railroad interests in Western Pennsylvania, being solicitor for the Pennsylvania railroad in this region and also attorney for the Pennsylvania-Ohio Electric Company.

Whitla was born in New Wilmington, on October 4, 1865. He was graduated from Westminster College at the age of 17, one of the youngest alumni of that institution. For several years he followed the vocation of teaching and later went to New Castle where he began the study of law. In 1891 he was admitted to practice and a year later he came to Sharon. He became associated with Judge J. A. McLaughry of Mercer. He was a large stockholder in the First National Bank here and at one time served as its president. For several term he also served as a member of the Sharon school board. He was an active member of the First Presbyterian church and was a generous contributor to religious and charitable affairs.

Several years ago Whitla was attorney for the Driggs-Seabury Corporation and was also in charge of the legal affairs of the interests of the late Frank H. Buhl, Sharon benefactor, and a brother-in-law of Mr. Whitla. He leaves his widow, one daughter, Selina, and one son, William F. Whitla. The son was admitted as a member of the Mercer County Bar yesterday afternoon a few hours before his father died. The son was graduated this spring from the University of Pennsylvania, and was to have been his father's partner.

Funeral arrangements have not been completed.

Evangelist From Grand Rapids, Mich., At City Mission

Former Superintendent Of Pacific Garden Mission Of Chicago To Speak Here

Rev. Bob Ingersol of Grand Rapids, Mich., well known evangelist, who for several years was superintendent of the Pacific Garden Mission at Chicago after the death of Harry Monroe, has been secured to speak in the City Mission, South Mercer street for a period of three weeks beginning Sunday evening, September 12 at 7:30.

Rev. Ingersol has been very successful in evangelistic work. By church affiliation he is a Presbyterian. Superintendent E. J. Berquist has known Mr. Ingersol for many years having worked together in various places in Michigan. He is very much pleased that the evangelist can come to New Castle for such a long time.

Mr. Ingersol is not only a splendid gospel preacher but does exceptionally well in solo work and will furnish special music from time to time. Roscoe C. Harrison of Plymouth, Pa. will have charge of the song service.

Gasoline Storage Tank Fire Damage Placed At $15,000

(International News Service)
PITTSBURGH, Sept. 8. — Fire which for a time menaced tanks holding thousands of gallons of gasoline stored in the city plant of the Jones and Laughlin Steel corporation here caused damage which today was estimated by company officials at $15,000.

The flames, which destroyed a large storage tank at the plant, brought nearly every fire company in Pittsburgh to the scene, and tied up traffic on the Pittsburgh and Lake Erie railroad for more than an hour when firemen laid hose lines across the tracks.

CAMP FIRE GIRLS PLAN FOR HIKE

Wampum Girls Have Record Of Progress—Other News Of Town

(Special To The News)
WAMPUM, Pa., Sept. 8.—Camp Fire Girls held their regular weekly meeting at the home of their guardine, Miss Lillian McCready. The girls planned a hike on Wednesday, Sept. 8. They planned also to begin work on lamp shades and weaving baskets. The girls of the Wampum Camp Fire have accomplished much since their organization, having earned their money for ceremonial gowns, making the gowns themselves by hand. They also have the head bands half finished, and having much more to be done in the future they plan to do great work.

Some Pennsylvania State House Briefs

(International News Service)
HARRISBURG, Pa., Sept. 8. — The state, one of the largest consumers of paper in Pennsylvania, with the exception of publication houses, has just signed contracts for the 1927 supply. Frank Wood, director of publications in the property and supplies department, placed the contracts which will amount to something like $200,000 for the lucky bidders. The state's business has attracted much attention in the paper trade.

The contracts for the coming year, include paper of every description used by the commonwealth. The awards were the first to be made under the new specifications which are very similar to those of the federal printing office at Washington. Every sample of paper submitted to the state was sent to Washington for testing, thus a complete record of the physical properties of the various papers has been filed at the statehouse.

Einar Barfod, the recently appointed insurance commissioner of Pennsylvania, finds recreation in his spare moments—which are few—in painting. Having been a student in a Philadelphia art school he is skilled with the paint brush. His tastes run largely toward marine views because of a love of the seas acquired during his experience on the waters. He also is fond of sketching some of the beautiful views along Harrisburg's river front.

Recently Barfod worked on a scheme which vastly improved the perspective in his work on a river front painting. He thought he had stumbled on to something new. "On looking it up, however," he said, "I found the ancient Greek painters had used it as early as 500 B. C.."

The executive committee for the study of rural education in Pennsylvania will meet in the State Department of Public Instruction here September 15, with the object of discussing the problems of rural education and preparing drafts of bills which will be presented to the next legislature. It is probable that matter gathered during the summer and presented at the conference of rural educators at State College in August will be gone over by the committee. The proposal to establish the county unit of administration is one of the subjects which the committee will discuss.

Nearly eighteen million trees will be available for distribution and planting next spring from the state nurseries, it has been estimated by officials of the State Department of Forests and Waters.

Extensive plans have been discussed by a representative committee of numerous organizations and officials appointed by the State Department of Agriculture for an elaborate program to be presented at the Sesqui-Centennial the week of October 20. The week's program will be taken up entirely with the displaying of agricultural products of the state and speeches pertaining to the growing and handling of the foodstuffs. According to plans tentatively agreed upon by the committee Monday will be cereal day; Tuesday, Grange day; Wednesday, dairy day; Thursday, poultry day; Friday, potato day; and Saturday, apple day.

One of the first moves expected from Governor Pinchot when he returns to the capitol within the next week, following a two week's vacation trip, will be the naming of a judge for Allegheny county as a successor to Mayor Charles H. Kline, of Pittsburgh, who resigned from the bench last January. The governor recently named James H. Gray, Pittsburgh, as a common pleas judge, succeeding James H. Carpenter, who died last spring. The two Allegheny vacancies have been a subject of comment and expectancy for sometime. Another judge to be appointed by Pinchot is a successor to the late Judge N. Sargent Ross, of York county.

Two can live cheaper than one, but not so fast.

Death Penalty For Attacker Is Urged In St. Louis

(International News Service)
ST. LOUIS, Sept. 8.—Detective Chief Kaiser declared today he will urge the circuit attorney's office to demand the death penalty for John Sexton, 29, escaped Mississippi life term convict who has confessed, according to police, to attacking several women he lured to vacant houses here.

Sexton, police said, freely admitted the alleged attacks, including one on a 15-year old girl, and offered to plead guilty if assured he would be given a life sentence instead of the extreme penalty.

Police here said today they have forwarded Sexton's picture and fingerprints to authorities at Toledo, O., on the belief he had some connection with the clubbing of a number of women there several months ago.

Senator McKinley Shows Improvement

(International News Service)
MARTINSVILLE, Ind., Sept. 8.—Continued improvement in the condition of Senator William B. McKinley of Illinois, today led physicians to hope for his ultimate recovery.

Suffering from hypostatic pneumonia which followed a severe attack of sciatic rheumatism, the aged statesman has been near death at the Home Lawn sanitarium here for the past ten days.

The alarming symptoms of high fever and a racing pulse have abated and the senator now has a chance to recover, according to Dr. R. W. Terhune, attending physician.

Oil Production Shows Increase

(International News Service)
NEW YORK, Sept. 8—The daily average gross production of crude oil in the United States in the week ended September was 2,196,300 barrels as compared with 2,176,850 barrels on the preceding week, an increase of 19,450 barrels according to official estimates of the American Petroleum Institute.

California oil fields produced 601,000 barrels daily and mid continent fields 1,198,800 barrels daily.

Receipts of California crude and refined oil at Atlantic and Gulf Coast ports during the week totaled 537,000 barrels a daily average of 76,714 barrels against a daily average of 88,286 barrels in the preceding week. Imports of crude and refined oils at the principal United States ports averaged 200,286 barrels daily as compared with the previous week's daily average of 175,286 barrels.

Mellon Opposes Tax Reduction

Maturity Of Short-Time Obligations Will Prevent Tax Reduction, Belief

HOPE TO SECURE CUT IN 1927

By ROBERT S. THORNBURGH
International News Service Staff Correspondent

WASHINGTON, Sept. 8.—Maturity of short time obligations aggregating $1,886,000,000 by June 15, 1927, and meeting of the third Liberty loan obligation of $2,463,272,000 in 1928, will prevent any federal tax reduction at the December session of congress, treasury officials said today.

This was made clear in connection with official announcement by Acting Secretary of the Treasury Winston that the government would float 3½ per cent 9-month treasury certificates amounting to $350,000,000 on September 15.

Approximately $400,000,000 of 4 1-4 per cent notes will be retired at the same time, thus cutting the public debt $50,000,000 and furnishing an important saving in interest by reason of the lower rate of the new issue.

On December 15, the government must meet maturities totaling $452,879,000, on March 15, $668,210,000 and June 15, the new $350,000,000 issue.

Secretary of the Treasury Mellon is expected to oppose any further material tax reduction at this time.

It is believed, however, that the administration will back a substantial cut in the tax bill at the 70th congress in December, 1927.

STATE LEGION CONVENTION TO OPEN THURSDAY

(International News Service)

STROUDSBURG, Pa., Sept. 8.—The American Legion of Pennsylvania will open its three-day annual convention at Delaware Water Gap near here Thursday, Septemer 9 with the prospect of one of the most successful conventions the state body has ever held.

Many prominet men identified with the military service of the country will attend and speak to the convention.

As the closing feature of the meeting a huge parade will be staged Saturday afternoon September 11.

Final and complete arrangements for the festivities have been made by the George N. Kemp Post, the local post of the legion, which will be host to the several thousand legionaires who will attend the gathering.

It is expected that Gene Tunney who is in training at the Glenbrook Country club here for the world's championship bout with Jack Dempsey in Philadelphia September 23 will be given a place on the convention program. At least many of the legion men who will be at the Water Gap for the meeting will make it a point to meet the fighter and see him train in his camp here.

TRY MAGNESIA FOR STOMACH TROUBLE

To Neutralize Acidity and Fermentation. Prevents Indigestion, Sour Gassy Stomach.

People who suffer from indigestion usually have tried pepsin, charcoal, drugs and various digestive aids and know these things will not cure their trouble—in some cases do not even give relief.

But before giving up to chronic dyspepsia, just try the effect of a little Bisurated Magnesia—not the ordinary commercial carbonate, citrate or milk, but pure Bisurated Magnesia which you can obtain from practically any druggist in either powder or tablet form.

Take a teaspoonful of the powder or four compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow most everything you eat. You can enjoy your meals without a fear of indigestion.

Federal Agents Seek To Expose Gigantic Ring

Investigations In Larger Cities May Be Means Of Exposing Mellett Slayer

MAZER TAKEN TO CANTON, O.

By PAUL E. BROKAW
International News Service Staff Correspondent

CANTON, O., Sept. 8.—Federal agents, working "under cover" in several large cities Tuesday were reported to be investigating a huge bootlegging ring with a view to exposing the "higher ups" in the murder of Don R. Mellett, Canton publisher.

The government operatives gathering evidence in the liquor conspiracy, out of which the murder is claimed to have grown, were said to be working on ramifications of the ring in Detroit, Toledo, Cleveland and Pittsburgh today. Evidence which they gather will be turned over to a federal grand jury scheduled to convene in Cleveland next week.

Some time today Louis Mazer, indicted for first degree murder in connection with the Mellett assassination, will be returned to Canton to face arraignment, authorities indicated. He is now being held by federal authorities in Cleveland on a liquor conspiracy charge.

Necessity for a confession to corroborate the circumstantial evidence upon which Mazer, Ben Rudner and Patrick McDermott have been indicted today spurred authorities to more intensive action in the nation-wide search for McDermott.

McDermott, sought as the alleged hired triggerman and "key witness", has successfully evaded apprehension for nearly two months.

Because of the fact that a brilliant beam of publicity has been thrown upon his escape and because practically every police department in the nation has been advised to be on the alert for him, the theory that McDermott was murdered by the Mellett death plotters has been advanced many times.

Panthers Lead In Signaling Contest

Contest Is Held At Regular Meeting Of Highland U. P. Boy Scout Troop

Highland Troop No. 18 held its weekly meeting Tuesday, September 7 with a large attendance of scouts present. Troop committeemen Boston, Wallace and Cartwright were also present and the following visitors: Herb McGovern, Raymond Atkinson and Bob Lamm. Ralph Davis, scoutmaster, presided.

Plans for a corn roast were made to be held at Lakewood September 14. All Scouts are to meet at the Highland U. P. church at 6:30 o'clock on that date.

The Panther Patrol took first place in the signaling contest with 90 letters correct, Stag Patrol, second with 22 letters correct and the Eagle Patrol, third with 20 letters correct. Each boy in the Panther Patrol received 5 points.

Henry has built 14,000,000 of them, which allows each only five pedestrians.

YOUTH TO GO BEFORE JURY

Washington Youth Held For Grand Jury In Death Of Girl

(International News Service)

WASHINGTON, Pa., Sept. 8.—William Borchers, Jr., 26, member of a wealthy family here, was held to the grand jury Tuesday on charges of being an accessory before the fact in the death of pretty Margaret Foley, 20. The girl's death, following an operation, led to the suicide of Dr. Roger S. Parry, local physician.

Neither Borchers nor any member of his family, widely known for their operations in oil here, attended the coroner's inquest following which Borchers was held for the grand jury.

Borchers previously had been held for the coroner's jury in $5,000 bond following his surrender after Miss Foley's death and Dr. Parry's suicide in a cell where he had been taken for questioning in connection with the girl's death.

Census Reveals Astonishing Fact

According to the 1920 Census, there are 8,549,511 women and girls employed in all trades in the United States. Nearly nine million women would make a vast army.

Napoleon said, 'An army travels on its stomach". This woman's army travels on its general health. Probably there is scarcely a woman in it who has not forced herself to work when she was not able. In all sorts of weather and under trying conditions, like good soldiers, they stick to their posts.

Many women have learned that Lydia E. Pinkham's Vegetable Compound helps to keep them fit to work.

Keystone Gardeners Aim for High Honor

Growers Convention At Cleveland Will Attract Many From Pennsylvania

STATE COLLEGE, Pa., Sept. 7.—Pennsylvania vegetable growers are planning to run up a new record of attendance at the national convention of the Vegetable Growers of America in Cleveland, O., the week of September 13, W. B. Nissley, secretary of the Pennsylvania Vegetable Growers' association and head of the vegetable gardening extension work of the Pennsylvania State college, said today. They aim to capture the banner given to the state having the best attendance at the convention.

Ohio, host to this year's convention is ineligible to compete for the banner for that reason. For several years the Buckeye state has won the honors. Two years ago at the Louisville, Ky., convention, Pennsylvania was fourth and at the meeting in Providence, R. I., last year the Keystone men lost second place by only a few delegates.

Nissley states that the convention offers many attractive features this year, including the best talent in the United States and Canada. There will be a large number of exhibits on display, such as new machinery, supplies, and products for the trucking business. He emphasizes the value of meeting co-workers from other states and talking over with them the common problems of the industry.

The vegetable men will take a trip through the Cleveland market gardening section, which is reputed to be one of the most modern in the whole country.

"Back Seat Driver" Important Says Hanlon

"Man Who Just Rides" Is Important Factor In Modern Motoring

What does the man who rides with the man who owns a car think about? Or doesn't he count?

The New Castle Motor Club has taken the trouble to find out, and the answers are believed to be the first evidence of consideration for the man who merely rides.

"The man who rides thinks of all the things the driver hasn't time to consider. He is a more powerful factor in motordom than the car owner and driver."

Explaining these findings B. N. Hanlon, secretary of the local affiliation of the American Automobile Association, points out that with automobiles carrying virtually the entire population of the country and with only a fifth of the population car owners, the man who rides is a powerful factor.

"When he is riding he is thinking of motoring conditions," says Mr. Hanlon. "The owner-driver is thinking about his engine, worrying over strange noises in the car and wondering whether he is going to get mixed on his traffic signals at the next intersection.

"The man who merely rides is vitally interested in everything that is going on in motordom. He is working toward better conditions and thinking along constructive lines. Thousands of people who do not own cars and who do not even drive them are joining motor clubs, supporting good motor legislation and are exerting their influence in favor of general betterment.

"Persons who do not do the driving or the worrying about the car proper are found to be quite observing of the broader features of motoring and appear to be a more or less overlooked factor in the organization of motor interests necessary to national improvements in motor conditions."

Dr. Finkelstein's Dentistry Is Most Convincing
Dr. Finkelstein's dental policy is to do high-class dental work—painlessly—at a moderate fee. That should be most convincing—it's fair and businesslike; it's the most one would expect.
High-class dental work means many years of acquired skill in workmanship and guaranteed quality. A moderate fee means inexpensive—something that don't overtax your pocketbook. You get both at Dr. Finkelstein's. That's fair enough, isn't it?

New System For Keeping Accounts For City Schools

Two New Teachers Elected For High School To Fill Vacancies

ELLWOOD CITY, Pa., Sept. 8.—One of the important matters discussed and approved by the school board at their regular meeting Thursday evening, was the advisability of changing their methods of keeping the school accounts.

Superintendent W. Ray Smith informed the men that a Mr. Crowley and Mr. Gray of the National Tube company, had gone over the system which finds great favor with the steel concern, and he outlined the system in detail, which not only systematizes the work, but prevents the mix up with several invoices for one purchase.

With the system which has been used by the Tube company, there would be a necessity of the order being ok'ed by not only by the superintendent, but by the teacher, principal and superintendent.

After it had been approved by teacher and principal it would be taken to the superintendent's office where four copies of the order would be made, one for the teacher, principal, merchant and one for the file in the central office. Nothing can be purchased without an order, and there must be an invoice (numbered) for each purchase made, whether a paper of pins or baseball bats.

This plan is to be adopted at once, and Supt. Smith has been authorized to hire an added girl to assist his stenographer in the offices.

Teachers Resign

Charles Barnes and Miss Margaret G. Brown presented their resignations and following their acceptance by the board, Miss Dorothy Hemphill and Charles Patterson were elected to take their places in the high school.

Dr. W. G. Evans was elected to be the school physician for the coming year. H. M. Lee, the athletic instructor will have a number of extra duties added to his former work, and his salary increased accordingly. The janitor and his work was discussed. Is it lawful for a janitor to cut weeds in a field which makes up the school yard? One local janitor thinks not, but the school board voted his objections down, and he is to be notified to this effect.

The coal contract for the year has been awarded C. H. Blank, whose bid was the lowest of a number received. The contract for removing dirt away from the new building in order to grade, was waived for the time being. The question of a new flag pole was discussed, but nothing further was done.

Interesting Papers Read At Missionary Meeting On Tuesday

Officers Re-Elected At Meeting In H. H. Reynolds Home On Tuesday

ELLWOOD CITY, Pa., Sept. 8.—Mrs. C. V. Patton led devotionals at the regular meeting of the Woman's Missionary society of the First M. E. church which was conducted at the home of Mrs. H. H. Reynolds of Sixth street Tuesday evening. Mrs. Thomas Roys read an interesting paper entitled "Gather up the Fragments." Mrs. Minnie Reynolds' paper concerned "The Winged Victory."

Officers were re-elected. They are Mrs. H. H. Reynolds, president; Mrs. Thomas George, vice president; Mrs. Minnie Reynolds, corresponding secretary; Mrs. George Roys treasurer.

A number of reports concerning the prosperous year, through which the society has just gone, were heard and it was decided to meet at the home of Mrs. C. V. Patton of Bell avenue the first Tuesday in October.

After the business session Mrs. Reynolds assisted by her daughter Margaret served a delicious lunch to the ladies. Special guests of the evening included Mrs. J. I. Porter and Mrs. Jennie Harper.

Interesting Facts Gleaned From Two Men In Train Coach

ELLWOOD CITY, Pa., Sept. 8.—Two local women recently overheard a most remarkable, if unsatisfactory conversation between two men, evidently bound for the sesqui-centennial, and coming from —goodness knows where.

The first man was overwhelmed with the high hills which he viewed from the car window as they neared Pittsburgh. "Looky there, John, aren't those mountains high tho?" John contemplated the mountains quietly for a few seconds, when a light broke out over his countenance. "There's houses on them" he said. His companion and John spent the best part of ten minutes trying to figure out how they built the houses so high up, and the remainder of a half hour, just what people would do with their lives, if they lived there. "Nothing to do for a fellah like that—bu hunt and fish," was their decision.

Later upon contemplating the placid river flowing at their side, they named it "the Ohio", having heard that it was raised "near abouts" Pittsburgh somewhere.

Presidents' Day Is Celebrated At Club Meeting, Tuesday

ELLWOOD CITY, Pa., Sept. 8.—Presidents' day was fittingly celebrated at the meeting of the Woman's club in the First Presbyterian church Tuesday afternoon. Mrs. William Renner, president of the civic organization read an interesting paper concerning the year's work outlining a number of interesting events which are planed for the coming season which was started with the first fall meeting yesterday.

The resignation of Mrs. Charles Jackson and Mrs. W. R. Johnston were accepted and Mrs. Tomilson and Mrs. Streeter were elected to take their places as recording and corresponding secretaries. Mrs. William Chancellor was elected to be chairman of the social committee.

Following the business session, delicious refreshments were served by the committee in charge.

Emma McLaughlin Returns Home From Ellwood Hospital

Officers Elected At Y. P. Council

Plans Completed For The District Conference Of Young People In Presbyterian Church

ELLWOOD CITY, Pa., Sept. 8.—Members of the Young People's Council met in the First Presbyterian church Tuesday evening to complete plans for their district conference to be conducted at this church Saturday afternoon and evening.

Officers for the coming year were elected at this time, and resulted as follows: Miss Virginia Kerr, president; Charles Main, vice president; Lawrence Flinner, corresponding secretary; Miss Margaret Benford, recording secretary; John King, treasurer and Miss Margaret Reynolds, pianist.

The meeting took the form of Ministers' night, and five members of the clergy representing the local churches made a short address.

At the meeting of county officers which took place after the regular session, plans were completed for the conference on Saturday. Registration will begin at 1:00 o'clock and continue until 6:00 p. m., with Miss Virginia Kerr and Harold Garwig in charge. Supper will be served at 6:00 o'clock, and a number of interesting speakers have been procured for the evening session.

WU PEI FU

Geraldine Farrar was given an ovation on her visit to Germany, the scene of her early triumphs. Henry L. Doherty, New York oil magnate, urged Federal control to prevent a serious oil shortage soon. Remarks made by Hiram Wesley Evans, imperial wizard of the Ku Klux Klan, caused the Mayor of Waukegan, Mich., to defy him to return to the city. Cantonese are routing Marshal Wu Pei Fu, said reports from China.

Nearly Three Thousand In Ellwood Schools

ELLWOOD CITY, Pa., Sept. 8.—Twenty class rooms at the new Lincoln Junior High School were available and 749 pupils assigned the seventh, eighth and ninth grades took their places in the newly completed section of the splendid structure located at the end of Fifth street, which the plasterers and other workmen continued with their unfinished work in the front entrance, in the auditorium and gymnasium, unmolested, yesterday.

Much of the congestion which has been prevalent in the schools here for the past few years, was relieved by the added space created by the new building, and it is a plan for the not too far distant future, that new buildings can be added in order that the portables can be dispensed with. The total number of pupils registering yesterday was 2,937.

The total number of pupils registering at the Hartman building was 732; Lincoln, 749; North side 542; Circle, 304; Central, 338; and West End, 272.

Sophomores, Juniors and Seniors of the High school are disappointed that they must needs return to the Central building on Sixth street and Lawrence avenue, but were on hand with the first tap of the bell in the morning, arranging with instructors for their classes and receiving their schedule, provided by principal Earl Davis.

Prof. W. Ray Smith was a veritable "Elusive Lucille," but his stenographer, Miss Hemmerly answered questions meant for him, without tiring.

The kindergarten is a thing of being, not merely a seemingly hopeless idea which was sprung before the board of education at a very recent meeting. The idea caught fire, and "voila," it is. More than thirty five little tots all vaccinated 'neverything, made their appearance at the Hartman building to be greeted by Miss Mary Wilson, who has been chosen to put them thru their various attempts at organized play each day.

They like it, in fact they can't talk of nothing else after the school hours. In this they are like their neighbor children older brothers and sisters. The first few days, when the teachers have so many new things on their minds, that they accept situations, their pupils enjoy the school work and accept it as a part of their work for the winter. Later they may become a bit tired of the routine, but always in the Ellwood schools there is a playtime, which serves as a delightful alternative from the old school when all work and no play made Jack a dull boy, instead of a real student, a subject of pride to be displayed at big football games, etc. Then there are the plays, giving the students their chance to prove their talents, the choruses and glee clubs, as well as receptions and parties in which the parents, teachers and pupils have a special part.

HANDCUFFED PAIR HUNT TALL TIMBER IN SLIPPERY ROCK

County Detective George Kennedy and other officials are looking for a man named Price who is supposed to be roaming the wilds of Slippery Rock township handcuffed to a man whose name is unknown.

Price, it is alleged has been running a roadhouse near the Black school. When officials swooped down on it there were six occupants. They were drinking alcorub and wine.

Price was handcuffed to one of the men and stood aside while the officers were taking charge of the others. When the officers turned to where they had left the handcuffed pair they were missing and have not been seen since.

Three of the men put up forfeits for their appearance at Alderman Hamilton's. The other, known as "Uncle Pearl" Lowers, was held for court by the alderman on a charge of violating the Snyder act.

Coroner's Jury Probes Shooting

Canton Woman Held In Jail Awaiting Outcome Of Jury Action

FIND BODY OF HUSBAND SLAIN

(International News Service)

WELLSBURG, W. Va., Sept. 8.—The body of Albert Graham, 35, in connection with whose death his wife is being held in Brooke county jail here, today was on its way to the slain man's home in Canton, O., for burial.

Decision of the coroner's jury investigating the circumstances surrounding the finding of Graham's body beneath his wrecked car, a bullet wound in his right temple, was expected late today following a delay due to absence of one of the jurors.

Coroner J. B. Walkinshaw ordered Mrs. Graham's arrest after he found her beside the body of her husband at the scene of the wreck. Walkinshaw said Mrs. Graham told him she held the revolver with which Graham's fatal wound was inflicted, but the weapon was exploded by a sudden jar of the car in which the two were riding. She was attempting to commit suicide because she feared Graham was deserting her, Walkinshaw said Mrs. Graham told him.

Victor Graham, a brother of the dead man, and Leonard Mittner, both of Canton, who were arrested following the shooting, today were held without bail to await the decision of the coroner's jury.

Mrs. Graham was allowed to visit with her eight-months'-old boy today for the first time since her arrest. The baby is being cared for by Mrs. R. A. Bodner, wife of the jailer.

Bernsteen Request Will Be Granted

(International News Service)

WASHINGTON, Sept. 8.—The Department of Justice will grant a request from United States District Attorney Bernsteen at Cleveland to turn over to Canton authorities P. L. Mazer, indicted for the murder of Don R. Mellett, Canton publisher, officials declared today. Mazer is now held at Cleveland on a liquor law violation charge.

A formal request for action from Bernsteen has not been received, but department officials said it was the rule to comply with requests of district attorneys in such cases.

FIRE DAMAGES BEMAN HOME

West Washington Street Residence Afire At Early Hour This Morning

The home of Lewis E. Beman, 1119 West Washington street, was damaged to the extent of $800 by fire shortly after four o'clock this morning. The fire cause is unknown. The loss is covered by insurance. The alarm was turned in from box 67.

As far as could be determined the fire started in the ceiling above the kitchen and to the rear of that room. It burned to the wall of the building and then up between the weather boarding and plaster to the attic.

It then burned across the attic ceiling to the center partitions of the house and burned down. It was a hard fire to locate, owing to the dense smoke and the fact that it was between the walls. The firemen were on the job until six o'clock, owing to the very stubborn nature of the blaze.

Denies Seeking Divorce Action

(International News Service)

SAN FRANCISCO, Sept. 8. — Mrs. William S. Hart the former Winnifred Westover, motion picture actress, today reiterated that she had not been in Reno to secure a divorce from her estranged husband. Mrs. Hart, who has been visiting friends here, will leave for Hollywood today.

Mrs. Hart said she would again return to Nevada.

"But it will not be to secure a divorce," she said, "but merely because of some threatened litigation over some mining stock."

GOOD PROMISE FOR BUSINESS

J. C. Miner Discusses Prospects At Kiwanis Meeting At Noon

Business for the coming fall months has a promising outlook, according to J. C. Miner, treasurer of the Home Trust company who spoke to the Kiwanis club today at noon.

In his address Mr. Miner gave a rather detailed resume of the conditions of various lines and said that the large inventories of materials held by industrial plants of several years ago have been reduced, thereby giving the industries ready cash with which to carry on. His address was listened to appreciatively.

As a feature of today's program, Miss Rebecca Crawford, contralto, sang. Each summer during the vacation period Miss Crawford pays a visit to the Kiwanis club and each year sees an increased appreciation on the part of the club members. Her numbers today were delightful and called for encores. She was accompanied by Paul Robinson.

WILL TAKE BIDS FOR NEW ISSUE OF STATE BONDS

(International News Service)

HARRISBURG, Pa., Sept. 8.—Bids for ten millions worth of state highway bonds will be asked next Friday, State Treasurer Samuel S. Lewis said today. The issue will be the last of the fifty million highway loan. The bonds will be issued as of October 1 and will bear 4 per cent interest. Dates of maturity will be October 1, 1934, 1939, 1944, 1949 and 1954.

Lewis said he anticipated no difficulty in selling the issue at the four per cent rate, pointing out that recently the state of New York floated a $28,000,000 issue at the same rate and with a "handsome premium."

Date for opening of the bids will be decided Friday.

Philadelphia crooks must be getting worse. Cops there are ordered not to wear any jewelry.

PETER'S ADVENTURES IN ANIMAL LAND

By Mrs. Florence Smith Vincent

BETRAYED BY HER TUSK

Dromda the Camel wiggled his ears, raised his head and pointed his funny long nose straight up at the sky and took three deep whiffs of the blossom scented air.

"By the Great Horn Spoon, how happy I am!" sighed Dromda the Camel. "Up the mountain and the heart in my breast was as heavy as a cocoanut. Down the mountain and 'tis no weightier than a feather. I wouldn't harm little Tusker now! no, not if he stood in my path. Nor care I longer that Kamba is favorite of the King. 'Tis a hard place to fill—what could I ask for more?

Happiness is catching, and without Peter quite knowing why, Peter began to feel joyful, too.

"Where, do we go from here, Dromda?" cried the boy and beat a merry tatoo with his heels against the Camel's sides.

Dromda twisted his neck and playfully nipped Peter's foot.

"To the desert, of course! Where else?" snapped he. "And we're on our way!"

Camel set off at a shuffling pace. And by and by they had crossed the plain and left the mountain far behind them. Now they were nearing a clump of palm trees. Almost had they reached their straight pole-like trunks when suddenly the Boy gave a shout, and leaning forward tweaked one of Dromda's ears.

"Look, Dromda! What is that

"LOOK DROMDA, WHAT IS THAT WHITE THING THAT GLISTENS IN THE SUNLIGHT?"

white thing that glistens in the sunlight. It moves! Now 'tis gone!

I see it again! Ah, it has disappeared. What do you think"——

"I don't think at all! I know!" Dromda interrupted Peter "That white thing that glistened—and I spied it, too—an Elephant's trunk Mrs. Tusker has learned from her son the evil that I did, and lurks behind the palm trees to take revenge upon me. By her ivory tusk is she betrayed. I will fool her!"

Forest Club Members Meet First In Camp

Sixteen Boys Enrolled In Camp Maintained By Penn State College

STATE COLLEGE, Pa., Sept. 8.—Sixteen boys attended the 4-H forestry club camp at Vosburg, Wyoming county, F. T. Murphey, extension forester of the Pennsylvania State college, reported today. The boys are members of one of the only two forestry clubs in the state. Murphey was in charge of the camp and instructed the boys in woodcraft. The camp was the first the boys ever attended.

The Boys visited several extensive forest tree plantations along the Susquehanna river as part of the program they enjoyed. These gave them a working knowledge of tree identification and of the characteristics of growth of the various species of trees.

Murphey said that he was favorably impressed by the rapidity with which the boys became acquainted with each other and the way that they discussed forestry problems with each other. They liked the idea of a summer camp and voted to make the event an annual affair. The boys did kitchen police duty and other work about the camp in the regular army detail style.

Next spring 12 of the boys will plant a thousand trees each. The other boys will practice thinning work in the home farm woodlots.

Yet Mr. Coolidge must chuckle a little when he is given all the credit for prosperity.

If insects can't reason, why does a fly usually attack a bald spot from behind?

It's the humidity that makes the heat oppressive. The drys fare better.

SIXTY CANDIDATES REPORT FOR FOOTBALL TEAM

Squad Enlarged As School Starts

Twenty-Two New Candidates Greet Coach Bridenbaugh On Tuesday Afternoon

NOT SUFFICIENT UNIFORMS FOR ALL

By "BUGS" WALTHER

New Castle High will not have much to worry about this year—that is, as far as material for the 1926 football team is concerned, for the very reason that upwards of 60 young candidates greeted Coach Phil H. Bridenbaugh on Tuesday afternoon at the Ben Franklin High stadium in the initial workout of the year on home soil. There is a possibility that the squad may reach at least 70 before the end of the week.

Thirty-eight players were taken to the training camp at Muddy Creek Falls, and with this number in camp it was found necessary to form three teams, with a few hangovers, but now with 60 boys Coach Bridenbaugh has at least five full teams in action, and it keeps the mentor, together with his two capable assistants, Klee and Thomas, busy watching the maneuvers of the youngsters.

Lack Uniforms

The practice session on Tuesday afternoon started shortly after 2:30 o'clock after the 22 newcomers had been outfitted by Faculty Manager Gardner and his able assistant, Student Manager Merritt Hoag, and at that the officials had a hard time to outfit the number, with several boys being unable to don uniforms for the very simple fact that there were not enough to go around. Never before in the history of football at New Castle High has this situation presented itself, and the officials feel complimented that so many youngsters are taking to the great fall sport.

Among the new men reporting for the first time on Tuesday were Robert Sherer, Bill Kirk and Earl Turk. These three youths were on the squad in 1925 and gave good accounts of themselves, and the coach was mighty well pleased with their return to active work. Turk has been laid up with illness and Kirk and Sherer have been away, it is understood.

The practice session swung under way on Tuesday afternoon with a drill of the fundamentals given the squad while in training camp last week, and after Coach Bridenbaugh had satisfied himself that the boys had mastered the intricacies of the minor details the order for helmets and shoulder pads went forth and the boys for the next hour enjoyed a severe and gruelling scrimmage that will tend in time to produce a winning combination. The boys displayed a marked improvement in their style of play yesterday afternoon, and the writer believes that New Castle High will have one of the best teams in recent years when they take the field against Mars High.

Harper Promising

Tommy Harper, former Schenley High product, who has displaced "Peg" Thomas as fullback owing to the latter's being out with an infected leg, is showing up mighty well and is getting quite some distance on his line plunging and ability to diagnose the plays, and it is the belief that this chap is due to become a threat to the opposing teams this fall. Dickson and Tip Richards are also playing a fine game in the backfield, with Klaber and Sillman fighting it out for the quarterback berth. The dope favors Klaber, however, due to his year's experience as a Red and Black backfield artist.

The team as a whole looks mighty promising. There is plenty of beef and brawn, and speed is there in abundance. The team will be light and fast, with eleven men chosen for the first team averaging in the neighborhood of 165 pounds, which is mighty good for a high school outfit, according to those who have been acquainted with high school teams in the past.

The team will hold another practice session this afternoon at the Ben Franklin field at 3:30 o'clock, and in fact the team will practice every night this week with the exception of Saturday.

Meet Saturday To Plan World's Series Contests

(International News Service)

CHICAGO, Sept. 8.—Judge K. M. Landis, "czar" of baseball, announced today a meeting of representatives of National and American league clubs will be held in Pittsburgh Saturday morning to arrange for this year's world's series.

Judge Landis said representatives of the St. Louis, Cincinnati and Pittsburgh clubs in the National league and New York, Cleveland, Washington and Philadelphia in the American would confer with him at the Pittsburgh meeting.

Independents Take Seventh Straight

Frankie Ross Pitches Steady Game As Mates Slug Way To Victory

Manager T. C. Richards' Independents won their seventh straight victory of the season on Tuesday night at the E. & A. grounds when they downed the Italian Stars 9 to 8, in a fast game that was called in the sixth on account of darkness.

Frankie Ross adorned the slab for the Indies and pitched another of his fine games, allowing but six hits, fanning five men, and issuing but one base-on-balls. F. Domenick and Cardella divided pitching honors for the Italian Stars.

The Stars scored in the second inning when Russu walked, Cardella singled, and Ross' wild pitch, their other run came in the fourth inning S. S. Domenick reached first on Palus' error, Frigone doubled, Scalione threw wild to third and S. S. Domenick scored.

The Independents had two big innings the third and fifth when they combined their hitting to score nine runs, in the third Ross was hit by a pitched ball, Palus singled, Marino fanned, Mash doubled scoring Ross, General forced Palus at third, Augostine tripled scoring Mash, and General. Augostine scored on Orlando's error at third, Gennock flied out to Frigone to end the inning.

In the fifth inning Marino singled, Mash singled, General fanned, Augostine singled, and Gennock cleaned the bases with a triple, Marcella scored Gennock with a single, and Marcella scored on Scagliones' double, Rose and Colo ended the inning by flying out.

Gennock and Augostine with triples and Mash and Scaglione with doubles and General with a pair of singles were the heavy hitters of the game.

Pennant Races In Both Leagues

(International News Service)

NEW YORK, Sept. 8.—The Cardinals lead Cincinnati by two games this morning in the National League race while Pittsburgh, four and one half games behind St. Louis, apparently is out of the race. The Cubs, who defeated the Reds yesterday while Pittsburgh was losing to St. Louis, are now on the heels of the Pirates.

The Yankees increased their lead to seven full games by trouncing the Red Sox while Cleveland lost to the Browns for the second game in succession. The Yanks can clinch the flag by winning thirteen of their remaining contests, even if the Indians should win all of their nineteen games.

Pacific Coast Gridders Pick Big Fullback to Star Again

By NORMAN E. BROWN

We have it from no less an authority than "Teets" Carle that the University of Southern California is already trying on the ermine mantle that goes with kingly crowns, supremely confident of ruling the football world on the Pacific Coast this fall—and quite hopeful of laying claim to the national championship.

There are several valid reasons for this optimism.

Coach Howard Jones has 21 letter men returning—and thirteen of these jolly Rogers have played together since they were freshmen and did as freshmen do.

With these men forming the somewhat well known and oft quoted nucleus, Jones is further cheered by the fact that 12 other players who showed much promise last year and saw some service but did not receive their letters, are back and raring to win the honor this fall. And the freshman team of the squad of last year presents the former Iowa grid mentor with two dozen other possibilities. Jones and the Southern California adherents can well expect some new strength.

Only one thing stands between the "Trojans" and a monopoly on the football honors of the season, as the boys out there see it—that is the unusually tough schedule ahead of the team. Which is somewhat of a natural hazard, so to speak.

Were the team preparing to face an ordinary schedule most critics might be inclined right now to predict a clean sweep for the team—and an easy tramp to a great record. But after meeting, as coast rivals, the California, Stanford, Oregon Aggie, Idaho and Montana elevens the Southern California squad will wind up its season with a game against Notre Dame—due to have the usual type of team.

Along with Lee in the backfield Jones still has Morton Kaer, the best quarterback for plain ordinary quarterbacking on the coast, Morley Drury, Charlie Boren, Howard Elliott and a couple of other lads of that caliber, surely make a sweet backfield.

"Southern California is the team to beat," is the slogan on the coast.

And the enthusiastic Mr. Carle says, "bring on the season."

Richards Seeded Second To Tilden

Pairings May Put Vin Number 2 On Davis Team

NEW YORK, Sept. 8.—Tennis officials have given recognition to the brilliant tournament performances of Vincent Richards by seeding him second to William T. Tilden in the draw for the national championship next week at Forest Hills, N. Y.

Observers accepted the action of the tournament committee as indicating a leaning toward Richards for No. 2 singles position on the defending Davis cup team, a place filled last year by William M. Johnston of California. Tilden, as national champion, already has been generally looked upon as certain to be named No. 1 player on the team, which begins play against France in the challenge round Thursday in Philadelphia.

Six other Americans and eight foreigners also were seeded in the field of 64 starters. Edward G. Chandler, the intercollegiate champion; Alfred H. Chapin, Jr., of Springfield, Mass., two of the group, were not members of the first ten last year. Chandler has drawn keen opposition for his first round match being bracketed with Brian I. C. Norton of San Antonia, Tex., former Wimbledon finalist.

Other seeded players are Richard N. Williams, captain of the Davis cup team, Takeichi Harada of Japan and Manuel Alonso of Spain. Harada and Alonso have done most of their playing in this country for the last two or three years.

The seeded foreigners are Rene Lacoste, Jean Borotra, Henri Cochet and Jacques Brugnon of the French Davis cup team, Tsumio Tawara and Teizo Toba of Japan, Jack Wright of Canada and Manuel Llano of Mexico.

In the first quarter with Tilden are Chapin, Tawara and Cochet, while Williams, Alonso and Lacoste are in the second quarter and will have to be passed by Tilden in his attempt to reach the final.

Teams To Play Postponed Game

According to an announcement from Walter E. Kirker today the First M. E. and Central Christian teams will play a postponed game tonight at 6 o'clock on the Radiator field.

Black has been assigned as the umpire.

Make Arrangements For Series Games

Final arrangements for the playing of the five game Lawrence County Championship series, was made at the Y. M. C. A. on Tuesday evening when John A. Jackson representing the County League, Carm Sacco of the New Castle team, and Joe Dougherty of the Ellwood City team met to discuss and thrash out all the details relative to the opening game here on Saturday, September 11.

The tickets for the first game to be played at Centennial Field were placed on sale today throughout New Castle and Ellwood City. The game Saturday will start at 3 o'clock daylight savings time, with Harold McVey of Youngstown an O. & P. league umpire back of the plate, Jones and Turner of the County League on the bases.

The second game of the series will be played at Ellwood City on Tuesday, September 14, and the third game on Thursday, September 16, and the fourth game if necessary at Ellwood City on Saturday September 18, should a fifth game be necessary it will be a toss-up between the two cities.

Both teams submitted their starting lineups for the opening game on Saturday as follows:—Ellwood City—M. Sanders lf, F. Sanders 3rd, Brown ss, Cunningham cf, Volpe 2nd, Byak rf, Strouse or Hudson 1st, Dallenbach c, and either Jamison or Kirker pitch, with Kirk, Marinana, or Johns in reserve.

The New Castle team will lineup as follows:—Weimer lf, Grabfelder 2nd, Buzzard cf, McCullough rf, Hoffman 3rd, Reeder ss, Ross 1st, Gahles c, R. Flynn, Steen or Hospidore p, with Coen, Kimes, J. Flynn and Robertson in reserve.

Junior Team Notes

This Column is Devoted Exclusively To Junior Baseball Briefs

The Red Tops defeated the Lion Cubs 12 to 6, in a game played Tuesday night on the Scotland Lane grounds. The Red Tops hit the pitching of Thompson and Moss freely. The hitting of Krueger of the Red Tops and Jackson of the Lions featured.

The Wampum Blue-Jays defeated the Crescent Juniors 7 to 3 in the second game of the five game series between the two teams. Boone's double with two on base decided the game Taylor played a stellar game in the field, while Blythe and Mundo both pitched good ball.

Tagging All Bases

(International News Service)

The Pirates walked the plank with amazing docility as Willie Sherdel of the Cardinals whitewashed them 8 to 0. Hornsby playing with an injured knee, drove in three runs and Chick Hafey got three hits.

Because of Critz's fumbles and their inability to bunch hits off Kaufmann and Bush, the Reds lost to the Cubs 8 to 5. The Reds now trail the Cards by two games.

Boston's 17th straight defeat stretched the Yankees' lead over Cleveland to seven games as the Hugmen triumphed 4 to 2. Shocker was hit freely but put on the brakes quickly when the bases became populated.

George Uhle failed as the Indians lost to the Browns, 8 to 3. Falk twirled well for the winners.

The White Sox downed the Tigers, 4 to 2, sweeping the series and drawing close to fifth place. Bud Clancy, White Sox rookie, was the big noise with a single, a double and a triple.

Wayland Dean pitched the Phils out of the cellar, blanking Brooklyn 5 to 0.

After losing to the Giants 7 to 2, the Braves came back like an echo and won the nightcap, 7 to 5, with a four run rally in the eighth.

Croton Falls To Christians

Martin And Phelps Pitch Christians To Church League Victory, 7 To 1

Fine pitching on the part of Martin and Phelps gave the Central Christian team a 7 to 1 victory over the Croton M. E. team in a game played on Marshall field on Tuesday night. The game was played as a postponed affair.

Martin and Phelps during their stay on the mound gave but three hits, while the Christians found Benninghoff for five bingles, combining their hits in the second, fourth and fifth frame to snatch the victory. Croton scored their lone tally in the first inning and were held scoreless thereafter.

Both teams played good ball in the field with not a sign of an error. O. West had the only extra base blow of the game.

Tunney Trains Hard For Bout With Dempsey

Challenger Has Determined Look As He Goes About Conditioning

TUNNEY CLEANS UP SPARRING PARTNERS

By RAY CAMPBELL
International News Service Staff Correspondent

STROUDSBURG, Pa., Sept. 8.—Placidity has gone from the face of Gene Tunney. This handsome pugilist philosopher who is usually so calm, so lacking in any expression save one of peace as he goes about the boxing that is preparing him for his attempt to defeat Jack Dempsey, snarls a bit now as he performs his task. He wrinkles his forehead, draws down his brows, and sniffs and curls his upper lip up over his teeth and gums as he walks into his sparring mates, both hands blazing away.

Tunney is in excellent physical condition now so he is seeking nothing but sharpness in his boxing, speed of hand and foot and an especially potent punch. He is going after these things in a business-like and vicious manner. He can get them only by punching his partners, so punch them he does. He still carefully refrains from knocking them over but he doesn't worry much about hurting them.

Gene jabbed Billy Vidabeck with all the power in his brawny arms and shoulders yesterday. He hooked him with left hands to the body and crossed damaging rights to the Jersey City boy's jaw.

Harold Mays had no easy job either. Harold is especially valuable to Tunney because he hooks a left hand in a manner not unlike the Dempsey delivery. Mays swung many a left at Tunney yesterday but Gene either moved out of the way of the punches or flashed terrific straight rights to the jaw inside the hooks.

How pleasant the world would remain if people could keep on feeling as they do just after a war.

While 23 convicts escaped at Ionia, Mich., they shouldn't have much trouble in getting some more from Detroit.

If thou desire to be held wise, be so wise as to hold thy tongue.—Quaries.

Dempsey And Wills Match At Tia Juana Mexico Is Planned

Wills Holds Out For $300,000 As Challenger's Share In Gate Receipts

Dempsey Must First Dispose Of Gene Tunney Before Thinking Of Wills

BY DAVIS J. WALSH
Sports Editor Internat'l News Service

ATLANTIC CITY, Sept. 8.—Jack Dempsey will meet Harry Wills in the long awaited battle of the ages at Tia Juana within a matter of months, according to a story which broke within the champion's training camp today. There are only two factors that stand between the two greatest heavyweights of the modern era. They are the signature of Wills to a Dempsey contract and the possibility, however, vague, that the champion might muff his chance against Gene Tunney on the night of September 23.

According to Gene Normille, manager or what-not, of the heavyweight champion, the second possibility has a stronger chance than the first. Normille says that Wills has set a prohibitive price on his head, so to speak.

"He wants $300,000 as I understand it", the champion's manager declared. "That's entirely too much for any challenger. We are fair enough, when it comes to that, but if Wills really wants nothing but a shot at the title, as he has been claiming, he will sign up for whatever he can get. Every challenger has done that since time immemorial.

"We are willing to give Wills a better price than any challenger has received to date. Dempsey took his almost for nothing because he felt he could win and earn his money afterward.

"If Wills is sincere he will feel the same way. If not, we can only assume that he is after the loser's end."

Normille talked only after some persuasive conversation from the writer. He intimated that he preferred to await the arrival of James Coffroth from the West before committing himself either one way or the other. Coffroth was the Tex Rickard of his day ,which was the day of the old championship battles in California. Incidentally, it might be mentioned that Normille is one of Coffroth's very bright young men.

Therefore, if Normille says that Dempsey is willing, one might very well judge that not only the champion, but the promoter, is amenable to the proposition. The only thing missing is the challenger and, if all he wants is a fight with the champion that fight is here.

"Nocks" To Play Wampum Tonight

The Neshannocks and Wampum will battle tonight at 6 o'clock in a Lawrence County League game, at Coaltown.

The game to be played tonight is a regular league attraction which was moved up from this coming Saturday, due to the fact that Ellwood City and New Castle will start their championship series on that date, and it was believed that the game in Coaltown would interfere with the series game.

Can anybody remember any considerable period of time during which Europe didn't think ill of us?

Davis Cup Defenders — By Feg Murray

The quest of the Davis Cup will be in full force again tomorrow when the 1926 challenge round begins on the courts of the Germantown Cricket Club at Mannheim, near Philadelphia. Sir Galahad's quest of the Holy Grail pales into insignificance when you think that this year the Davis Cup, which was first presented for international lawn tennis competition by Dwight F. Davis in 1900, was sought after by twenty-five nations!

Uncle Sam lost the historic trophy, it will be remembered, to England in 1903 and won it back from the same nation ten years later, only to have Australia take it away the following year. So in December, 1920, the two Bills (Tilden and Johnston) got busy and went to far-off New Zealand and brought back the beautiful silver bowl to America where it has remained ever since, the efforts of Japan, Australia, and France to the contrary notwithstanding.

What would we do without "Big and Litle Bill"? These two conquering Williams have been the backbone of this country's Davis Cup teams for six successive years, and should be so again this year.

An analysis of the matches played by Tilden and Johnston in the period 1920-1925 Shows that in spite of the fact that Tilden has had some very close calls while Johnston has polished off his opponents with comparative ease, Big Mill has won fifteen singles matches out of fifteen played, while Little Bill has won twelve out of thirteen. Johnston, however, has won .808 per cent of his sets and .624 per cent of his games, while Tilden's set and game averages are .775 and .600, respectively.

The only Davis Cup matches lost by the United States since the war were the defeat handed to Tilden and Richards in 1922 by the Australians, Patterson and Wood, and J. O. Anderson's victory over Johnston in 1923.

Feg Murray Says —

Speaking of a paradox in sports, here's a good pair; Dr. Paul Crouch, the archer, and Dr. Alexander, the pro football player.

HERE AND THERE IN SPORTS' LAND

By ED. FRITZ

Jack Kastner, boxing scribe, Dispatch-Herald, Erie, raves over Kid Cangie. He claims he is one of the best punchers in the juniof lightweight division. He is right. Further, Jack says that Cangie some day may be champion. New Castle hopes so. However, Kastner takes time to point out something the writer always has warned and that is: Cangie must perfect better defense, else a good, smart clever boxer will cause him greater trouble than he anticipates. Cangie depends on his offensive to win and so far his aggressiveness and "sock" have done this.

Yesterday we talked to the Kid about this. Here's the way he doped "that" out before he stepped against Frankie Garcia. "I formed the opinion that he was very clever. I made up my mind to drop upon him immediately and kill that off. We squared off, as though to box. I outguessed him and beat him to the punch. My left landed on the 'button.' That took the cleverness away from him. It landed right and I came through." Cangie pulled a good one. But what if Garcia had been too clever and slipped the punch? He would have had to start all over. As the old "vodeville bug" wags: It's a good trick if it works.

The fans do not understand this lad Cangie. Away down in his heart he is a good kid. He likes everybody and wants everybody to like him. "I'm not a mean fellow. I don't walk around with a chip on my shoulder. All I want to do is to get plenty of ring fights and earn lots of money. If the fans will come to see me fight, they will see a fight. Someone is going to drop. It may be him. It may be myself, but there will be a fight." That's Cangie. A good kid, and one who hopes to make good.

Ray Campbell, writing for the Cleveland News from Atlantic City where Jack Dempsey is prepping for his encounter with Gene Tunney, points out that most of the friends who loafed and lolled with Dempsey when he trained to smash the French idol, George Carpentier, are on bad terms with him or have stayed away from his camp. Ray says that the "big boy Dempsey is no more." There is no fun or laughter like there was. This may mean a lot and it may not. Writs and other court proceedings, his break with Kearns and his age may have chased his smile but anytime anyone says that his "killer instinct" has deserted him mark it down as the "Papa-Daddy."

Some of the wisemen of the east have already picked Tunney to win. They should have a care. September 23, is far away. The fighters are not yet in condition. They are two weeks from edge. Tunney has turned in one or two good feats, which were victories attained within the last year. He failed to "stop" Johnny Risko. Dempsey has been idle and his timing will suffer. Living a life of ease may also affect him but as yet it is a wee bit early for the writer to haphazard a choice but if we were pinned down on our back, choked and the man on our chest yelled "who'll win", our first guess would be "Dempsey", if for no other reason than to follow the rule of the ring which says: "Bet on the man who is champion."

Saturday, a baseball series will start between New Castle, cellar champions of the O. & P. circuit and Ellwood City, upstairs champions of the Lawrence county loop. The result will be the answer to "Is the best team in the Lawrence County League as good as the poorest team in the O. & P. loop?" This will be seen after the best out of five games are played. Ellwood has played consistent ball while New Castle has played good ball, in spots only. Weakened by lack of good pitching and infielders, the team struck a slump out of which it never emerged until recently when New Castle turned in a brace of wins. The New Castle club has one of the finest baseball yards in minor league company and it is regretted that they did not finish higher in the league but its too late to cry about now. The season is about over but the coming series should be exciting.

Order Berlenbach To Box Loughran

NEW YORK, Sept. 8.—Paul Berlenbach, former world's light heavyweight champion, has been ordered by the New York state athletic commission to go through with a contract to fight Tommy Loughran of Philadelphia at Ebbetts field.

The commission so ruled after Promoter Humbert Fugazy complained of the refusal of Berlenbach to keep his contract. The show originally was set for September 11, but Fugazy said he would attempt to hold the bout at a later date.

Berlenbach originally pleaded illness as a reason for withdrawing from the Loughran match, but it developed later that differences with his manager, Dan Hickey were chiefly responsible.

K. O. Phil Kaplan of New York, middleweight aspirant, filed a challenge with the commission for a title bout with Tiger Flowers, the champion, and offered to place $2,500 as evidence of good faith. The commission refused the money but placed his challenge on record.

Hope, like the sun as we journey towards it, casts the shadow of our burdens behind us. — Smiles.

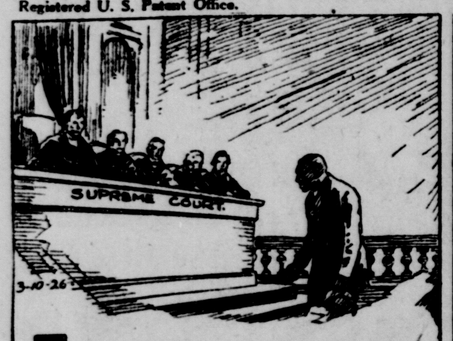
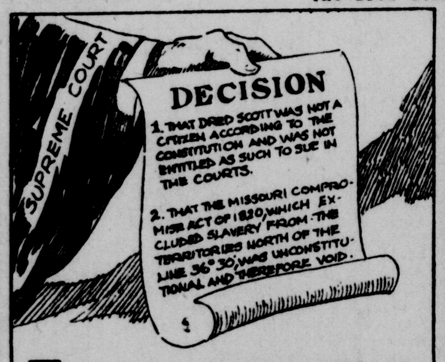
The Dred Scott Decision—1857.

by J. CARROLL MANSFIELD

© McClure Newspaper Syndicate



AFTER HIS CLAIM FOR FREEDOM HAD BEEN DENIED BY THE STATE AND FEDERAL COURTS IN MISSOURI, DRED SCOTT, NEGRO SLAVE, CARRIED HIS CASE BY APPEAL TO THE SUPREME COURT OF THE UNITED STATES. THE QUESTION BEFORE THE COURT WAS WHETHER THE FEDERAL COURTS HAD JURISDICTION IN THE CASE.



ON MARCH 6, 1857, THE SUPREME COURT DECIDED IN THE NEGATIVE, BASING ITS DECISION ON THE GROUND THAT SCOTT, A SLAVE, WAS NOT A CITIZEN ACCORDING TO THE CONSTITUTION, AND THAT TEMPORARY RESIDENCE IN FREE TERRITORY HAD NOT FREED HIM.

CHIEF JUSTICE ROGER TANEY, VOICING THE OPINION OF THE MAJORITY OF THE JUSTICES, DECLARED THAT THE CONSTITUTION, AT THE TIME OF ITS ADOPTION, RESPECTED THE RIGHTS OF WHITE MEN ONLY; THAT A SLAVE WAS A PIECE OF PROPERTY THAT COULD BE TAKEN BY HIS MASTER FROM ONE PART OF THE UNION TO ANOTHER, AND THAT, AS CONGRESS COULD NOT LEGISLATE AGAINST PROPERTY, THE MISSOURI COMPROMISE ACT WAS UNCONSTITUTIONAL.

THE NEWS OF THE DRED SCOTT DECISION CAUSED CONSTERNATION IN THE NORTH AND MUCH REJOICING IN THE SOUTH. IT INCREASED THE HOSTILE FEELING BETWEEN THESE OPPOSING SECTIONS AND HASTENED THE CRISIS OF DISUNION.

TOMORROW—EFFECTS OF THE DRED SCOTT DECISION.

Toledo Police Await Data On Alleged "Clubber"

(International News Service)

TOLEDO, Sept. 8.—Toledo police officials today said they had not received from St. Louis police fingerprints and a description of John Sexton, 28, held there in connection with assaults upon St. Louis women.

They declared, however, that a thorough investigation would be made in an effort to connect Sexton with a series of murders and outrages upon women in Toledo by a "clubber," who terrorized the city for a period of a year.

N. Y. STOCKS

(International News Service)

NEW YORK, Sept. 8.—Some unsettlement was caused in the early trading today by the stock exchange's monthly report on broker's loans, showing an increase of $144,000,000 during August, in addition to which the reserve board reported an increase of $27,000,000 for the week ended September first. Both the industrial and railroad stocks were offered at lower prices, though the losses in the railroad shares were mostly fractional.

Another record-smashing week in feight car loadings was reported by the American Railway association as of August 28, when loadings pushed through all previous records to reach the total of 1,136,233 cars.

Call loan renewals were posted at 5 per cent. Passing of the Jordan Motor car dividend in Cleveland was followed by heavy selling of that stock, with a 2 point decline in price.

Stocks of the copper and steel companies were uniformly strong and active under the lead of American Smelting and U. S. Steel

Comrade Joe Will Attend Convention

Joseph Trax of West Washington street and his famous cannon will be on deck at the national G. A. R. encampment to be held at Des Moines, Ia., September 19-25.

Comrade Joe is going in spite of the fact that he has been considerably under the weather in the past few months and is no longer able to undergo the strain and hardships of past years. He has just received from the commander of the Maryland division of the G. A. R. the necessary credentials permitting him to attend at the reduced rates provided for all veterans and delegates to the convention. He will join the Maryland division headquarters staff in Chicago and be with them at the convention.

ATTENDS CONVENTION OF DANCING MASTERS

Miss Elsie Jayne Fairgrieve has returned from a trip to New York, Atlantic City and Philadelphia. While in New York city she attended the national convention of Dancing Masters which was held at the Waldorf-Astoria hotel.

Former Students Of Fairview School Meet In Reunion

About Two Hundred Pupils And Teachers Assemble At School Grounds

About two hundred former students and teachers of the Fairview school were present Labor Day for the reunion held on the school ground.

Although the weather was very disagreeable it failed to daunt the spirit and enthusiasm of the former boys and girls of the school that assembled on this happy occasion. Familiar faces were present from points west of Chicago and nearby places.

An elaborate menu was served at noon at the Wallace homestead. The invocation was given by Thomas Matthews. At the conclusion of the dinner the former pupils went to the school house where a pleasing program had been prepared. J. H. Bashline, presided. Musical selections given by the North Beaver Grange orchestra were much enjoyed. The oldest pupil present was Mrs. John Winter. Mrs. Robert Wallace, aged almost ninety years, was the oldest guest present.

It was decided to make the reunion a yearly occasion. The following officers were elected to be in charge for next year: President, H. G. Gibson; vice presidents, Dick Kissinger, Charley Irwin, Mrs. John Brewster, Ed. Lamm, Katherine Gibson; secretary, Mrs. Clark McCombs; treasurer, Stella Hoye; historian, Mrs. Wylie Wallace; finance, Anna Wallace; program, Mrs. Ross Abbett; Menu, Mrs. Julia Byler; table, Mrs. Will Robinson; advertising, William McCombs; grounds, Wayne Lamm.

Seek Clues In Murder Mystery Near Sunbury, Pa.

(International News Service)

SUNBURY, Pa., Sept. 8.—Striving to solve the mysterious murder of Daniel Ferster, 26, farmer, of Rebuck, near here, county authorities today were working on clues of possible enemies which Ferster may have had.

Ferster's body, with head nearly severed, was discovered Monday, after a two day search, lying in a clump of bushes a quarter of a mile from his home. County Coroner J. K. Fisher investigated the tragedy and pronounced it murder.

Bloodstains on a tree near the body led officials to believe that the victim had been pushed against the tree and a heavy sharp instrument used to cut his throat.

The man had left his home Saturday to train two dogs in the woods.

Wins $5,000 At Horseshoe Game

(International News Service)

CHICAGO, Sept. 8.—"Five grand they can", said William Hale "Big Bill" Thompson, former mayor of Chicago.

"Five grand they can't", said Carter Blatchford, prominent local sportsman.

But they did! That's why "Big Bill" is $5,000 to the good today.

The wager was made on the ancient and honorable game of horseshoes. Thompson bet Blatchford that Hansford Jackson and his brother, Carroll, champions of Cook county, could throw 50 ringers in a 50-point game.

The contest was held last night at Rainbow Gardens. The Jacksons threw 54 ringers and won the game, 54 to 46. Fifteen hundred fans watched the match.

Graham Withdraws From Congress Race

(International News Service)

HARRISBURG, Pa., Sept. 8.—Senator Plymouth W. Snider, Blair county dry leader, today withdrew as the prohibition candidate in the 30th senatorial district. He was defeated in the May primaries for the Republican nomination.

Louis E. Graham, Beaver, a deputy attorney general in charge of prohibition enforcement in the present administration, also withdrew as the prohibition candidate for congress from the 26th district. He, too, was defeated in the Republican primaries.

James W. Doncaster, Rochester, withdrew as the Socialist candidate for the house in the First Beaver county district.

DeRivera May Be Replaced

(International News Service)

HENDAYE, Franco-Spanish Border, Sept. 8.—The recent revolt of the Spanish artillery officers was abandoned because King Alfonso promised the leaders of the revolt that he would attempt to persuade General De Rivera to resign, according to reports reaching here from reliable sources in Spain.

The King, it is reported, promised to place General Berenguer at the head of the government.

Here And There Over The State

GETTYSBURG—The school enrollment in Gettysburg has reached 1,013, thus establishing a record. Never before has the city enrollment gone above the 1,000 mark.

YORK SPRINGS—The prompt action of her husband in sucking the poison from a snake bite wound probably saved the life of Mrs. Marie Shank Brown, living near here. While walking through an orchard Mrs. Brown was bitten by a copperhead snake on the leg just above the shoe top.

LOCK HAVEN—In addition to posting the narrow bridges in the county, the Lock Haven Motor Club, with 620 members, is planning a series of automobile headlight tests which will be given to all members of the club free.

DU BOIS—The most extensive oil operations ever undertaken by a single concern in the McKean county oil fields has been launched by the Forest Oil Company. The operations will involve the sinking of 124 wells upon the holdings of the company recently acquired from the T. J. Smith interests.

STATE COLLEGE—D. P. Roy Chowdhury of Calcutta, India, who is on his way here to enter the graduate school when it opens September 15, will be the first Hindu to enter classes in the Pennsylvania State College, according to the college officials. The Hindu received his bachelor of science degree from Calcutta University in 1925.

DUBOIS—Twenty-five hundred tons of bark peeled from the hardwood trees of the Central Pennsylvania Lumber company are ready for shipment to the leather tanneries of the state for use in the tanning process. A number of tanneries have their own shipments of bark ready. Railroads are building special racks on flat cars to handle the heavy shipments.

LANCASTER—This city has been gripped with an epidemic of hay fever so great that drug supplies used for treating the disease have been completely exhausted necessitating the placing of rush orders by druggists.

EPHRATA—Experts at the United States and Pennsylvania tobacco experimental station here have announced that chickens are being taught to chew tobacco with the object in view of making such a habit ward off certain diseases. The tobacco is ground and fed to the chickens in mash.

MONONGAHELA—Chewing gum has been withdrawn from sale at the high school cafeteria here. School authorities prohibited the placing of the "jaw exerciser" on sale because of the large number of students who "trained" during class periods last year it was said.

CRAWFORD AVENUE MAN IS MISSING

According to the report made to the police Tuesday, Lewis Morgan, aged 28, of Crawford avenue, has been missing from his home since September 3. Since that time he has neither been heard from or seen and the police have been asked to assist in locating him. He is described as wearing a light suit, tan shoes and straw hat.

MAN REPORTS THAT DOG ATTACKED HIM

A man named Davis and residing at 407 Garfield avenue reported to the police Tuesday that a dog belonging to F. Dute of Chestnut street had bitten him on the leg. The owner of the dog was notified by the police to keep the dog tied up.

Start Trial Of H. M. Daugherty

Government's Case Against Former Attorney General Is Under Way

CHARGE DEFRAUDING OF U. S. GOVERNMENT

By GEORGE LAIT
International News Service Staff Correspondent

NEW YORK, Sept. 8.—United States Attorney Emory R. Buckner today opened the government's case against Harry M. Daugherty, former attorney general, and Thomas W. Miller, former alien property custodian.

The two men, members of the Harding administration, are charged with "defrauding the government of their unprejudiced and unbiased services" through the return of $7,000,000 in assets to the American Metals company, a German owned concern, for a consideration of $441,000 in cash and Liberty bonds.

Buckner Explains Case.

As the federal jury, chosen yesterday, seated themselves in the box Buckner approached a blackboard, chalk in hand, and started to explain the case.

His first step was to write down the various foreign names which will appear frequently during the trial. He then explained that "the declaration of war by the United States against Germany, April 6, 1917, is an important event in this case," as it was after that date that the "trading with the enemy" act was passed.

Through this act, Col. Miller was appointed by President Harding as alien property custodian. His job was to seize and hold any property in the United States owned by enemy aliens, and to act as its trustee until it should be disposed of by congress.

The act also provided that should any seizure be made by mistake, the president then had the power to return the property to its owner. This power the president transferred to Daugherty.

Donahey Issues Coal Ultimatum

(International News Service)

COLUMBUS, O., Sept. 8. — Visualizing "virtual starvation of the unfortunate miners and their families during the cold months which confront us," and pointing out that work or extensive alms must be given coal miners now idle, Governor Vic Donahey today issued a proclamation asking Ohio coal users to "buy Ohio coal now."

AUTOMOBILE STOLEN FROM PEARSON STREET

John Sorger, 371 East Washington street, according to the report made to the police yesterday, had his Chevrolet touring car, 1923 model, Pennsylvania license 867-418 stolen between 10 a. m. and 6 p. m. on Monday from the rear of 223 Pearson street.

Dempsey says his nose is 25 per cent stronger, but maybe he said it near the stockyards.

SUICIDE FAILS MAN IS JAILED

(International News Service)

UNIONTOWN, Pa., Sept. 8.—The noose and the revolver each having failed Samuel Sidebottom, 24, of Pittsburgh, when he attempted suicide at Cool Spring, near here, Sidebottom was lodged in Fayette county jail here today.

A revolver bullet which he was believed to have aimed at his temple after driving Mrs. Mary Sidebottom, his mother, and Mrs. Mary Kennedy, his sister, from their home, failed to take effect, and when the two women returned with police after hearing the shot, they found Sidebottom dangling from a chandelier by a leather strap fastened about his neck.

Sidebottom was cut down and rushed to Uniontown hospital where he was revived.

He was lodged in jail on charges of carrying concealed weapons.

Pupils Enrol In Numerous Schools

Jackson Center Pupils To Attend Various High Schools—Other News Notes

(Special To The News)

JACKSON CENTER, Sept. 8.—The large throng of students of Jackson Center and community will return to their studies this week in the various educational institutions of the county and state. The pupils and schools which they will attend are as follows: Miss Elizabeth Pizer and Miss Margaret McBride, to New Castle Business College. Miss Hazel Elfred, to Sharon Commercial School. Miss Ruth Rawson and Harold Haywood, to Sandy Lake High School. Miss Twila Robson and Frances Brazel, to Slippery Rock State Normal. Mercer High School will receive the largest number. They are: Twila and Thelman Brazel, Misses Florence, Della and Wallace Moon, Ethel Robson, Helen Hughes, Katherine McCarl, Mary Infield, Georgena and Allen Jones, Margarette Moore, Esther Infield, Norman Pearson, Eunice McMillan, Virginia and Harry Black, Evelyn Wiand, Eva Wilting, Mary Janes, Norris Burdette, Helen Wilson, Hazel Amos, Sarah West, Lavenia Elder, James Barnes, Naida Aspbery, George Hines and Ethel Bestwick. Judging from the above number of pupils it would seem and is true that Jackson Center should have a High School of its own.

GOES TO COLORADO SPRINGS

Foster Moore who has been in poor health for almost a year, started for Colorado Springs, Colorado, for his health on Monday. He was accompanied by his father, sister and cousin. They will go in an auto. The distance is about 1700 miles and they are planning to spend about two weeks on the journey. Mr. Moore has two uncles who own large ranches in Colorado.

PARTY

A pleasant surprise party was tended Emmett Evans on Monday evening by his Sunday School Class. He left on Tuesday for Cleveland, O., where he will attend Shaw High School in East Cleveland. He will stay at his sister's Mrs. Robert Watkins. Those present were: Jimmy and Lenard McConnell, Earnest and Clifford Amos, Arthur Whitehouse, Carl Pitzer, and their teacher Mrs. John Wilson.

AT CAMP

Allen Moon who is a student of Allegheny College, at Meadville, Pa., is attending football training camp of that college at the Y. M. S. A. grounds near Erie, Allen was a substitute in his freshman year and will no doubt be on the varsity team this year.

CHURCH MEETINGS

Church services at the Presbyterian church will be held during the fall and winter as follows: Sunday schol at 10 a. m. Preaching at 11 a. m. Young People's meeting at 7 p. m., and evening preaching at 7:30 p. m.

The Young People's Council of District No. 3 will meet at Millbrook, this Friday evening, September 10th at eight o'clock. All the young people of the church are invited and urged to be present, as plans are being made to hold the October meeting here in Jackson Center.

The Community teachers training school will meet in Millbrook on Monday night September 13th, at 7:30 p. m. Rev. S. C. Elder will be one of the teachers. His subject will be the making and meaning of the New Testament. A large class of young people have already signified their desire to take up this course of study.

JACKSON CENTER NOTES

Fulton Elder who is a teacher and coach of athletics at Duquesne High School, Duquesne, Pa., after spending his summer vacation with his brother on the farm returned to Duquesne on Monday, September 6, to resume his work.

Y. W. C. A. Tennis Tournament Will Start Tonight

The fall tennis tournament of the Y. W. C. A. opens tonight with a good strong match scheduled between Martha Smith and Kathryn Newbury. Although these girls have never played in opposition before the expectation is prevalent that some thrilling plays will be witnessed tonight. The tourney opens at 5 o'clock on the Carnegie playground on South Jefferson street. Everybody is welcome.

The match Wednesday night will be played between Mrs. Aileen Stone and Miss Rubie Niemt.
